Terrific Fight Ended in Defeat for Russian Army.

ARE LOSING NO TIME

Mikado's Men at Once, With Many Siege Guns, Began to Assail the Heights.

ANOTHER VICTORY AT FATUNG

[Special Cable to The Gazette.]

TOKYO, May 27.—The Japanese army operating on the Liao-Tung peninsula captured Kinchau yesterday and are now storming the heights and advancing on Port Arthur. The troops are reinforced by heavy artillery.

The Jananese attacked Nan-Qwan-Ling, on the narrowest part of the Kwan-Tung peninsula, Wednesday, and drove back the Russians by main force.

The attack on Kinchau was begun at dawn yesterday, and by noon Kinchau was in the hands of the Japanese, who occupied the castle. The fighting continued during the afternoon and was of the most desperate character. It is believed the casualties were heavy.

After the occupation of Kinchau the Russians retired in good order to the heights further south, in the direction of Port Arthur, which were attacked by the full Japanese force and carried after a stubborn resistance.

That the Japanese forces on the peninsula have been using every endeavor to make complete preparations before beginning the attack on Port Arthur, is indicated by the fact that they have already constructed 30 miles of railroad for the transportation of siege guns to the vicinity of the fortress, the railroad running to within 10 miles of Dalny.

Battle at Tatung.

London, May 27.—The Shang-Hai-Kwan correspondent of the Daily Chronicle sends a report received from Niuchwang that, on May 23, thinking that the Japanese had retired from Fung-Wang-Cheng, 15,000 Russians from Hai-Cheng and Liao-Yang marched towards Fung-Wang-Cheng.

Paris, May 27.—The St. Petersburg correspondent of the Petit Parisien telegraphs that, according to a private dispatch from Liao-Yang, Gen. Kuroki's army has begun an attack on the Russian position on the Liao-Yang road, and that it is believed that what will prove to be a decisive battle is progressing.

St. Petersburg, May 26.—The general staff is not in a position tonight to confirm or deny the Tokyo report that the Japanese have occupied Kinchau. The latest official information regarding fighting in that vicinity was conveyed in Gen. Kuropatkin's telegram, which said that the Japanese had lost 700 on May 18. This agrees with information contained in the dispatches of May 25.

It would be a great surprise to the authorities here if the report of the capture of Kinchau should prove to be true. The impression heretofore entertained is that Kinchau would prove a hard nut for the Japanese to crack and that its reduction would need a siege train and call for careful approaches which would occupy the enemy for a long time.

Siege Guns Unsuspected.

The opinion of the best authorities is that if the Japanese rushed Kinchau by a frontal attack, unsupported by heavy guns, which it is not believed they possess, the capture of the place must have been effected at a tremendous loss to the attackers.

The following dispach from Viceroy Alexieff, dated May 26, has been received by the emperor:

"Reports from Rear Admirals Wittsoeft and Grigorovitch today state that the enemy bombarded from In-Gen-Tsi bay (on the west coast of the Kwang-Tung peninsula, about 13 miles north of Port Arthur) with gunboats. (The viceroy's dispatch does not give the date of the bombardment.)

"On the following night the Japanese attempted to block the roadstead of Port Arthur with mines, and from shore observations it is believed that some steam launches and two torpedo boats were sunk.

"Between May 18 and May 22 the Russians cleared 11 of the enemy's mines from the roadstead. The boats of the merchant steamer Amur with a dredger and a steam launch have been brought to Port Arthur from Dalny."

Fortifying Fung-Wang-Cheng.

The general staff has also received the following telegram, dated May 25, from Gen. Kuropatkin:

"There is no change in the general situation in the Fung-Wang-Cheng district. Our cavalry report that the Japanese are constructing fortifications around Fung-ang-Cheng, where they have a force of 30,000 infantry and 2,000 cavalry with 36 field guns.

"The Japanese advance guard has advanced to 22 miles north of the Ai river, their front being turned toward Saimatse and Kuan-Tian-Sian. They are effecting no other movements north of Ai river.

"On May 23 our scouts near Pitzewo and in the Kwang-Tung peninsula ascertained that Japanese outposts occupied the heights two miles south of the station of Wafandien. Three miles in their rear were two squardons of cavalry of the line. Two and a half companies of the Twelfth infantry protected both flanks by infantry screens of 40 men each. Further southward infantry and cavalry were disposed among the villages bordering on the railway.

"About Polandien 3,000 troops of all arms and five guns are concentrated. In the neighborhood of Pitzewo and further

KOREANS THREATEN

Will Cut Lines of Communications If Czar's Officers Are Not Removed.

MUSCOVITES RAVAGE FARMS

[Special Cable to The Gazette.]
(Copyright, 1904, by New York Herald Co.)

Maing San, via Seoul, May 26, 1:20 a. m.—A runner from the north reports that Koreans threaten the destruction of the Russian line of communication at Ta-Cheng (Tan-Chou) if the officers occupying the telegraph offices are not removed.

He says further that the Russians are treating the townspeople with great cruelty. The telegraph service between Ham-Heung and Wonson has been interrupted by Russian scouts.

The main Russian force is at Kiju and Kapsan, near the northeast coast, but the country even to the south of Wonson is dotted with Cossack scouts.

The Russians who were reported at a British mining concession at Unsan, near the west coast, in the middle of May, have arrived at Kapsan.

Regular steamship service has been suspended since the sinking of Japanese steamers on this coast. Schooners arriving report no warships seen along the coast.

It is rumored from the Tumen district that the Russians are seizing cattle and driving them across the border towards Vladivostok, where supplies are greatly needed.

The Korean general, Kim, proceeds north today to replace the former commandant of Ham-Heung.

MRS. H. LEROY JONES FOUND IN NEW YORK

Missing Woman Had Accepted Place as Governess—Her Mind Clouded.

[By Private Wire to The Gazette.]

NEW YORK, May 26.—Mrs. H. Leroy Jones, who mysteriously disappeared 10 days ago, was found today in a lodging house less than a mile from her home, in West Twelfth street. She was taken home by her husband and there was an affecting scene when she clasped her 5-year-old boy, Leroy, in her arms.

Robert L. Cutting, who has conducted the search and who aided in inducing Mrs. Jones to return, said tonight that her mind was clouded, and she did not realize the alarm and anxiety she had caused her relatives and friends by going away.

Mrs. Jones had pawned her jewelry and spent the $8 in money which she had with her when she eluded her husband and Mr. Cutting at the Morris park race track Monday of last week. She had sought employment, and had even accepted a position as governess, but had not yet begun to earn her own way in the world. ALEXANDER DODDS.

GOLD SHIPMENTS FOR CANAL PAYMENT ENDED

Last of $18,000,000 in Yellow Coin Sent Across by Morgan and Co. Has Gone.

[Special Telegram to The Gazette.]

NEW YORK, May 26.—The transfer of gold from this port for the payment of the $40,000,000 purchase money to the Panama Canal Company in Paris has been completed. This announcement was made here today by J. P. Morgan & Co., who handled the payments for the United States government.

J. P. Morgan & Co. shipped about $18,000,000 gold in connection with the payment. At the office of the firm it was said today that no part of the other gold exported since the early part of April, amounting to more than $40,000,000, was for this account. More than half the amount of the canal purchase money was in the form of exchange on Paris purchased by Morgan & Co. in the principal continental cities.

BRYAN OBDURATE.

Declares There Can Be No Compromise Between Democratic Factions.

DALLAS, TEXAS, May 26.—In an interview given aboard the train between Parsons, Kan., and Denison, Texas, William J. Bryan said there is no middle ground on which the opposing factions of the Democratic party will compromise. He emphasized the statement: "They cannot go together," saying:

"You might as well start two men out from the same point in opposite directions and expect them to go together."

Asked as to whether he would abide by the result at St. Louis, he said:

"Things have not developed far enough to tell. No one can answer such a question intelligently until a platform and a candidate are known."

He also criticised Judge Parker's silence.

Missouri Republicans for Roosevelt.

JEFFERSON CITY, MO., May 26.—R. D. Harvey of Eldon was nominated for congress by the Republicans of the Eighth congressional district today. H. E. Baker of Versailles and C. Rosch of Camden were selected as delegates to the national convention and instructed to vote for President Roosevelt.

Mobile Presbyterians Favor Union.

MOBILE, ALA., May 26.—The general assembly of the Presbyterian Church of the United States today adopted the report of a committee favoring closer relations with other Presbyterian bodies.

J. DONALD CAMERON WILL VISIT MR. QUAY TODAY

Former United States Senator Will Call Upon His Old Friend at Beaver.

[Special Telegram to The Gazette.]

BEAVER, PA., May 26.—J. Donald Cameron, former United States senator from Pennsylvania, will be here tomorrow to visit his friend, Senator M. S. Quay. Col. Quay is looking forward with pleasure to the coming of his friend.

Senator Cameron arrived in Sewickley to night from his summer home in Lancaster county. He is spending the night with Richard R. Quay and will come here in the morning. Senator Cameron will be the first visitor that Mr. Quay has received for several days.

Senator Quay's condition remains unchanged today. When asked this morning about his health, he said he was feeling as well as usual. He was then sitting in the library. In the afternoon he returned to his bed. Dr. J. H. Wilson stated today that there was absolutely no change in his condition. He said Senator Quay's nerves are in good shape and no relapse is feared.

CAN BUY STEEL PRODUCTS CHEAPER IN UNITED STATES

Chinese Commissioner Says His Country Can Purchase Lower Than Manufacture.

[By Private Wire to The Gazette.]

NEW YORK, May 26.—V. K. Lee, who, with T. Zee and C. Zee, forms the Chinese commission investigating structural steel manufacturing in this country, and, among others, inspected the Carnegie plants in Pittsburgh, said today that there is a plant in China for the manufacture of structural steel and steel rails. He further said:

"As yet we cannot produce steel as cheaply as we can buy in this country. We have only the one plant, and that is run by the government. There is no competition, and we have no such facilities as you have in this country. The idea is to extend our plant. It remains to be seen if we can manufacture as cheaply as we can buy."

DOMINICAN REBELS ARE VICTORS IN A BATTLE

Gen. Cabrera, Minister of War Is Among the Government's Killed.

[Associated Press Cable to The Gazette.]

CAPE HAITIEN, May 26.—A battle was fought today between the Dominican troops and the revolutionists at Esheranza, on the road from Monte Cristi to Santiago, near Mao. The revolutionists were victorious. Many were killed or wounded on both sides.

General Raous Cabrera, minister of war, who commanded the government troops, was killed. The revolutionists are before Navarette, where another battle will be fought. The government troops are waiting for reinforcements. The United States cruiser Detroit and the gunboat Newport are off Monte Cristi.

Sues Elkins for $1,276,864.

PHILADELPHIA, May 26.—Henry Tatnall, as receiver for the Asphalt Company of America, entered suit in the United States circuit court today against George W. Elkins, son of the late William L. Elkins, to recover $1,276,864. The receiver alleges that this sum has been irregularly retained by Mr. Elkins in organizing the Asphalt Company of America.

Foraker Confers With President.

WASHINGTON, May 26.—Senator Foraker and Assistant Secretary Loomis of the state department were in conference with the president for a long time at the White House tonight. The trio discussed politics, the late Ohio convention and the platform to be adopted by the national Republican convention.

LOVING THOUGHT THAT JONES MIGHT BE DEAD

Damaging Piece of Evidence Is Brought Out Against Prisoner.

[Special Telegram to The Gazette.]

WAYNESBURG, PA., May 26.—At the trial of Lellwood and Thomas Loving and Mrs. Bella Jones today, charged with the murder of the latter's husband, Alexander Jones, Drs. J. A. Knox and S. F. Hoge, who held the post-mortem examination, testified there was no blood upon the outside clothing found on Jones' body. Other witnesses corroborated them, indicating that it had been changed.

Olive Brown saw Lellwood Loving standing near the house with a single-barreled shotgun as Jones was leaving, on the day he was murdered. Samuel Brown testified to seeing Loving with the gun, going in the same direction Jones had taken a few minutes later.

Mrs. Wellington testified that Thomas Loving came to her home at 8 o'clock on the evening Jones disappeared and wanted her son to go with him to look for Jones, so that "if they found him dead he could swear they did not kill him." Miss Sadie Armstrong, bookkeeper at the Dilworth Coal Company store, testified that on the day of the murder, at noon, Alexander Jones came in the store and ordered a new stove, and the following morning Mrs. Jones countermanded the order, saying "her husband had gone hunting Friday and had not returned, and she was afraid he was dead."

Court closed with ex-Sheriff Scott on the stand, the defense offering objections to admitting as evidence a confession made to him by Mrs. Jones.

THIEVES BIND FAMILY AND RANSACK HOUSE

They Pound Man Into Insensibility and Escape in His Carriage.

[Special Telegram to The Gazette.]

NEW CASTLE, PA., May 26.—A daring robbery was committed late at night at the home of James Elliott, near the Lawrence county line, a short distance from Jacksville, Butler county. Three men, their features hidden by masks, entered the Elliott home, where Elliott and his three sisters were asleep. The women were bound and gagged. Elliott resisted the highwaymen, but after a fight he was overcome, and he, too, was tied hand and foot, after he had been beaten into unconsciousness.

The thieves ransacked the house at their leisure. They took $30 in cash and three watches. They then took a horse from its stall in the barn, harnessed it and drove away in one of Elliott's carriages.

The four persons in the house were helpless until morning, when their plight was discovered by neighbors. Officers were notified of the outrage and a watch is being kept for the trio.

MONT PELEE AGAIN ACTIVE.

Observes Disaster Anniversary. Disturbing Signs on Island of Dominica.

NEW HAVEN, CONN., May 26.—(Special.)—According to a letter written by a young girl resident in the Russian island of Dominica, to a friend here, the volcano Mont Pelee in Martinique, on May 8 last, by siguiar coincidence observed the anniversary of the catastrophe May 8, 1902, when 30,000 lives were lost and the city of St. Pierre destroyed, by again bursting into active eruption. No mention is made of any loss of life. At the same time there was some slight volcanic disturbance at Guadaloupe island and the boiling lake in a crater at Dominica was unusually agitated.

It was recalled here that the disturbance of crater lakes and slight eruptions for several days before the tremendous outburst on May 8, 1902, were premonitory of that disaster.

NEGRO MURDERER HAS MADE A CONFESSION

Admits Killing Dubois Man and Recites Long List of Crimes.

[Special Telegram to The Gazette.]

CLEARFIELD, PA., May 26.—The negro, "Black Spot," convicted of murder and a prisoner in the jail here, has made the following confession to Deputy Sheriff Harry M. Carlisle:

"My right name is Henry Fitch. My home is in Nelson county, Virginia. My father's name is Woodson Fitch. I left my home in 1891. I went to West Virginia. The first sin I done I shot a colored man at Red Stair, West Virginia, and was arrested and locked up 21 days and then released for want of evidence. The man I shot died. Was out four days when I shot Gust Liverpool and was locked up in the Fayetteville jail. Was in nine weeks and broke jail along with about 20 others in the fall of 1900. At Coraopolis, Pa., in a fight over crap, I gouged a colored man's eye out with a revolver.

"Went to Dubois, where I shot and killed John Williamson because I thought he had money on him I could get.

"A man named Bos was with me, but he ran away when I fired and I have never seen him since. I tried to get away, but luck was against me. I am ready to die. I have six bullets in me that I got in different fights and have also shot and wounded several men I never said anything about."

The crime for which "Black Spot" was convicted was the murder of Williamson at Dubois on the evening of September 29.

FREIGHT MEN ORDERED OUT ON NEW HAVEN SYSTEM

Two Men Wounded in Fight Between Policemen and Strike Breakers.

[By Private Wire to The Gazette.]

NEW YORK, May 26.—Lawrence J. Curran, president of the Freight Handlers' union, tonight issued orders calling out every freight handler, weigher, clerk and truck loader on the New York, New Haven & Hartford system.

The day's developments showed, however, that the serious aspect of the strike lies in what the marine firemen may do. So far as the freight handlers are concerned, it is generally conceded that their cause is practically hopeless. Their places have been filled in New York by other men and the company stubbornly refuses to take back the men who left them. Should the freight handlers in other cities go out, officials of the company say they will be able to fill their places within a few hours.

In a pistol duel tonight between several policemen and a crowd of Italian strike breakers, who had just come from the East river piers, Detective Sergeant Galvin was shot in the right breast and Giuseppe Marcella of No. 83 Mulberry street was wounded in the left shoulder. Five other men, beside Marcella, were placed under arrest by the police of the Oak street station.

FAMOUS ORGANIST DEAD.

Chevalier Wiegand, Decorated by Belgium's King, Passes Away.

OSWEGO, N. Y., May 26.—Chevalier Auguste Wiegand, the noted Belgian organist and composer, who was organist of St. Paul's Roman Catholic church here, died in the Oswego hospital tonight of appendicitis. He was to have played at the St. Louis exposition Tuesday.

Wiegand was organist of St. Giles' church at Liege, and while in his teens won gold medals throughout Europe for extraordinary musical ability. He was organist to the king of Belgium and was decorated by the king. His five hundredth public recital was at Albert hall, London. The French and Belgian governments decorated Wiegand chevalier three times.

GORMAN'S BAND PROVES DOCILE

The Maryland Leader Has Complete Control of Convention.

OUTLINES PLATFORM

Forecast of the Probable Issues at St. Louis in Statement Adopted.

HARSH WORDS FOR PRESIDENT

[Special Telegram to The Gazette.]

Baltimore, Md., May 26.—Senator Arthur Pue Gorman was in absolute control of the Maryland Democratic convention which finished its labors here today. He was elected a delegate-at-large to the national body at St. Louis and the platform adopted today admittedly embodies the senator's ideas of what the national platform should be.

The delegation to St. Louis was uninstructed, except to vote as a unit, but it is conceded that instructions for Gorman were only prevented by his own insistence.

A significant feature of the convention was a short address by the leader just prior to adjournment, in which he said that he was satisfied with the honors already bestowed upon him and that "no selfish ambition, no local pride, no desire for personal favoritism should hamper us until we have redeemed the country and placed a Democrat in the presidential chair."

Gorman's Platform.

The platform is confined to the national issues and practically indorses the line of action followed by the Democratic steering committee during the late session of congress. It calls for moderate tariff revision, independence for the Filipinos, economy in expenditures and full investigation of all alleged crookedness in the postoffice and other government departments, and severely criticises the present administration.

The Republican senate and house of representatives are excoriated for their "persistent and deliberate refusal to permit an investigation" of alleged frauds in the departments at Washington.

As to the present administration, it declares that President Roosevelt has been guilty of "repeated and unpardonable dictation to both branches of congress." "We denounce him," it continues, "for flagrant encroachments upon the rightful powers and independence of congress, and, while amazed at the subserviency of a Republican senate and a Republican house of representatives to his orders and bold usurpation, we declare his autocratic invasion of their freedom deserves and should receive the indignant rebuke and condemnation of the people."

Bouquets for Leader.

The convention also adopted a resolution commending the "boldness and vigor which our senator, the Hon. Arthur P. Gorman, has signalized his return to his former field of his acknowledged leadership and distinguished public services."

The following delegates to the St. Louis convention were elected: Walter Smith, State Treasurer Murray Vandiver and Congressman J. F. C. Talbot. District delegates: Joshua W. Miles, Richard D. Hynson, Thomas W. Robinson, Frederick Von Kapf, John Hannibal, Frank A. Furst, John J. Mahon, Francis E. Yewell, Dr. George Wells, J. Frank Smith, Col. Buchanan Schley and Arthur Peter.

CARMACK INDORSED.

Tennessee Democrats Choose Delegates and Boom Senator for Second Place.

NASHVILLE, TENN., May 26.—The Democratic state convention reassembled today and the following state officers were nominated by acclamation: Secretary of state, John W. Morton; comptroller, Frank Dibrill; treasurer, Reau E. Folk; railroad commissioner, B. A. Enloe.

The following named were elected delegates-at-large to St. Louis: Senator E. W. Carmack, Newton H. White, Judge John K. Shields and James M. Head. The convention adjourned after indorsing Senator Carmack for the vice presidency.

Swindled Salem (O.) Man.

NEW YORK, May 26.—(Special.)—Charles Lester Murphy, 21 years old, was arrested today near Scotch Plains, N. J., by Postal Inspector William J. Mehary and arraigned before United States Commissioner Whitehead at Newark. He pleaded guilty to using the mails to swindle P. J. Robb of Salem, O., of $75. He was held, in default of $1,000 bail, to the United States grand jury.

TEN MET DEATH IN EXPLOSION

Bursting Boilers On the Fred Wilson Injured Sixteen Others.

ONLY THREE FOUND

Five Pittsburghers and Two Braddock Men Are in the List of Dead.

SHOCK FELT FOR FOUR MILES

[Special Telegram to The Gazette.]

Louisville, Ky., May 26.—Another terrible accident on the Ohio river that brought woe to Pittsburgh homes occurred today near this city. By a tremendous explosion of the steamer's boilers, the towboat Fred Wilson was blown to fragments, 10 men were instantly killed and 16 others seriously injured, one of them fatally. Of the 33 persons on the steamer only 7 escaped unhurt.

The force of the explosion was so great that it shattered windows and awakened the occupants of houses in Louisville, four miles from the scene.

WILLIAM A. HOLLAND,
Who was killed by the explosion on the Fred Wilson.

This accident is the most serious blow in loss of life to Pittsburgh since the burning of the City of Pittsburgh below here.

THE DEAD.

JOSEPH PRICE, captain, Braddock, Pa.
ALBERT H. MILLER, pilot, Pittsburgh.
W. A. HOLLAND, guest of Capt. Price, Braddock, Pa.
WILLIAM QUINN, steward, Pittsburgh.
HUGH HOSKINS, cook, Pittsburgh.
J. C. JOHNSON, deckhand, Tyrone, Pa.
PATRICK WHITE, deckhand, Pittsburgh.
SHERMAN SHIBLER, second engineer, Pittsburgh.
WILLIAM THORNTON, colored, fireman, Middleport, O.
JOSEPH WARREN, colored, fireman, Middleport, O.

THE INJURED.

TOBY LETZICOUCH, deckhand, Wellsburg, W. Va.; probably fatally.
CARL CODY, cabin boy, Brockton, O., blown 125 feet to shore; serious.
WILLIAM M. TIMMONS, Pittsburgh.
JOHN MILLER, Allegheny, Pa.
WILLIAM MILLER, Allegheny, Pa.
ALBERT E. STEWART, Middleport, O.
EMMA WILLIAMSON, chambermaid, Pittsburgh.
Nine others slightly injured.

All the injured except Letzicouch will recover.

Only Three Bodies Found.

Only three bodies have thus far been recovered. The bodies of the other seven victims are thought to be pinned under the wreckage and may not be recovered for several days.

The Fred Wilson was the property of the Monongahela River Consolidated Coal and Coke Company, and, at the time the accident occurred, was arranging her tow near Riverview park, about 60 feet from shore. The boat had just put about to back a tow into the landing place when the explosion occurred. No explanation of the accident has been offered. One theory is that there may have been an excess of mud in the boilers.

Herman Shivley, second engineer, was blown through the side of the Wilson and landed 25 feet away on top of a shanty-boat. Father Cunningham was one of the first to arrive at the scene of the explosion and gave extreme unction to several men who were dying. The police and hospital ambulance and the automobiles of the morning newspapers carried a corps of physicians and nurses to the scene, which is four miles from the heart of the city.

Cared for on Shore.

The injured were taken to the residence of Col. John H. Whallen until they could be better provided for at the city hos-

RELATIVES OF RIVERMEN CROWDED COMPANY OFFICE

Officials of the Monongahela River Consolidated Coal and Coke Company stated last evening that they had no statement to give out regarding the explosion on the steamer Fred Wilson. Capt. Hugh Moren, master of transportation, said:

"It is not likely that the cause of the accident will ever be known. We have no idea as to how the explosion took place. Chief Engineer Lewis Walker stated at Louisville that the machinery of the boat was in first-class shape when he took charge, 20 minutes before the accident happened. What occurred after that no man can ever know definitely."

The property loss will amount to about $35,000, the valuation placed on the steamer. This loss is covered by special insurance, which all the boats of the company carry. The local offices were visited all day yesterday by people who were inquiring for relatives and friends who were on the Wilson. Nearly all relatives of those who were killed communicated with the company in some way to find out definitely whether their friends were lost.

William H. Crump of the transportation department was at Louisville when the accident took place and is engaged attending to the recovery of the bodies. He is being assisted by Capt. Charles Menges, harbor master for the company at Cincinnati. Edward Moore, the expert diver of Cincinnati, has been employed and a number of rescuing parties have been at work since early yesterday.

Up to 11 o'clock last night the local office had heard of the recovery of only three bodies, those of Capt. Albert Miller, Steward William Allchurch and Second Engineer Sherman Shivler. The rest of the bodies are thought to be pinned beneath the boat or to have been blown to atoms.

pitals. Col. Whallen's house, which is about 150 yards from the river, was badly damaged by the explosion, but none of the family was injured. The front doors were splintered, the chandeliers in the drawing room were shattered and nearly every window in the house was broken. Col. Whallen sent the first word to the city and he used his private yacht in rescuing those blown from the boat.

The Wilson was literally blown to pieces and her hull sunk in 18 feet of water. Two heavy pieces of her boiler were found almost 500 yards from the bank and her flag floats from the top of a tree near Riverview park, where it was blown with a piece of wreckage.

The story of the explosion is best told by L. A. Walker, chief engineer, who was not injured. He was blown from the engine room into the river and climbed over the wheel to the roof of the sinking boat. Walker's story follows:

Engineer's Story.

"I went on watch at 3 o'clock and about that time I examined the water and steam. I found plenty of water and the steam gauge showed 100 pounds, five pounds less than her allowance. I had been on duty but 20 minutes and was running under a slow bell when I heard the terrific report.

"I knew nothing until I struck the water, being blown out by the concussion through the doorway of the engine room. I was not stunned, but then I was carried out so fast that there seemed no time between the report and the time I struck the water. Our head was up and I went out on the larboard or left side. I then swam to the wheel and climbed over the wheel to the roof of the rear part. For

Of the Towboat Fred Wilson, Who Was Killed.

the first time then I realized what had happened, for I at first thought only a steam pipe had burst. I heard screams and cries all around me and a negro fireman climbed over the top just after I did.

"We went down to the part of the hull that was left and I got into a yawl and rescued a chambermaid, named Emma Williamson, who was hanging on to some wreckage. She was screaming and looked as if she were badly scalded.

"When I got her to shore I went back to look for my partner, Herman Shiveley, the second engineer. I knew that he had just gone to bed and saw that the forward deck where he slept was blown away. I searched for some time and finally found his body on a shantyboat 100 feet away, where it had been blown. His skull was crushed and several bones were broken.

"It was the most awful thing I ever experienced and it has taken my nerve. I don't believe I can ever go on a boat again."

FLAG AT HALF MAST FOR WILSON VICTIMS

Tribute of Local Rivermen to Their Comrades—Careers of the Dead.

When the news of the disaster reached Pittsburgh Harbor 25, Masters and Pilots, half-mast the associations flag at the headquarters, Wood and Water streets.

Capt. Price started his career as a steward on the John McClure at the age of 15, and since then has been in command of the Onward, Leader, J. A. Blackmore, Clipper and the Diamond. He had been with the Wilson about two years.

Captain Price was born in Putnam county, O., in 1850. He was a son of John S. and Elizabeth Price. He followed steamboating continuously for the past 39 years, with the exception of a few years when he was engaged in the lumber business in Braddock. Mrs. Price was Miss Ella W. Layton, daughter of John V. Layton of Fayette county. Besides his widow, Capt. Price is survived by two sons, Harry L. and Joseph Price, Jr., both of Braddock. Capt. Price was a charter member of the First Christian church of Braddock. He was a member of Braddock's Field lodge, F. and A. M., Tancred commandery, K. T.; Valley of Pittsburgh, A. A. and S. R.; Syria temple, Mystic Shrine, and A. A. O. N. M. He resided at 228 Holland avenue, Braddock.

Took Long-Deferred Trip.

Capt. Price and W. A. Holland of Braddock, who also lost his life in the accident, were life-long friends, and deacons in the same church. Capt. Price had several times asked Mr. Holland to go down the river with him, but the trip was postponed repeatedly until last Friday, when Holland decided to go.

Mr. Holland was born in Malvern, O., in 1849, and moved to Braddock with the other members of his family in 1853. He was educated in the public schools and later attended Iron City college. After leaving college Mr. Holland engaged in the insurance business at 743 Braddock avenue, Braddock, and for the past 30 years has been located there.

He was married 37 years ago to Miss Ellen Gordon of Mifflin township, who survives him with three children—Miss Minnie A. Holland, a student at California State Normal school; Paul R. Holland, cashier of the First National bank, Turtle Creek, and Walter Holland of the Guarantee Title and Trust Company of Pittsburgh. A brother and one sister also survive—Robert J. Holland and Mrs. Sarah McClure, mother-in-law of Prof. Samuel Hamilton, superintendent of county schools. Mrs. Lavina Remington, a sister, died April 24. Mr. Holland was one of the charter members of the First Christian church of Braddock, a member of Braddock's Field lodge, F. and A. M., and of the Heptosophs.

How Starcher's Life Was Saved.

Capt. Price was given permission to pick his own crew for the trip, and this likely resulted in saving the life of W. K. Starcher, the boat's regular second engineer. Mr. Starcher asked to lay off because he did not feel well. Capt. Price assented. Sherman Shiver, of 204 Arabella street, Knoxville, went out as Starcher's substitute. Mrs. Shiver had been looking for a letter from her husband but while waiting for it at her home yesterday morning, her brother conveyed the death message. Shiver had been a riverman for a number of years and was a brother of George Shiver, 1100 Bluff street.

Capt. Albert Miller, the pilot who is among the dead, secured his license in 1892. He was one of the younger men in the service. His first work was that of steersman for Capt. Calvin Blazier of Freedom, Pa., on the steamer Beaver. Miller's home was at 1901 Webster avenue, where he leaves a wife, formerly Miss Alice Seville of New Orleans. He was married eight years ago. At the Miller home William Quinn, the steward, and his family resided. Quinn's name is Allchurch, but he was more commonly known as Quinn. He married Capt. Miller's sister, who survives him with three children.

There was a report yesterday that Henry Sykes, the boat's first mate, was among the missing, but news came later that Sykes was among the few rescued. Sykes has been a riverman for years. He lives in the East End.

History of Ill-Fated Boat.

The Fred Wilson left Pittsburgh with a tow of 12 coalboats and four barges last Friday morning. She is owned by the Monongahela Coal and Coke Company of this city. The boat was built in 1883 and rebuilt in 1903. She was valued at $35,000. When rebuilt last year the old boilers were installed. They were inspected last September by the Wheeling board and found to be in first-class condition. Capt. Isaac B. Williams, one of the local vessel inspectors said yesterday:

"I was away from the city last September on a leave of absence and this is the way the Wheeling board happened to do the inspecting. Capt. Atkinson was here at that time, but when one of us is absent no inspections are made from the local office."

The boat had a gross tonnage of 323.83 and a net tonnage of 406.98. She was 174 feet long, 31 feet wide and 5.4 inches deep. She had five boilers, horizontal cylinders, each 28 feet long and three feet five inches in diameter. The tensile strength was 65,000, the steam pressure 165 pounds. She was named after the late Fred Wilson, a coal man in Pittsburgh for years and at one time secretary of the Pittsburgh Coal exchange.

HOUSE IS CHARGED WITH ELECTRICITY

Wire Touches Iron Cornice and Drives Family Into the Street.

John Wilkowich of 447 West Carson street early last evening went to draw water from a spigot in the kitchen and was so severely shocked that he dropped to the floor. His wife, who was cooking, received a severe jolt when she lifted a lid from the stove, and several of the children, upon touching metal things, received electric shocks.

Fearing that they might be exterminated and that the house was under a spell, the family deserted to the street. After a time the matter was reported to the police, as the people about the place were acting strangely.

Investigation proved that during the rainstorm a light wire of the Philadelphia Company fell against the iron cornice of the house. A pipe leading to the kitchen touched the cornice and in this way the current was transmitted to various parts of the house. A lineman was called, the wire cut and the family, after much protesting, re-entered the house.

Will Graduate As a Bride.

NEW CASTLE, PA., May 26.—(Special.)—A bride of two days will be the center of interest tomorrow night at the annual commencement exercises of the New Castle High school. Until last night she was Miss Margaret Seamans, when she and Joseph Morgan went to Steubenville, where the marriage took place. This will be the first time in this city that a bride has taken part in the graduating exercises as a member of the class.

Dog Bit Its Executioner.

Policeman A. J. Schulze tied a dog to a telegraph pole at Smallman and Twenty-fifth streets last night and shot at it. The dog broke loose and bit Schulze several times on the arms and hands before the policeman succeeded in killing it. The policeman's wounds were cauterized by a physician. The dog was killed because it had bitten a boy.

Mrs. Smith and Son Released.

NEW YORK, May 26.—(Special.)—The proprietor of the Hotel Navarre last night received a check from the Dennison of Columbus, O., for the hotel bill he held against Mrs. Anna Dennison Smith, a daughter of former Gov. Dennison of Ohio, and her son, Dennison Smith. Mrs. Smith and her son were released.

INDIA RIVER VETERANS SHOULD BE THANKFUL

Capt. A. Ainsley and Capt. V. H. Spalding, two veteran river captains of Calcutta, India, who arrived in Pittsburgh last week to study the towing system on the local rivers with a view to inaugurating stern-wheel boats on the Ganges and other Indian rivers, came near being aboard the Fred Wilson on her fatal trip. They left here last Friday aboard the Tom Dodsworth, instead of the Wilson, because they missed the former at the Monongahela wharf. The Wilson pulled out sooner than expected. Capt. J. L. McFeeters, who showed the visitors on to the boat, said yesterday:

"Those men can thank me, I believe that they are living. I was a little late getting down to meet them, and the Wilson got out before we arrived at the wharf. We took the Dodsworth then, because the men on it were also very experienced and as much could be learned aboard her. Had they got aboard the Wilson and been on her yesterday morning, I fear the people they represent would not think as well of our system from a sentimental as they do from a practical standpoint."

KINCHAU CAPTURED; HEIGHTS ARE STORMED

Continued from First Page.

south the Japanese landing continues, the troops marching thence toward Kinchau with covering detachments thrown out on the west.

"According to Chinese reports a battle took place at Kinchau May 18 in which the Japanese lost 700 men. The Russian losses were not so great.

"A Japanese landing at Takashan began five days ago and it is reported that 50,000 troops, principally infantry, were landed, but this has not yet been verified. The troops landed are marching from Takashan northwest toward Sin-Yen and southwest toward Port Arthur.

"One of our sotnias encountered a Japanese detachment on the night of May 20-21 at Sitkhouchintse and caused great consteration among the Japanese, who opened a wild fire against the Cossacks, in the darkness they fired upon their own men.

"On May 21 a Russian reconnoitering party got behind the Japanese army near Tansauchintse, on the main road from Sakhedza to Liao-Yang and found a Japanese detachment 300 strong. The Russian scouts watched for 16 hours, during which time at least 18,000 Chinese and Korean coolies passed, together with 200 carts. The Japanese finally discovered and attacked the Russian scouts, all of whose horses were killed. The scouts were obliged to return on foot.

PITTSBURGHER IS ENTERED.

E. M. Byers Will Play in the English Golf Championships.

LONDON, May 26.—The drawing for the amateur golf championship, play for which commences at Sandwich next week, took place this evening. There were 104 entries, including six Americans, none of whom is regarded as a very formidable opponent.

Walter J. Travis, the American champion, mests F. Holden of the Royal Liverpool Golf club, and E. M. Byers meets C. K. Dick, also of the Royal Liverpool Golf club. The other American entries are W. J. Burton of the Ekwanok club, F. O. Horstman of the Chevy Chase and C. Emmett and J. Waller of the Garden City club.

STEEL OFFICIAL'S SON A SUICIDE IN FAR WEST

CHEHALIS, WASH., May 26.—Harry C. Foote, a commission merchant of Tacoma, and son of the vice president of the American Steel works of Chicago, committed suicide near here by shooting himself in the head. He was despondent. Foote's widow and child are in New York. The remains will be sent east.

Bolivia Will Build Railroads.

WASHINGTON, May 26.—Ignacio Calderon, who succeeds F. Guachalla as minister from Bolivia to the United States and who will be presented to the president within a few days, has been charged by his government with the arrangement of a railway loan. Bolivia has received $10,000,000 as indemnity from Brazil for the Acre Rubber territory and it is the purpose of the Bolivian government to use this fund as the basis for securing another $10,000,000. This amount, it is estimated, will give Bolivia a complete system of railways.

Wholesale Grocers Elect Officers.

CLARKSBURG, W. VA., May 26.—The West Virginia Wholesale Grocers' association today elected the following officers: W. C. McConauhey of Parkersburg, president; J. P. Maxwell, Wheeling, vice president; J. B. Stevenson, Huntington, treasurer, and P. A. McMahan, Wheeling, secretary. The association will meet in Huntington next year.

Pittsburghers Picked The Picket.

The victory of The Picket in the Brooklyn handicap proved a fine thing for local followers of the races, who cleaned the books up for nearly $10,000. The bettors were not following a tip, but selected the winner from their own judgment on the work shown in the American Derby last year, and the horses' work out since being in the east.

The heaviest winner was a local broker, who backed The Picket to win the Derby last year, and who placed nearly $100 at the prevailing odds yesterday and the day before. There were also a number of the smaller bettors who got in on the good thing. Last night the local bookmakers looked pretty blue.

REBUILDING OF IROQUOIS THEATER IS FORBIDDEN

Chicago Authorities Decline to Issue Permit—New Owner Will Make Fight.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CHICAGO, May 26.—Levy Mayer, attorney for William Harris, new owner of the Iroquois theater, in which 600 people perished last December, has prepared to fight in court for the reopening of the play house.

On the advice of Corporation Counsel Tolman, which has received the indorsement of Mayor Harrison, the commissioner of buildings has refused to issue a permit for the reconstruction of the play house, which is ineffaceably associated with death, disaster and gloom in the minds of many Chicagoans. Attorney Mayer prepared today to fight the matter out in the courts, if anyone could interfere he drew a revolver and commenced firing. The first shot went wild, passing over the heads of the crowd which scattered. Corlish, who was a friend of the man who is alleged to have been cheated, remained by him. The second shot struck Corlish and tore his right arm. The third shot struck Winowich in the back as he was running and striking a pole, lodged in his left breast. The assailant ran to the Baltimore & Ohio railroad and boarded a freight train, pulling out.

"Mr. Harris paid $550,000 for this theater," said he, "and assumed a mortgage of $300,000 besides. It has come to a pretty pass if a property of this magnitude can be thrown aside for a whim. Fortunately, Mr. Harris is a resident of Massachusetts, and, if necessary, the federal courts can be appealed to for his relief. However, we will try the state courts first, if we must. There is no more sense in closing up this theater than there would be in closing the Chicago Athletic club because a member fell downstairs and lost his life there a few weeks ago."

MORE FREEDOM FOR JEWS.

Czar May Repeal Law Regarding Prohibitory Residence Near Frontier.

ST. PETERSBURG, May 26.—Interior Minister Von Plehwe has proposed to the council of the empire the repeal of the law under which Jews are forbidden to reside within 82 miles of the frontier. On account of the prevalence of smuggling some years ago, the Jewish pale was drawn back from the border. The new departure is considered one of the important steps in the execution of Emperor Nicholas' ukase, issued in the early part of 1903, promising freedom of consetence to his subjects. The emperor considers the present time auspicious for the inauguration of this reform.

ALBA DENTISTS MUST STOP PRACTICE IN STATE

HARRISBURG, May 26.—Judge Weiss filed an opinion today in the quo warranto proceedings instituted by Attorney General Carson against the Alba Dentists Company to show what right it exercises the prerogatives of a corporation in Pennsylvania. The court holds that the company is not empowered by its charter to practice dentistry within the state and that it is carrying on business without warrant of law.

BODY OF YOUNG WOMAN IS FOUND—SUSPECT FOUL PLAY

ATLANTA, GA., May 26.—The body of Miss Sophie Kloeckler was found in the water works pond at Lakewood, a suburb of Atlanta today. She left her home Tuesday morning, presumably to go to her work. Indications of foul play exside, but a rumor is in circulation that she was seen Tuesday with a man not far from the place where the body was found.

MARTIAL LAW REIGNS AT RUINS OF YAZOO CITY

YAZOO CITY, May 26.—Yazoo City is under martial law as a result of yesterday's conflagration. Several negroes who were caught in an attempt to steal salvage have been arrested. The loss is variously estimated at between $1,500,000 and $2,000,000. Insurance will probably approximate 50 per cent of the loss.

Robinson Adjudged a Murderer.

BELLEVERNON, PA., May 26.—Deputy Coroner J. T. Ross of Brownsville this evening held an inquest over Clyde Robinson and Mrs. Ruth Robinson, the victims of the double tragedy here on Wednesday of last week. The finding of the jury placed the entire blame upon Robinson, who shot his wife and then blew out his brains. Mrs. Morgan Ruble, the mother of Robinson, was here this week trying to arrange to have her son's body interred beside that of the murdered wife, but Mrs. Robinson's parents would not give consent.

Bankers to Meet in Gotham.

NEW YORK, May 26.—(Special.)—The annual convention of the American Bankers' association this year will be held in this city. A meeting of the committee of 10 bankers recently appointed by ex-Senator Griswold, in behalf of the bankers of Greater New York, to consider the question was held this afternoon in the New York clearing house, and it was formally resolved to issue the necessary formal invitation to the association. There is no doubt but that the invitation will be accepted.

The Ambuhl Bros.' New System of Piano Selling Is a Wonderful Saving Over the Old Way, From $60 to $100 on Each Piano.

The new system of piano merchandising, buying, pricing and selling recently adopted by Ambuhl Bros. is the only just and proper system.

The Ambuhl Bros. system gives you free use of the piano while you save the money, little by little, to pay for it, and, more than that, it protects you against overcharging by unscrupulous agents and the get-all-you-can houses. It insures the exact piano value that you pay for, and, above and beyond all, the Ambuhl Bros. system SAVES YOU MONEY—saves you $60 to $100 on the price of the best and most standard makes of pianos.

Some special offers are made here this week in used pianos of many of the best makes:

$250—Hardman upright.....$115
$400—Kranich & Bach upright..... 140
$400—Kimball upright..... 185
$500—Steinway upright..... 250
$800—Kimball upright..... 310
$825—Hinze upright..... 185
$250—Whitney upright..... 215
$100—Kimball organ, nearly new..... 45

A slightly used piano of a good standard make is always far better than a cheap, unknown new one.

INFURIATED ITALIAN SHOOTS COUNTRYMEN

Claimed He Had Been Cheated at Cards—Escaped on a Freight Train.

A feud among a party of McKeesport foreigners had a wild west finish last night when two men were shot for alleged cheating at cards. The assailant escaped and although he is known to the victims, they refuse to divulge his name.

The men who were shot were Michael Winowich and John Corlish. They board at the house of Mrs. Stubanovitch, in Dewey street. With a crowd of other boarders they were standing at Dewey and Jerome streets when a man, who was known to several in the group, approached. Walking up to Winowich the man said, "You cheated me at cards last night. I'm going to fix you now."

Before anyone could interfere he drew a revolver and commenced firing. The first shot went wild, passing over the heads of the crowd which scattered. Corlish, who was a friend of the man who is alleged to have been cheated, remained by him. The second shot struck Corlish and tore his right arm. The third shot struck Winowich in the back as he was running and striking a pole, lodged in his left breast. The assailant ran to the Baltimore & Ohio railroad and boarded a freight train, pulling out.

The shooting occurred at 9:40 o'clock, but the police could find no trace of the shooter. Winowich was removed to the McKeesport hospital and the bullet extricated. He will live. Corlish's wound was attended to and he was taken to the jail. The Italians who witnessed the shooting profess ignorance of the man's name or appearance.

YALE MEN HONORED.

Allegheny Boy Elected Member of One of the Senior Societies.

NEW HAVEN, CONN., May 26.—Elections were given this afternoon to the three senior societies at Yale, Skull and Bones, Scroll and Keys and Wolf's Head, when the usual tap-day exercises were carried out. As usual, the elections this year afforded surprises and disappointments, as in former elections. Among the well-known Yale men who were not elected were Ralph H. Bloomer, the football player, and D. I. Meier, a member of the varsity crew squad. Among those elected were: Skull and Bones—John H. Lathrop, Kansas City, Mo.; William K. Van Reypen, Washington, D. C.; Gardner Richardson, Athens, Ga.; Berrien Hughes, Denver, Col.

Scroll and Keys—Henry A. Raymond, Cleveland, O.; D. R. Noyes, St. Paul, Minn.; Fred Ackert, Washington, D. C.; Edward S. Little, St. Louis, Mo.; Hamilton Baxter, Nashville, Tenn.

Wolf's Head—Frame C. Brown, Columbus, O.; McLeane Brown, Allegheny, Pa.; Alexander P. Humphrey, Jr., Louisville, Ky.; Stewart A. LeBlanc, New Orleans; Charles E. Fallows, Chicago; Charles Wyllis, Jr., Detroit, Mich.; Richard M. Fairbanks, Indianapolis, Ind.

RECEIVE AMBASSADOR.

Czar and Czarina Cordially Greet Personal Representative of King Edward.

ST. PETERSBURG, May 26.—The emperor this afternoon, at the Tsarskoe-Selo palace, received Sir Charles Harding, the new ambassador to Russia. Sir Charles presented his credentials in private audience, the empress sharing with the emperor the cordial greetings extended to the new ambassador, who handed a personal letter from King Edward to his imperial nephew conveying the British king's good wishes and sincere desire that the relations between the two countries shall become more and more friendly. It is an open secret that the real end and aim of Sir Charles' mission is to so improve the relations between Great Britain and Russia during the war as to render possible at its conclusion an amicable understanding. It is understood that one of the possible causes of misunderstanding between the two countries already has been removed by the acceptance of Russia of Great Britain's assurances regarding the purpose of the British mission to Thibet.

Coadjutor Bishop Is Chosen.

WILMINGTON, N. C., May 26.—The Rev. Dr. Robert Strang, rector of St. Paul's parish, Richmond, Va., was elected today coadjutor to the Right Rev. Dr. A. A. Watson, bishop of the East Carolina district of the Protestant Episcopal church.

BELGIUM ASKS AMERICA TO MAKE INVESTIGATION

Wants This Government to Look Into Charges of Cruelty in Congo State.

[BY PRIVATE WIRE TO THE GAZETTE.]

WASHINGTON, May 26.—Baron Moncheur, the Belgian minister, has requested Secretary Hay to make an investigation of the charges that atrocities have been committed in Congoland by Belgian officials. He has received instructions from his government to bring the matter to Secretary Hay's attention, with the statement that Belgium is anxious that the truth about conditions in Congoland be established. Secretary Hay will bring this request to the attention of the president, and it is hoped that a step will be put to the campaign of charges and counter-charges.

Soon after Dr. Morrison and others asked the state department to investigate the alleged cruelties and the alleged discrimination of the Belgian authorities against American missionaries. The missionaries were asked to prepare a statement of the atrocities, although it was decided the United States had no right to interfere. This has not yet reached the state department. The delay in the production of specific information has weakened the case of the missionaries.

SUCCESSOR TO LEMLY.

Commander Diehl Will Be Made Judge Advocate General of the Navy.

WASHINGTON, May 26.—The announcement was made at the navy department today that the president had appointed Commander Samuel W. B. Diehl to succeed Capt. Samuel C. Lemly as judge advocate general of the navy when the latter's term expires, June 3. Commander Diehl now commands the cruiser Boston, which is en route from Panama to San Francisco. He has seen more than 17 years' sea service. He commanded the Marietta in Venezuelan waters when some of the foreign powers were demanding a settlement of claims held against that government, and the energy and discretion displayed by Commander Diehl at that time strongly commended him to the president for his new assignment.

Capt. Lemly has served as judge advocate for 12 years and has been highly commended by Secretary Moody.

GIRL DIES FROM BURNS AND MOTHER IS INJURED

NEW YORK, May 26.—(Special.)—Preparing to celebrate her twenty-third birthday, Miss Emma T. Hess of 155 Whitehall street, Brooklyn, was about to put a cake into the oven to bake when her clothing caught fire, and she died today after horrible agony from the burns she received. Her mother, Pauline Hess, who is 70 years old, was horribly burned about the hands and face in endeavoring to save her daughter, and the woman is prostrated from shock as well.

THINK REGISTER IS NOT LIABLE

Lawyers Hold That His Office Does Not Come Under Justice Dean's Decision.

CITIZENS PARTY MUST PAY

While effort may be made to force the register of wills to surrender commissions received from the state for the collection of the collateral inheritance tax, several prominent lawyers are confident that the recent decision of Justice Dean does not include this office. They hold that the opinion deals entirely with the collection of personal property tax.

The law under which the register acts expressly says that he is the agent for the commonwealth. It is the law of May 14, 1901, and the section reads as follows:

The register of wills of the several counties of the commonwealth, upon their filing with the auditor general the bond hereinafter required, shall be the agent of the commonwealth for the collection of the collateral inheritance tax, and for services rendered in collecting and paying over the same, the said agents shall be allowed to retain for their own use 5 per centum upon the collateral inheritance tax collected, if the said tax shall amount to a sum less than $200,000 in any year, or 4 per centum upon said tax if the same shall amount to $200,000 and less than $250,000 in any year, or 3 per centum upon said tax if tax collected shall amount to $250,00 or more in any year.

Allegheny county comes in the class where 5 per cent is charged. Last year the total tax collected amounted to about $168,000.

As Commissioners Mercer and Clark are still absent from the city, nothing has been done concerning the collection of commissions paid Treasurer Collingwood and other treasurers. It is understood that the commissioners will be advised that they can collect the commissions for the last six years. This would amount to about $30,000. It is also probable that effort will be made to make Register Stengel and former Register Edwards train over the fees collected by them.

The decision of Justice Dean affects all counties where the population is 150,000 or over. Westmoreland comes under this class and the personal property fees collected in 1901, 1902 and 1903 will doubtless have to be turned over. They amount, with interest, to over $1,000. D. E. Beltz was treasurer in 1901 and 1902 and A. Shumaker held the office in 1903 and still holds it.

The Citizens party is again in the hands of the law. This time the sheriff is in charge. Yesterday common pleas court No. 1 ordered that an execution be issued against the party. Joseph Telford of the Labor Tribune, takes this method of collecting $514.17 he claims is owing him for advertising in the reform campaign. Unless the judgment is paid, Sheriff Dickson will sell the personal property of the party.

John P. Elkin was in Pittsburgh yesterday. He wants it understood that he is not a candidate for United States senator. He thinks that no person is justified in speaking of any one as a candidate for senator at this time.

WABASH BRIDGE READY, BUT PRESIDENT ABSENT

Tracks Are Now Laid from First Avenue, Across Bridge and Through Tunnel.

Considerable disappointment befell the party of Wabash Pittsburgh Terminal Railway officials yesterday through the inability of President Joseph Ramsey, Jr., of the Wabash, to reach Pittsburgh as scheduled.

By hard work throughout all night long the laying of the track through the Mt. Washington tunnel was completed and the steel was extended across the bridge. All was ready to run the first train over the great bridge, but a telegram came from Mr. Ramsey saying he could not reach Pittsburgh before next week. For a while it was proposed to let the train cross the bridge anyway, but this plan was abandoned, and the first trains will be run during the visit of Mr. Ramsey.

Actual track, most of it in excellent condition, now extends from the north end of the Wabash bridge at First avenue to within one mile of the Ohio river, opposite Mingo Junction. The Mingo bridge is being rapidly finished and a small span is yet to be swung between the present end of the line and the Ohio river.

The work of constructing the elevated tracks along Ferry street from the river to the passenger station is progressing well, only a couple of short blocks not being erected. The work on the interior of the passenger station is being pushed, night forces having been started.

LOCAL ARCHITECTS ARE IN "TECH" COMPETITION

The 13 Competitors Include McClure & Spahr, T. E. Billquist and Hawley & Wharton.

Three Pittsburgh architects are in the list of those who will compete for the designing and construction superintendence of the Carnegie Technical schools. A list of those who have accepted the terms of the competition and will enter was given out yesterday and includes MacClure & Spahr, T. E. Billquist and Hawley & Wharton, of Pittsburgh.

All are well known in their profession. MacClure & Spahr have had many large contracts here and elsewhere. T. E. Billquist among other work built the great new observatory in Riverview park. Hawley & Wharton have been the architects in much big Westinghouse work. By the terms of the competition, one Allegheny county architect will receive a special award.

The other architects announced yesterday are: B. F. Willis, York; John Lavelle, Boston; Newman & Harris, Philadelphia; Olin W. Cutter, Boston; William Charles Hays, Philadelphia; H. Van Buren Magonigle, New York; Mowbray & Uffinger, New York; S. S. Beman, Chicago; J. H. Freedlander, New York, and Carpenter & Blair, New York.

PROGRAM COMPLETED FOR HAWKINS CEREMONY

Details Arranged for the Big Parade to Schenley Park on June 11.

The committee having charge of the ceremonies connected with the unveiling of the memorial to the late Col. Alexander L. Hawkins of the Tenth Pennsylvania volunteer infantry, met yesterday in the office of W. J. Diehl, chairman. Those present were the colonels of the Eighteenth, Fourteenth and Tenth regiments, with Col. Frank Patterson, Col. J. P. Penny, Maj. Anshutz and Capt. Murray Livingstone.

Details for the parade on the afternoon of June 11 and also the exercises at Schenley park were completed. Capt. Frank Vandling, quartermaster of the provisional Thirteenth regiment, was in the city and attended the meeting. The provisional regiment will be made up of two battalions of the Ninth and one of the Thirteenth under the command of Col. Bow Daugherty. It will arrive in Pittsburgh on the evening of Friday, June 10. Horses have been provided for the officers and the men will be quartered in the music hall of the Western Pennsylvania exposition. This regiment will remain in the city until Sunday morning.

The Third regiment, under the command of Col. Price, will arrive in the city on Saturday morning, the day of the ceremony. It will be under canvas on the grounds of the Eighteenth regiment armory at Craft avenue and Forbes street. This regiment will arrive in service uniform and parade in the full dress or regimental uniform. The parade will be formed at Fifth avenue and Liberty and move by way of Fifth avenue to Grant, to Forbes street and to Schenley park. The governor and his staff will lead the parade, followed by the Service Men of the Spanish war and then by Gen. Wiley and his staff, with the two eastern regiments and all the commands of the Second brigade except Battery B, unless horses are provided for the guns. The parade will start at 1 o'clock. Ex-Mayor Diehl will present the memorial from the commission to the governor, who will in turn hand it over to the city.

Over $200 has been received by Chairman Diehl as a part of a fund to defray the expenses of unveiling the monument. An appeal was sent out three days ago and the returns are most gratifying. The committee yesterday visited the site of the monument. Plans for building the speakers' stand were discussed with the contractor. The castings for the monument, including the figure and tablets, have left New York and may be here today. A total of $4,000 is needed to defray the expenses of the unveiling.

Men's Negligee Shirts at $1.00

It's the eating of the pudding that proves its goodness, and by the same token it's the renewed and increasing calls for its shirts that proves a store's ability to give the best for the price. Men who "shop 'round" know that the strongest showing of materials and patterns is to be found right here in Negligee Shirts at $1.00. Madras, percale and oxford for choice. Stripes govern the showing—next in favor small detached figures in all-over arrangement—mostly light styles, but numerous darker effects also.

See the showing. Not infrequently a man will exclaim, "Hold on, I've seen plenty; give me two of this, two of those and one each of these," or whatever the selection is.

White cambric pleated Shirts at $1.00, which bear our trademark, "Staghead," a positive guarantee of their goodness and worth. These appeal to a man when the thermometer hovers around 85 degrees.
White oxford Shirts with cuffs attached at $1.00, the best shirt in Western Pennsylvania for the money.
The finest shirts from the leading shirt manufacturers in America at $1.50 to $3.00.
Paris-made shirts which are very exclusive—hand-finished and perfect fitting, at $3.00, $3.50 and $4.00.

Men's New Neckwear.

For the hot weather there is no necktie so satisfying as that made from the finest quality of English Foulard Silk. We import our silks direct and have the neckwear made into the latest shapes. Fashion favors Four-in-Hands, and we are prepared to show you the most complete collection extant. Blue grounds with white figures, dots or stripes, predominate, but the variety is unlimited.

String Ties and Bows, 50c.
Foulard Silk Four-in-Hands, not quite so high in quality as the foregoing, 50c.

New Washable Four-In-Hands.

New, fresh and clean—the prettiest lot ever shown hereabouts—they have an individuality about them that stamps them as entirely different from the ordinary washable ties. 50c each.

Half and Three-Quarter Hose for Children.

When the boy or girl of tender years is dressed in the best, the chubby legs of childhood are encased in pale tinted half or three-quarter length hose—half hose by preference with oxfords, and when worn with shoes just long enough to show above the shoe and none to spare. A pretty style it is, and cool and comfortable for the tots.

We have just received a late importation of children's half hose in a variety of styles—a delicate pink seems to be the favorite, but sky and cream white are strong rivals—

White Cotton Half Hose, 25c and 35c.
Black Cotton Half Hose, 25c and 35c.
Tan Cotton Half Hose, 25c and 35c.
White and black lace, 25c and 35c.
White lisle embroidered in colors, 35c and 50c.
Stripes and embroidered and lace effects, 50c and 75c.
Three-quarter Hose in white and black, 25c and 35c, according to size.
SPECIAL—Women's plain black Egyptian cotton Hose, the regular 25c stockings, 18c a pair, 3 pairs for 50c—double heels, soles and toes.

In the Toilet Department.

Always the best preparations for the skin, the hair, the teeth and the bath at lowest prices. So soon as anything new that has proved itself worthy is produced it finds place in our toilet department.

Vervine Toilet Water, having the pungent odor of lemon verbena, refreshing for warm weather, 75c a bottle.
Violet Sec Rice Powder, it absorbs perspiration and is soothing to the skin. 25c a box. It is prepared by Hudnut, which is a proof positive of its purity and excellence.

Just In—Misses' Linen Coat Suits.

They're newest of the new, right up to the minute in style, loose-fitting coats with belt and pleated skirts of white linens of heavy weight. The young ladies of Pittsburg, we are sure, will take to these like a duck to water.

Some of them have half-fitting backs and box fronts. Sizes for girls of 14, 16 and 18 years, $9.00 and $10.00.

Misses' Mohair Skirts, pleated effects, which you know are extremely popular with girls this season—blues and browns and black—35c to 40 inch lengths. $9.00 to $13.50.
Misses' full pleated skirts of Panama cloth, in blue and black, 35 to 40 inch lengths, $8.50 to $13.50.
Misses' Mohair Coats—they were designed for traveling and automobile wear, but they've been put to more general uses—tan and blue—sizes 14, 16 and 18 years. $7.50, $12.00 and $15.00.

Flag Napkins and Paper Doylies.

Perhaps you didn't know they existed, yet we have a large collection of this patriotic napery. They have a way of cropping out on Decoration Day, the Fourth and other similar holidays.

If you take a long jaunt into the country or a long drive, and carry a basketful of provender with you, what nicer than these paper napkins and doylies? And the Stars and Stripes make them emblematic of the day.

They cost the most trifling of prices, and you don't have to take care of them and carry them back.

Short Ends of Laces and Embroideries Today for Half.

Half-off day is always the busiest kind of day for laces and embroideries. Little odds and ends, short pieces from a quarter to a yard or two, for half of the regular prices, is a proposition that appeals wonderfully to women when the article in question is laces or embroideries.

In the embroideries there are Edgings, Insertions, All-Overs and 4½ yard stripes, the latter slightly soiled.
In the laces, Edgings, Insertions and Plain Chiffons.

Today Dress Trimmings for Half.

Today the half prices on dress trimmings affect odd pieces and short lengths of many of the finer sorts, as well as the inexpensive appliques, braids, etc.

White cotton braid, 1 inch wide, for wash dresses, 5c a yard, instead of 10c.
Peter Thompson Emblems—slightly soiled, silk and cotton, 10c, 15c and 25c emblems for 5c each.

Pocket Knives for Half Price.

We have a lot of Pocket Knives that have become slightly shopworn. How many boys would "kick" at a pocket knife for such a cause? Yet that is the only reason why we have deducted 50 per cent from the original price. This applies to knives worth $1.00 and up to $2.50.

Friday, May 27, 1904.

The Gazette desires to call the attention of those of its readers who contemplate summer trips to the announcement of the many summer resort hotels published on page 16 of this issue.

While the plan to dump the earth from the hump cut in the Point district promises a reduction of $100,000 or so in the net cost of the improvement, it is likely to arouse a new opposition to the project. The Daughters of the American Revolution, into whose custody the old blockhouse has been given, will fight as valiantly in its defense as did the heroes of the eighteenth century. They have been fighting for it ever since they came into possession, and it is not probable they will surrender tamely now.

It is very probable the cause of the explosion on the towboat Fred Wilson may never be known. Its terribly fatal consequences are in evidence as proof of the tremendous power of the steam equipment of an Ohio river stern wheeler. It is a fact that the power on our river steamers exceeds that of much larger vessels on the lakes and sea, because they handle cargo not on board. It is a fact, too, that explosions and serious accidents are rare with them—more rare, in proportion, than with open water craft. The boat was recently rebuilt and in good condition, so it may be assumed the disaster was due to some failure in working not observed by the engineer immediately in charge.

Reports from Washington indicate that Senator Kean of New Jersey has been talked to in a way to do him good. The suggestion of Secretary Cortelyou for national chairman, it appears, has not met with Senator Kean's approval and he has had the temerity to tell President Roosevelt his objections. Whereupon the president has reminded him that he exhausted his quota of peremptory challenges by opposing Gov. Murphy of his own state, whose success as chairman might have made him a dangerous competitor for senatorial honors at the end of Kean's present term. On this statement of the case it looks as though Kean's hand has been called and his bluff exposed.

Samuel Black McCormick, elected chancellor of the Western University of Pennsylvania, comes to the post with highest recommendations. Though a native of the Pittsburgh region and educated in Western Pennsylvania, he has won his spurs in the middle west. Called back to his native heath to assume a post of high honor and great influence, he will be able to give it intimate knowledge of the field in which it operates, with the addition of experience gained in another of the most progressive sections of this great country. Prof. Brashear, acting chancellor, will retire gladly to his own affairs with the best will of the university and the entire community. No appreciation is too high for him or his services.

It is pleasing to note that although the fighting between the Russians and Japanese is relentless in its fury there is a spirit of charity and benevolence on both sides towards each other as human beings. The Russians acknowledge the solicitous kindness with which those who fall into the hands of the Japanese are treated. Russian wounded abandoned on the battlefield receive the first care of the Japanese. The Japanese on their side also admit the benevolence of Russian character. Japaneso refugees arriving from Sakhalin report that every facility was granted to them by the Russian officials and that they suffered no violence. Japanese refugees making their way out of Siberia report that in every locality through which they passed great kindness was shown to them by the people, who showed themselves full of compassion for foreigners stranded in a hostile country. This is a strong proof of the innate benevolence of the Russian people.

By the resignation of Dr. J. T. Rothrock, commissioner of forestry, the state loses the services of a competent and faithful official. Dr. Rothrock is the father of the Pennsylvania forestry system and has labored in season and out for the protection, preservation and rejuvenation of the wood lands of the commonwealth. Many years ago he became impressed with the importance of forestation in the economic scheme, its influence upon climate and waterflow, and he has since devoted his time to bringing the subject to the attention of the public and to practical forestry. He was appointed commissioner of forestry by Governor Pattison during his second term and reappointed by Governors Hastings, Stone and Pennypacker. An enthusiastic naturalist from his youth, he put all his energies into the forestry work and now retires only on account of failing health. Governor Pennypacker, himself an enthusiast for the reforestation of waste lands, has made a good appointment in the succession, that of Robert S. Conklin of Franklin county, who has been deputy commissioner for several years and is thoroughly in touch with the work.

A Democratic Platform.

Whatever of importance attaches to the Democratic state convention of Maryland lies in the fact that the platform admittedly advances the issues upon which Senator Gorman thinks the national campaign should be conducted. The convention voted no instructions, and after repeated calls for Senator Gorman he said he had no political ambition to satisfy and that it is the duty of every Democrat to abandon all selfish aims and local ends until a Democrat has been put into the presidential chair.

Mr. Gorman's platform opens with a declaration in favor of a moderate revision of the tariff, in contrast with the Hon. Bourke Cockran's demand for the abolition of the customs houses. This is a quite sensible attitude, in line with the senator's record when he assisted in balking the Cleveland-Wilson tariff-for-revenue-only scheme. It declares there is no place in the plan of the United States for the conquest and government of alien peoples in distant islands—an appeal to the "aunties" of every quarter. On the Panama canal subject it lays claim for the Democratic party to having been ever foremost for an interoceanic canal and accepts the present situation, not without painful recollection of and regret for the methods of the administration in bringing it about. The remainder of the document is devoted mainly to a denunciation of President Roosevelt, who is accused of bossing congress and usurping legislative prerogatives, and to a general arraignment of the Republican party in congress for refusing to order investigations into the postoffice and other executive departments.

Mr. Gorman has probably made the best of a bad situation. He has imbibed wisdom, to a degree, on the canal question by painful experience. He has advanced a more sensible view of the tariff than the Democratic national convention is likely to adopt. Imperialism is merely a filler, for that issue, in a political sense, is as dead as Bryan's cross of gold. It never took any hold upon popular sentiment and the course of the government has disarmed all reasonable criticism. The attack upon the president is a live issue and the Republicans will meet it during the campaign. The chief executive has never coerced congress beyond the measure of his duty as a conscientious administrator. He has resisted by every means in his power the usurpation by the senate of governmental powers never conferred upon it and has set his face hard against the establishment of minority rule by means of the hold-up. That is a legitimate issue to take before the people and we have no fear of the result. The people at this moment would be more disposed toward the abolition of the senate itself than toward an indorsement of the hold-up game.

Little need be said of the charge that congress erred in not ordering investigations of the departments. President Roosevelt ordered an investigation of the postoffice department and carried it through more effectively than any congressional inquiry. The Indian bureau has had a stirring up also. In both cases the president employed eminent Democratic counsel from Senator Gorman's state to see that everything was done fairly. There has been nothing left for congress to investigate. The one attempt it made through Chairman Overstreet's committee resulted in inquiry to congress and the necessity of investigating the investigation. Mr. Gorman's platform does not look like a winner.

Manipulating War News.

The general reader of the war news must have been puzzled by the conflicting cable reports that have been received during the past two weeks. Up to May 14 the dispatches were unusally prompt and accurate in giving results, and these results were almost invariably in favor of the Japanese. Between May 14 and 17 the news consisted mainly of rumors, and after the latter date there were a succession of Japanese losses and reverses, the reports of some of which were evidently delayed in transmission. Since the middle of the month there has been a decided change in the tenor of the dispatches, nearly everything being more favorable to the Russians. Some of these dispatches, however, have been very contradictory. On one occasion they described the movements of a Russian admiral on the same day at points separated by hundreds of miles. On another occasion the capitals of Europe were stirred by reports of a great battle in which 15,000 Japanese were slain, and these reports were reiterated for several days, but up to date there has been no confirmation of such a battle.

The reader who has been trying to follow the progress of events cannot escape the conviction that the news is being manipulated for some ulterior purpose. It is within the bounds of probability that this purpose is the successful flotation of the war loans of the belligerents. It is a fact that the market for the bonds of Russia and Japan has moved automatically with the shifting fortunes in the far east. Between May 7 and May 14 there was an almost uninterrupted advance in the price of Japanese bonds in London and a decline in Russian bonds in Paris, until the former were quoted at the highest and the latter at the lowest prices since the outbreak of the war. Within the same period the $50,000,000 war loan of Japan was oversubscribed many times in London and New York, and the notes were quoted at a high premium. Immediately after the allotment to investors, there was a decline to the issue price, and a corresponding rise in Russian bonds. Paris bankers have been preparing for a large Russian war loan. One part of this preparation has been the accumulation of gold, and since the 8th of last April New York has contributed about $60,000,000. A portion of this represented payment by the United States for the Panama canal, which came very opportunely to swell the hoard of the Bank of France, now amounting to $546,000,000, which is far beyond anything in the previous history of the bank. Another item of detail is the preparation of public sentiment, and this is most easily affected by successfully fought battles. Apparently some of these have been fought on paper. At all events there is ground for the suspicion that some of the news flowing through French and German channels is being colored to suit local requirements. A similar charge has been made by Russia against London because of the latter's sympathy with Japan.

Pressing for Port Arthur.

All official advices from the scene of war in the far east point to the determination of the Japanese to seize Port Arthur at any cost and with no more delay than is absolutely necessary. They have especially mounted naval six-inch guns for the land operations, and it is persistently reported these have been effective in forcing the Russians out of their positions at Kin-Chau, which the military authorities at St. Petersburg thought would be impossible without a long siege. The operations in that quarter have been costly, Gen. Fok having led a Japanese detachment into a trap last week, the loss being over 700 killed, wounded and missing. Since then severe losses have been suffered on both sides.

If it be true that Kin-Chau has fallen so soon, it is probable that Port Arthur will not be able to resist long. The Japanese movement across the Yalu and to Fung-Wang-Cheng proved their ability to surmount what the Russians considered impassable obstacles with apparent ease. The conquest of Kin-Chau indicates the same adroitness. The indifference with which the Japanese permitted a trainload of ammunition to go to Port Arthur after they had possession of the railroad was indicative at that early stage of their confidence that Port Arthur could be taken without a protracted siege.

No doubt the fate of the Hatsuse and Yashino and the Russian preparations with the Baltic and Black sea fleets have increased the determination of the Japanese to have Port Arthur, and to get it quickly. They can afford to make a heavy sacrifice for it, and the fact that the veterans of the Chinese war have been assigned to the task speaks eloquently of the intent to spare nothing in gaining the object.

Meantime Gen. Kuroki is fortifying at Fung-Wang-Cheng and watching Kuropatkin, while Gen. Oku is in position to intercept any attempted movement upon the rear of the army at Port Arthur. No doubt, also, the Japanese are employing the time to store supplies near the coast bases in Manchuria against the possibility of interruption of transport service by Russian fleets to come. The halt of the movement toward Mukden does not mean idleness or inaction.

A cotton crop worth $400,000,000 is estimated for the southern states this year. The boll weevil was evidently not consulted when these figures were sent out.

Perhaps Mr. Cleveland is just now the most interested man in the United States in that old question: "What shall we do with our ex-presidents?"

A week ago we berated the weather man for giving us rain. Last evening we blessed him for the same thing. And such is the way of the world.

Mr. Bryan says he will not have a bolt for the St. Louis convention, the hammer being the only piece of hardware he will take with him.

Ex-Gov. "Bob" Pattison has lain in a good supply of easily adjusted lightning rods in anticipation of what may happen at St. Louis.

If, as President Thomas of the Lehigh Valley railroad says, anthracite is a luxury, bituminous coal must certainly be a necessity.

Russia has asked the sultan of Turkey to cede Palestine lands to the Zionists. How good some children become under the rod!

The Thibetans have stopped the British march of civilization for the moment. Still if peace is worth having it's worth fighting for.

A Kentucky judge recently underwent an operation for water on the brain. Explanations as to how it got there are lacking.

The Japanese have appropriated a Russian plan by leading a Cossack force into a trap. This is the flattery of imitation.

The police department evidently means to show that it has nerve by sitting down on the Fourth of July firecracker.

It is becoming quite generally suspected that instead of standing pat, Mr. Bryan is simply bluffing on a four-flush.

The Japanese are now believed to have the key to Port Arthur. Question: Will they lock or unlock the door?

Yesterday must have been too dry for good work on the part of the Pirates, since the Reds lifted their scalps.

Aroused by competition in political circles, May tried to show us what she could do in the way of hot air.

Everywhere the Hearst presidential boom is classed as a joke. Let us hope it won't be carried too far.

Divorce seems to have become the favorite punching-bag exercise for all the big church assemblies.

At least we can congratulate the Ohio Democracy for having the sense to turn down Hearst.

Artful Dodger Gorman is kept quite busy these days denying things he thinks he didn't say.

Maryland Democrats did not instruct for Gorman. Considered it a waste of time, no doubt.

To arms, patriots! The block house is again menaced.

Talked of in Gotham

By GEORGE C. JENKS.

[By Private Wire to The Gazette.]

NEW YORK, May 26.—New York is daily reminded of the St. Louis exposition by the number of picturesque foreigners passing through and stopping at the hotels of this city. The arrival of dignitaries from other countries began early. Commissioners from dozens of monarchies and principalities came weeks ago to see the exposition and to make sure that the exhibits from the countries they represented were properly arranged. Some of these early visitors are on their way home. They all agree that the St. Louis exposition is in a very backward state, some of them declaring that they never knew a world's fair to be so far behind completion at a time when it was supposed to be open to the public. One commissioner remarked a day or two ago that he had been to a number of world's fairs in the course of his life, but that St. Louis beat them all in tardiness of preparation. He said he did not think the exhibits would be all in place before the first of July, at the earliest. Among visitors from foreign parts who have been seen in New York, few have presented a more brilliant appearance than three Chinese mandarins from Shanghai, who were at the Fifth Avenue hotel today. Their high birth and education were obvious in their bearing, as well as in the magnificence of their garments. All three were tall, stately men, urbane as most Chinese gentlemen are and evidently noting everything about them with the shrewdness of their race. Each wore a robe of purple silk, over which was a black quilted jacket, also of costly silk. On their heads were round hats with buttons bespeaking their rank in the center. They chatted volubly to each other as they walked up and down the long lobby of the hotel, or spoke deliberate English to the clerk at the desk. Shanghai Chinese of the better class mostly speak English, as is natural, when it is remembered that Shanghai is a British port of entry. The three mandarins are on their way to St. Louis.

Broadway Deserted For Handicap.

You could not expect many people to be left in Broadway this afternoon. Thousands and thousands of the usual Broadway strollers had gone to Gravesend for the Brooklyn handicap. They always go. Even when the weather is not such as to make you long to get to the seashore, there is sure to be a general rush to see the handicap. But when, as today, the mercury sizzles near the top of the tube, and the desire to get near the ocean becomes madness, Broadway becomes downright deserted after the early morning hours. It was so today, anyhow.

Brady Threatens to Sue Lederer.

That entertaining writer, the Rev. Cyrus Townsend Brady, threatens to sue George W. Lederer, the theatrical manager, for appropriating the title, "The Southerners," for his new musical comedy. Mr. Brady used the title for one of his books some time ago, and he holds that Lederer is guilty of infringement. The latter affects to treat the threat of an injunction suit lightly, remarking in an off-hand manner, "Some people would like to copyright the dictionary."

Man Who Holds the End Seat.

With the arrival of the "silly season" a new discussion of phases of city life has come forword to give people something to twist about in their superheated minds. It is whether a man is a "hog" who takes and keeps the end seat in an open car. Some alderman started the controversy with a peppery prohibitory ordinance and a lot of other people caught the controversial ball and have kept tossing it about ever since. The question never will be settled, of course, because there are too many opinions in the world, but it looks as if the end-seat fellows have the best of it so far. Their point is that an end seat in an open car is desirable, and that the man or woman who gets it has a right to hold on to it. It seems to be a choice between being walked on or walking over other people in getting in and out. The ordinance has not passed.

Parkhurst to Sail For Europe.

This is the last day we shall have Dr. Charles H. Parkhurst with us. He is booked to sail for Europe tomorrow for his summer vacation. He has issued a very childishly-composed statement to the people through the press, giving his opinion of the city of New York and its government. He said this morning he had nothing to add. Perhaps it is as well. He gave one catchword to the unregenerate New Yorker last winter, when he talked about the "lid," but there does not seem to be anything in his latest Jeremiad to be worth considering, much less repeating.

Sings in New York to The Gazette.

When Miss Ruby Cutter Savage turned her back to the vast assemblage in Madison Square garden this evening, in the middle of the Duss concert, and sang her solo through the "electrophone," into The Gazette office in Pittsburgh, the effect was both dramatic and uncanny. Involuntarily, the singer accompanied her voice with such gestures as give visible emphasis to the sentiments she uttered, although the audience 500 miles away could not, of course, know anything about her corporeal presence except by induction as they listened to the music over the electric wires. The people in the garden enjoyed the rare sensation of hearing a concert singer throwing her voice into an enormous brass trumpet instead of into the body of the hall. Everybody was curious to know how the music sounded in Pittsburgh, and there was a general belief expressed that The Gazette was enjoying a rare treat.

Where the "Schooners" Are Largest.

One of the generally little noticed consequences of a sudden hot wave in Manhattan is a big increase in the business of saloons where they give very large "schooners" of beer for 5 cents. Many drinkers on a hot day who have the time will go to the Bowery, or to some of the cross streets uptown, where large glasses of beer are an institution. The small glasses used in Broadway cafes are despised by men who are boiling in a 90-degree heat. They know that on the East Side there are a dozen places where a sign outside the saloon promises "the largest beer in the city—5 cents." This is generally written across a picture of an enormous glass, about three feet in height, and the unsophisticated observer may believe that the glass served over the sticky bar in the inside gloom of the place is as large as the picture. The glass is not three feet high, but some of them in use are one foot, and that means a great deal to a thirsty man, who perhaps is spending his last nickel to quench his thirst.

Suspension Heard in Silence.

There was sudden silence in the New York stock exchange this morning, soon after the opening of business, when President Pomroy rapped loudly with his gavel. He announced the suspension for five years of Isaac B. Newcomb, for violating an important rule of the exchange. Mr. Newcomb had been a member since 1863. The scene was an impressive one. A moment before, the vast hall had been thunderous with the clamor of trade. At the first stroke of the gavel you could have heard a whisper.

The Quiet Observer

By ERASMUS WILSON.

When a man ain't got a cent, and he's feeling
kind o' blue,
An' the clouds hang dark an' heavy, an' won't
let the sunshine through,
It's a great thing, O, my brethren, for a feller
just to lay
His hand upon your shoulder in a friendly sort
o' way;

It makes a man feel curious; it makes the teardrops start,
An' you sort o' feel a flutter in the region of
the heart;
You can't look up and meet his eyes; you don't
know what to say,
When his hand is on your shoulder in a friendly
sort o' way.

Oh, the world's a curious compound, with its
honey and its gall,
With its care an' bitter crosses; but a good
world, after all,
An' a good God must have made it—leastways,
that's what I say
When a hand rests on my shoulder in a friendly
sort o' way.

—James Whitcomb Riley.

James must have been there, don't you think? He never could have guessed it so well, nor could he have written it just of his head.

But he got it about right, anyhow, as many of us can testify, and those who don't know from experience that it is just right will gladly accept it as true, because of the humanity there is in it.

For this are poets born. They see, and feel, and can tell. We see, and feel, and know, but can't tell. But when the poet tells we stand ready to pat him on the shoulder in a friendly sort o' way, and thank him for saying what we would have said if we could.

* * * * *

There may be loftier themes than this, and there may be grander poems, but there are not a great many poems that please the people better, nor many themes that are more heartsome.

You see, we are all human, even if some do claim to despise the feelings and sentiments common to ordinary mortals. For this reason we are always interested in whatsoever possesses human interest.

It is this that makes a play go. No doubt you have gone to see great plays and was very glad when the curtain went down on the last act. And you may have joined in applauding, or even agreed that the plays were great, but your heart would not agree to your saying they were interesting.

A play may be great from a literary point of view, or as a piece of stage carpentry, or as a combination of novel effects, or it may be great through great acting. But none of these appeal to the heart, only to the intellect through the senses of sight and sound.

Such a play is more or less pleasing, but never satisfying.

* * * * *

You have seen Sol Smith Russell in "A Poor Relation," of course.

Well, there was a play without a little bit of literary merit. And, as for a story, it amounted to almost nothing, while there was no chance for striking stage effects, nor for great acting. But that play filled theaters night after night, while so-called great productions were playing to empty houses.

Mr. Russell tried many times to shelve the old play, but each time was compelled to bring it back. The people wanted it and they must have it. He paid big money for new plays, and invested large sums in staging them, but before the season was well begun he would have to send for his old clothes and the two kids. Then would business begin to boom.

And all because of the human interest in the poor relation, whose heart was all right.

And you may recall even now the true sympathy you had for the dear fellow, and how glad you were when luck would come his way just a little. And didn't you chuckle with delight when O'Haley gave him that reinforced glass of milk?

* * * * *

You may never have thought "A Poor Relation" was a great play, but just now, honest Injun, wouldn't you rather see it than any play you have seen this season; that is, if it could be produced as Russell produced it?

He never really tired of playing it, but he couldn't help feeling that it was a very ordinary and common sort of play. And, like all good players, he wanted something fine and great, and was ever on the lookout for a playwright who could construct a typical American comedy. A standing offer of $25,000, with more to follow, failed to get the play.

However, Sol, the dear fellow, will long live as a typical American comedian, and it will be many a long day before "A Poor Relation" is forgotten.

Mr. Russell himself possessed a great deal of human interest, not only on the stage, but off, for he was himself, just plain, wholesome Sol Smith Russell, wherever you might meet him. He was a clean man, not given to telling unfit stories, nor to using vulgar language, nor inclined to humbug the people. He was a decent man any way you might take him. No doubt this helped to make him lovable.

* * * * *

After all, isn't it the fellow who knows how you feel, and you know that he knows, that you want to snuggle up to?

This sort of feeling begets real kindness—the kind that does a fellow good when he is sore distressed. It is the same feeling that warms the heart of the genuine Christian and the real neighbor.

No doubt there have been times in your life when to have felt a friendly hand on your shoulder would have been more to you than all the sermons you had ever heard, or all the stories you had ever read. Not the hand of a hail fellow well met, but a hand so charged with human interest that it would cause your heart to bound with gladness and to cry out, as hearts ring: God reigns, and some of His people still remain on the earth.

Have you that sort of a hand, and do you ever lay it on a shoulder that is sagging under some depressing weight? If so, haven't you felt your own heart thrill with very thankfulness for the opportunity to do the right thing at the right time?

It doesn't cost much to lay your hand upon the shoulder of a brother man, but it pays mighty well.

Who has not wanted does not guess
What plenty is. Who has not groped
In depths of doubt and hopelessness
Has never truly hoped.—
Unless, sometimes, a shadow falls
Upon his mirth, and veils his sight,
And from the darkness drifts the light
Of love at intervals.

One Debt to Canada

THE STROLLER.

I was talking to a well-known florist in his shop when a young man entered and asked for a dozen roses. The flower man took the nodding beauties out of the cooler, put them in a neat box and handed them over the counter.

"How much?" said the youth.

"One-fifty."

The young fellow seemed surprised and laid down a bill and a coin with an air of having received his money's worth. Then he went out the door, wearing a happy look of anticipation.

"That seems rather a reasonable price," I remarked.

"It is," replied the beauty expert, "and those are some of the best roses we handle, too."

"But I have always had to pay from $2 50 to $3 for mine."

"Yes. Your retailer bought his flowers from the wholesalers in New York or Philadelphia, to whom he paid a stiff price for them."

"Well, don't you do the same?"

"No, sir; that is, only when I am compelled to do so. Those roses that I just sold came from Canada."

"From Canada!"

"Yes. Brampton, Ontario. There is a firm up there who know how to raise flowers. I send them a telegraph order, say about 2 o'clock this afternoon. The blooms are shipped from there to Buffalo. They catch the night express for Pittsburgh, and I get them at 7 o'clock tomorrow morning. Now I pay 35 per cent duty on them, in addition to the cost price, and yet can undersell the home-raised product. The reason is that there is always a heavy demand on the eastern markets and they charge exorbitant prices because of it. And it is next to impossible to raise sufficient flowers here because of the smoke and dirt.

"One of our principal home-growers was forced to move to Butler, because the glass on his hot houses was constantly covered with a sooty kind of paste, which obstructed the sunlight and cast a shadow on the plants.

"Now up in Canada the atmosphere is clear, so that they can raise flowers with great success. Their roses are more hardy, too. Those which you see in the window have been there a week.

"Besides, the Canucks are satisfied to get a reasonable price for their goods.

"That's why I import my roses."

"Merrily We Row Along."

A certain prominent Pittsburgher, having an office in the Frick building, took a little trip the other day on which he had such a good time that his associates are declaring they will go and do likewise. Last summer this same man made himself famous among his friends by crawling to the top of the huge glacial peaks on the shore of Flake McDonald, in the Flathead country of Northern Montana.

Several days ago the sun began to shine so brightly and things looked so summer-like that the restless urban concluded he would just have to do something. Finally an idea struck him.

He went down to a boathouse near the Sixth street bridge and chartered a 16-foot skiff. Then he went home and told his wife and two daughters.

Things got busy in the kitchen. Shortly a provision packing department was established. Suitcases, handbags and hampers were pressed into service. The man of the house contributed two fishing poles, a takedown rifle and a lot of accessories to both branches of the sport. Then the whole caboodle stored themselves in the dory, and set sail for Steubenville, down the Ohio.

The weather was perfect, and as they floated on the current they sang and laughed and made merry. At meal times they stopped along the shore and had delightful picnics. When night fell they hastened to the nearest hotel.

They landed in Steubenville, shipped the dory back by packet, and took the train home themselves. They were gone three days.

The Tilt of the Lid.

"Do you know," remarked a clever young woman to me "that few men have their hats on straight?"

"She?" I exclaimed, feeling of my lid.

"Fact. They nearly always get them on at a slight angle. Why, a woman can tell pretty nearly all about a man and his position in life by the way he wears his hat. As for men who are interested in sporting events, it's a sinecure. They nearly always have theirs tilted forward over one eye. Lawyers are fond of soft felt hats, which they pull somewhat down on their foreheads. Business men push theirs to the back of their heads. And so on."

Moral: Stop, look, fix it.

Signs of the Times.

A certain candy store in Sixth street had a paper placard pasted on the window which certainly was calculated to attract attention. It said: "Try our Scotch kisses!"

Now, there were four or five trim lassies behind the counter, who might have been Scotch for all I know. Anyhow I watched them demurely weighing and packing various colored sweets, while the thirsty males across the aisle ogled and smiled.

But not one of them tried those kisses.

They Do Most Everybody.

Two young men have a truck stand in an alley which opens into Market street. I stood beside their corner about 3 o'clock in the afternoon, when the crowds were passing up Market street. They had a couple dozen baskets of strawberries on view, with small heaps of cucumbers piled here and there. The berries were marked 15 cents and the cucumbers 5 cents. With many startling cries and shouts the two youths and their boy assistant drew the attention of the passersby to their wares. They would perform some clever little blunder on the sidewalk, such as upsetting a few baskets, in order to temporarily stop the stream of humanity. It worked, too. They sold the goods.

OVERNIGHT ENTRIES.

Democratic National Handicap, to be Run at St. Louis—Purse, $200,000.

For horses that have won at state events. No "dead horses" to be entered. Horses entered and scratched by bosses will not have entrance fee returned. No money refunded. The horse that wins will owe the club more than the purse amounts to, and owners must present qualified financial backing before making entry. Remember, this is not for cheap horses. Any owner selling his entry before the race to another boss in the race must cut the money in half with the club. Pedigrees must be presented beforehand.

OFFICIAL FORM CHART.

Horse	Owner	Odds
Grover Cleveland	The People	2 to 1

Likes easy going. Has been on pasture for a few years, but looks "fit and ready." Won two National handicaps and ran second in a third.

Alton Parker	Dem. Riding Assn.	Even money

Good horse in any kind of going. Has won one Judicial handicap and might have won more if he had not been scratched.

William J. Bryan	For Sale	16 to 1

Always kept in harness; wants to go all the time. Won one Congressional handicap and ran second in two National handicaps. Good wind. Poor owners been greatest trouble.

Richard Olney	Massachusetts	20 to 1

Finished first in one National Attorney handicap. Has been finished ever since. Trouble seems to be he was broke wrong. Always wants to run wrong way of track. Owners think him a good horse.

William R. Hearst	A. Brisbane	Marked down to 90 to 1

Owner thinks too much of animal. Has only won one State event and then in company with poor selling-platers. Is willing to run in any kind of going and any time. Like mud. Throws it often. Is very tame and will not bite.

Bookmakers will notice that this is not altogether a "Dutch" book, and is a safe betting proposition. The favorite seems to have the most chance. Take all the Hearst money you can get. You won't have the opportunity soon again. Be careful of Bryan. He is a "dope" horse, but you can tell if he has been drugged, for he always acts unruly. Olney is an aged horse and short on wind. Have no fear of him. —Town Topics.

PRESIDENT TALKS SHARPLY TO KEAN

Tells Senator Very Pointedly That He Favors Cortelyou for National Chairman.

NEW JERSEY MAN FLUSTERED

THE PITTSBURGH GAZETTE BUREAU,
Room 10, Postal Building.
WASHINGTON, D. C., May 26.

President Roosevelt, from present indications, has no intention of changing his mind as to the availability of Secretary George B. Cortelyou for Republican national chairman. It now seems certain that Cortelyou will be the man. After several months of discussion as to the merits of numerous politicians in connection with this position, the leaders of the party seemed to be unable to agree. Every name that was brought to the front was met by objections from some quarter. A few weeks ago the president decided to settle the dispute, it being conceded that the candidate should have the privilege of practically naming the chairman, although he is elected by the national committee. President Roosevelt selected Mr. Cortelyou and let it be known that he was the choice of the White House.

Mr. Cortelyou's popularity is great and while there has been some objection to him as chairman, it is based solely upon his inexperience and not upon any personal dislike. Among the leading Republicans who have been quoted as preferring some other chairman than Secretary Cortelyou, are Senator Fairbanks of Indiana, and Senator Kean of New Jersey. They both believe that a more experienced politician should be entrusted with the details of the campaign, though they recognize the ability of Mr. Cortelyou.

Today Senator Kean called at the White House regarding a judicial appointment in his state and after that business had been settled he took occasion to discuss with the president the selection of Secretary Cortelyou for national chairman, telling the president that he feared a mistake had been made in the matter. Now it happens that when Governor Murphy of New Jersey was under consideration for the chairmanship, Senator Kean was opposed to him for political reasons. Mr. Kean's term in the senate expires next March and he is a candidate for re-election. He no doubt feared that if Governor Murphy should conduct a successful campaign for the presidential ticket, it might give him aspirations for the senatorial toga, and consequently he preferred that some one else to made chairman. He was reminded of this when he opened the discussion with the president today, and furthermore he was given to understand in plain terms that so far as the president was concerned he favored Mr. Cortelyou. When the senator emerged from the president's private office, his face was flushed and he was so flustered that he would not stop to talk with the inquirers. Evidently his interview with the president had been of the strenuous kind and he is not likely to offer any further suggestions along the line of the chairmanship.

MANY FOREIGNERS IN PUBLIC INSTITUTIONS

Commissioner General Sargent Thinks Congress Could Draw Exclusion Lines Closer.

[By Private Wire to The Gazette.]

WASHINGTON, May 26.—The investigation by the commissioner of immigration brings out the rather startling fact that New York state has in her penal and charitable institutions something like 14,000 aliens.

The progress of the investigation has convinced Commissioner General Sargent that congress should draw the lines closer in excluding aliens who promise to become public burdens. He has found that a goodly portion of the occupants of penal and charitable institutions throughout the country are foreigners who have only recently landed in the United States.

When the present inquiry is completed the figures and recommendations will be presented to Secretary Cortelyou and by him sent to congress.

SHOT ENDS THE LIFE OF VISCOUNT D'OYLEY

Mystery Surrounds Death of Son of Titled American in Paris.

[Associated Press Cable to The Gazette.]

PARIS, May 26.—Yvon Evans, known as Viscount d'Oyley, a son of the American dentist, Dr. John Evans, died today at a private sanitarium as the result of a bullet wound received under mysterious circumstances. Dr. Evans is a nephew of the famous Dr. Thomas Evans, who assisted Empress Eugenie in her flight from Paris after the Franco-Prussian war. Dr. John Evans, who came from Baltimore, received the title of the Marquis d'Oyley from the pope, his older son assuming the title of Count d'Oyley and the younger that of Viscount d'Oyley.

The viscount, who was 24 years old, recently became enamored of Mme. Pfiucker, a Peruvian who was sojourning at Vichy. Despite the protests of his family, the viscount and the Peruvian visited the Riviera, where they remained at Cannes for some time. Dr. Evans energetically protested against his son's course, and finally cut off his income. This brought the couple back to Paris, where they arrived a week ago, going to the hotel d'e Rivoli.

At 5 o'clock last Monday evening a shot was heard in the viscount's chamber. When the proprietor of the hotel reached the chamber, he found the viscount on a bed, with a wound in his left breast. Mme. Pfiucker, who was in the room, said that the viscount had shot himself, and the wounded man confirmed this statement, saying that the shooting took place while he was handling a weapon.

Mme. Pfiucker was interrogated by the police, and later was given provisional liberty, but was told to hold herself at the disposal of the authorities. She bears out the theory of suicide by showing two letters which Viscount d'Oyley had addressed to the authorities, stating that it was his intention to commit suicide owing to family difficulties.

Would Abolish Cotton "Corners."

ZURICH, May 26.—The first international congress of master cotton spinners, which assembled here Monday, adopted a resolution today to establish a permanent international organization to watch the interests of the cotton trade, urging all the governments concerned practically to support the efforts being made to increase the supply and requesting the cotton exchanges of New York, New Orleans, Liverpool and Alexandria to co-operate in order to prevent corners.

PENNSYLVANIA CLUB FORMED AT CAPITAL

Two Organizations in Washington Unite—Col. W. R. Andrews President.

[By Private Wire to The Gazette.]

WASHINGTON, D. C., May 26.—The Pennsylvania club, composed of Keystone state residents in Washington, has been formed by the union of the old Pennsylvania club and the Philadelphia club. The new organization now has a membership of 400, which it is expected will be increased to at least 600, as there are fully 2,000 Pennsylvanians living in the city. A house at Fifteenth and K streets has been leased and will be used as a club house. Billiard and reading rooms will be provided and Pennsylvania newspapers will be kept on file. Col. W. R. Andrews, private secretary to Senator Penrose, and secretary of the Pennsylvania Republican state committee, is president of the club, and the other officers are:

First vice president, Charles Meier; second vice president, T. V. Powderly; third vice president, Capt. H. A. Cobaugh; board of governors, Charles Meier, W. G. Russell, H. M. Potts, J. K. Dawes, H. K. Dougherty, S. R. Stratton, Edward J. Fasey, Edwin S. Arnold and William Linn; treasurer, W. B. Stewart; sergeant-at-arms, William Kraft.

There will be three classes of members of the club. Active members must be voters in Pennsylvania resident in this city; auxiliary members will be voters and residents of Pennsylvania, who come here occasionally, and honorary members may be elected from any of the states.

EXERCISES IN SCHOOLS.

Pupils Will Hold Memorial Exercises and Hear Addresses by Veterans.

Memorial day exercises will be held in many of the public schools in Pittsburgh, Allegheny and the surrounding towns this afternoon and evening. Members of the Grand Army of the Republic posts in this section will attend the exercises and, with members of the board of directors of the schools, will make addresses.

The exercises will be similar to those held in the schools in past years and will consist of patriotic songs, recitations and instrumental music by the pupils. Committees from the various Grand Army posts will also receive flowers for the decoration of the graves of their comrades on Memorial day from the pupils.

Pure Wool Face
Tapestry Brussels Carpet, 60c a Yard

Full Extra-Super
Wool Ingrain Carpet, 65c a Yard

If every prospective carpet buyer could know the good values back of these two prices, as well as we know them, the big stocks of these two lines would find new owners within the next 24 hours. Best patterns go first; first customers will fare best.

The Tapestry Brussels Carpet for 60c a Yard

The important and unusual point is, they are wool face—not jute or cotton, which is usual at this price. These are the best inexpensive carpets we have offered for the summer home or for use all the year at home. Room, hall and stair patterns. A good variety of patterns and colors. It is true economy to save on carpets like these, and 15c saved on every yard is quite an item. 54c a yard if you pay cash or in 30 days.

Strictly All-Wool Ingrain Carpet, 65c a Yard

These durable, easily swept carpets are winning back their old-time popularity—and rightfully. When one considers the long years of service; the way the colors hold; that the pattern runs clear through—really two carpets in one; that they are 9 inches wider than other carpets, requiring a fourth less yards to cover the floor; that they are the best all-wool two-ply Ingrains made. We have the same grade with cotton in the chain—to give them toughness, at 55c a yard.

OLD HUMP WILL MOVE TO POINT

Pennsylvania Railroad Wants Dirt to Raise Its Warehouse Property Nine Feet.

MAY MEET WITH OPPOSITION

Property owners of the Point, outside the district bounded by Penn avenue, Water street, Duquesne way and Third street, will learn to their surprise that a tract 1,600 feet long and 650 feet wide is to be raised nine feet. The property belongs to the Pennsylvania railroad, and the earth to go on the land will be taken from the hump—if the people vote for the removal of the hump. The announcement of the project will put the block house and all other property at the Point nine feet below the Pennsylvania railroad's warehouse, was made by Director Bigelow yesterday.

The plan for the Pennsylvania's property, on which great warehouses are to be built, call for a system of tracks with wagon drives between. The historic block house will be left down in a hole, its roof just sticking above the ground. The exposition authorities may oppose the project.

Director Bigelow said the Pennsylvania railroad would want the earth from the hump and would pay 50 cents a cubic yard for it, thus netting the city $100,000 for the waste product. The city, however, the director said, would want none of the dirt itself, for the government had directed that the Union bridge be raised 30 feet, which would mean that Water street from Penn avenue down would have to be filled up. The exposition buildings would be materially benefited, the director admitted, and he said he had engineers at the Point to ascertain how an entrance to the new hump from Duquesne way could be obtained and exactly what effect would be had on the exposition buildings.

It is admitted that even those who were in favor of granting the Pennsylvania railroad the privileges it asked for at the wharf never contemplated filling up the territory. They thought immense warehouses would be built, with elevated tracks running through them and the railroad authorities have found that it is much cheaper to pay $100,000 for dirt than perhaps pay ten times as much for additional superstructures and foundations to accommodate elevated tracks.

The committee on charities was called yesterday, but there was no quorum. The committee has before it bills for work at Marshalsea three years old. Various efforts have been made in the last two years to get the committee to meet, both under the former and the present administration, but never have the necessary 12 members for a quorum been present.

Councilman A. G. Roenigk announced himself yesterday as willing to pay $5,000,000 for the Monongahela Water Company, if necessary. There are, however, other citizens who do not accept the solicitor's dictum that the water company has all rights under its contract with the city and that the city has none, and who believe the courts would decide that the city is not bound by an agreement that is ruinous to it. They may oppose, as was said yesterday, any proposition to pay the water company for its plant more than its actual value.

AVERY TRADE SCHOOL HAS COMMENCEMENT

Class of 14 Women Hears Interesting Address by the Rev. Dr. J. Leonard Levy.

The annual commencement exercises of the Avery Trade School were held last night in the school at Avery and Nelson streets, Allegheny. The address to the class was made by the Rev. Dr. J. Leonard Levy, rabbi of the Eighth Street temple. Every student enjoyed the advantages possessed by the young colored women in the graduating class. The value of the accomplishments taught them during their school life were pointed out. Dr. Levy said that, equipped as they were to face the world, it was now their duty to strive to make the most of their opportunities and to live useful and Christian lives.

The Rev. W. W. Brown opened the exercises with the invocation. The Rev. S. Edward Young spoke to the class and urged the development of the high ideals set before the class by their instructors. Dr. G. G. Dunlley, president of the faculty, awarded diplomas. Martha Jane Rogers and Ardelia Harris contributed musical numbers. The benediction was pronounced by the Rev. J. W. Gazaway.

The names of the graduates follow: Mrs. Lucy Coleman, Jo Carter, Mamie Coborne, Florence Davis, Luella Hose, Rosa A. Calhoun, Ida Wamzer, Harriet I. Robinson, Mary Brooks, Laura Douse, Mary Jones, Florence Jackson, Olga Smart, Jemeta Reeder.

FOUND FEEBLE AND DYING.

Mrs. Mary Boyd Lived as a Recluse in Wilson Street.

Mrs. Mary Boyd, aged 76, of 1419 Wilson street, was found at her home in a dying condition yesterday. The woman had been ill for about 10 days and without medical attention. Capt. Bartley was informed by neighbors the woman had not been seen for about a week and it was thought she was dead. The officer made an investigation and found the woman weak and feeble. Although a woman of means, Mrs. Boyd refused to have any one about her.

"I am going to die and I want to be alone," she told the officer.

She was cared for last night, and this morning she will be taken to Marshalsea. Mrs. Boyd refuses to divulge anything pertaining to her life.

Cases of Infectious Disease.

The following cases of infectious disease were reported to the bureau of health yesterday: Typhoid fever, one case, in the Thirteenth ward, two in the Eighteenth, three in the Twenty-first, two in the Twenty-third and one in the Twenty-sixth ward; scarlet fever, one each in the Seventeenth and Eighteenth wards.

APPROPRIATION IS NOW DIVIDED

What Schools of Each County and District Will Receive for Next Year.

SLIGHT DECREASE IS SHOWN

THE PITTSBURGH GAZETTE BUREAU,
HARRISBURG, PA., May 26.

The majority of the school districts in Pennsylvania will receive less money for the support of their common schools for the year beginning the first Monday of June than they received in 1903.

The department of public instruction today completed the calculations for the next year and will begin the issuing of the warrants to the districts as soon as State Treasurer Mathues is ready to pay them. Mr. Matthues will probably follow the custom of withholding payment to the districts during the summer vacation.

The regular annual appropriation made by the last legislature is $5,500,000. From this amount the legislature deducted $237,500 for the state normal schools and $50,000 for the township high schools, leaving a balance of $5,212,500 for the common schools.

The amounts received by the several districts next year will vary somewhat from those received for the year about closing, owing to the fact that the appropriation for next year is based on new returns of teachers, resident taxables and children between six and sixteen years of age. The appropriation will be distributed on the basis of $55.62 per teacher, $1.42 per child and 87 cents per taxable.

Some districts will receive more, others less, depending on whether the increase in the number of teachers, children and taxables in a district has been greater or less than the general increase throughout the state.

The fourth and last installment of the special appropriation of $1,000,000, made by the legislature of 1901 to cover the deficiency in the fund made by the reduction by Gov. Stone in 1899, will be paid next year. The gross amount is $250,000, and its distribution is based on the appropriation of 1903.

Following is a complete list of the amounts to which each county in the state is entitled out of the regular and special appropriations for the school year beginning the first Monday of June next:

Adams, $31,712 47; Allegheny, $236,301 63; Armstrong, $54,318 80; Beaver, $53,769 52; Bedford, $43,247 03; Berks, $142,066 18; Blair, $74,466 16; Bradford, $50,995 96; Bucks, $60,648 01; Butler, $55,420 74; Cambria, $97,788 35; Cameron, $4,780 50; Carbon, $30,132 60; Centre, $41,832 47; Chester, $84,127 74; Clarion, $35,848 86; Clearfield, $80,236 27; Clinton, $28,903 23; Columbia, $41,528 01; Crawford, $68,771 04; Cumberland, $45,981 41; Dauphin, $101,256 95; Delaware, $74,627 45; Elk, $20,928 05; Erie, $92,928 05; Fayette, $99,109 73; Forest, $11,709 53; Franklin, $51,028 53; Fulton, $11,376 79; Green, $30,587 67; Huntingdon, $36,440 96; Indiana, $46,268 07; Jefferson, $64,381 33; Juniata, $16,705 63; Lackawanna, $104,381 58; Lancaster, $135,009 04; Lawrence, $49,911 94; Lebanon, $50,412 71; Lehigh, $85,663 23; Luzerne, $220,160 07; Lycoming, $74,287 32; McKean, $47,321 14; Mercer, $94,746 02; Mifflin, $25,700 38; Monroe, $21,880 24; Montgomery, $113,400 07; Montour, $13,102 70; Northampton, $93,758 50; Northumberland, $75,022 10; Perry, $27,914 06; Philadelphia, $1,305,585 75; Pike, $8,748 76; Potter, $28,792 17; Schuylkill, $137,127 46; Snyder, $18,782 06; Somerset, $53,620 07; Sullivan, $13,826 39; Susquehanna, $43,132 08; Tioga, $50,425 08; Union, $16,022 07; Venango, $50,045 85; Warren, $38,703 11; Washington, $94,847 16; Wayne, $30,936 80; Westmoreland, $137,128 80; Wyoming, $18,663 52; York, $112,183 66.

SEVERAL AGENTS ARE ELECTED

Nine General Conference Officers Chosen by Methodist Delegates at Los Angeles.

ELEVEN BISHOPS CONSECRATED

[BY ASSOCIATED PRESS TO THE GAZETTE.]
LOS ANGELES, May 26.—The Methodist general conference decreed its unrest today to the election of the general conference officers, including publishing agents, secretaries and assistant secretaries of the various societies. In several cases the first ballot failed to show an election and the second one was taken, the result of which will not be announced until tomorrow morning.

The following were elected: Homer Eaton and G. P. Mains, publishing agents, New York; H. C. Jennings and E. R. Garham, publishing agents, Cincinnati; A. B. Leonard, secretary of the Missionary society; J. M. King, secretary of the board of church extension; M. C. B. Mason and W. T. Therkield, secretaries of the Freedmen's Aid and Southern Aid societies; Robert Forbes, assistant secretary of the Church Extension society.

There were numerous candidates for secretary of the Sunday School union and Tract society, and of the board of education and of the Epworth league. The first ballot failed to show an election in any of these cases.

S. J. Herbin was elected editor of the Epworth Herald on the ballot taken late yesterday and announced today.

The conference today, on motion of Dr. Buckley, reconsidered its action by which it received the report of the book concern yesterday, in order to enlarge the commission which is to formulate a plan for the unification of the book concern. This commission, as finally constituted today's action, comprises 17 instead of seven members originally provided for. Six are to be ministers, six laymen and three bishops, and the entire commission is to be appointed by the board of bishops.

Tonight, at the pavilion, the most impressive ceremony in the Methodist ritual was performed, the consecration of the 11 newly-elected bishops.

ALL MINDS ON ACCIDENT.

Rivermen Talk Only About Fred Wilson and Her Crew—Good Packet Water.

The accident to the Fred Wilson was the only subject of conversation among rivermen yesterday. Crowds swarmed around the Monongahela wharf all day to discuss the explosion.

The rivers are still rising and towboats are hurrying back from down river so that more coal can be shipped. There is little coal in the harbor, but mines are working full time and it will require but a short time to fill up the landings again. The Big Kanawha packet arrived yesterday for the first time. She took the place of the Avalon in the Pittsburgh-Parkersburg trade. She had a good trip in and out. The Greenwood will arrive today from Charleston and the Virginia will be here from Cincinnati tomorrow. The present stage is a good one for packets and business is reported excellent, both up and down river.

No Bridegroom for Wedding.

Alderman L. N. Morgan of McKeesport was yesterday called on to supply a groom for a wedding, but not being able to do so advised the prospective bride to postpone the wedding until her intended husband could be found. Mary Antovich, a Slavish girl, was to have been the bride of John Busha. He cannot be found.

Is there a lack of harmony in your Department of the Interior?
A little less meat.
A little more "FORCE."
Often that restores the balance.

FILTRATION AND HUMP BONDS WILL BE FOUGHT

Republicans Open Campaign for Councilmanic Election in Thirty-Second Ward.

The campaign of T. A. Milby, Republican candidate for common councilman in the Thirty-second ward, was opened last night. Opposition to the filtration and hump bond issues was announced.

The speakers were Dr. A. J. Barchfeld, Judge Josiah Cohen, H. I. Riley, F. C. Beinhauer and Albert Y. Smith. A procession headed by a brass band and marshalled by George Waggoner preceded the meeting in Maennerchor hall. A large crowd was present when Elmer C. Brown called the meeting to order. Joseph Lewis, the former controller, was made chairman.

Mr. Bienhauer worked up enthusiasm by his assertion on the filtration project. He asked: "Why is it lives are to be saved in Pittsburgh, but none are to be saved on the South Side?" The omission to include the South Side was a gross injustice and was a vital issue in the present situation, he declared. Talking about the hump, he said: "Let those who are to be benefited go down into their pockets and pay the second time the same as you have to do if you remove any of your humps here."

Judge Cohen soared above the local situation, pleading ignorance on account of his residence in Allegheny. He touched on the general features of Republicanism.

Albert York Smith commented that the men benefited who propose to waive damages could not be blamed for accepting the opportunity. Mt. Washington residents, he asserted, would be glad to have the surplus ground have after the mount removed at the public's expense.

H. I. Riley declared the proposition to remove the hump was one the expense of which should be met by the millionaires whose property would reap the benefit.

Dr. Barchfeld, Thomas Bigelows, Director Bigelow's figures on the removal of the hump were held up to ridicule by the speaker as he told about the assurance of Mr. Bigelow that the boulevard would cost a quarter of a million dollars when it cost three times that figure. The removal of the hump, the doctor declared, would cost the city $20,000,000, and not a cent less. The filtration bond issue, if made, he said, would all be used, and there would not be 20 cents left.

Mr. Milby was introduced and promised he would be faithful to Republican principles.

Will Build a Footbridge.

The councilmanic committee on bridges met last night, after having failed to have a quorum in the afternoon. An ordinance transferring $5,000 from the Point bridge appropriation to build a foot bridge in Melanchton street, over the Baltimore & Ohio railroad tracks, was returned to councils with an affirmative recommendation. The money can be transferred from the Point bridge appropriation because Director Bigelow overestimated the cost of the repairs to that structure, which are $94,000, instead of $150,000, the amount the director said was necessary and which councils appropriated.

HEAT KILLS TWO MORE AND PROSTRATES FOUR

The Rain and Thunderstorms Brought Slight Relief to This Section Yesterday.

Thunderstorms, accompanied by heavy rainfall, cooled and cleared the atmosphere slightly yesterday and kept the temperature down to 86 degrees. In spite of the cooler weather people sweltered during the day, and two deaths and four prostrations due to heat exhaustion have been reported.

THE DEAD:

LOUIS BERGER, aged 31, a Russian Jew, died of heat exhaustion at his boarding house, 1526 Penn avenue.

MRS. MARTHA ELLA WHITE, aged 36, was found dead at her home, 5 McIntosh court, Allegheny, by her husband, W. J. White, when he returned from work.

THE PROSTRATED:

PETER KILGORE, of Port Vue, near McKeesport, was overcome while working in the National Tube Company's plant in McKeesport.

HENRY MARTIN of McKeesport, was overcome by heat in the pipe department of the National Tube plant.

H. J. WOLFE of McKeesport, was overcome by heat in the National Tube plant.

JOHN KAIN, aged 54, of 1105 Forbes street, was prostrated by heat in Forty-fourth street yesterday.

Berger had been in this country only 11 days and was prostrated while working in the American Steel and Wire Company's plant in Fifteenth street on Wednesday. He died yesterday morning at his boarding house and at 3 o'clock in the afternoon was buried in the Hebrew cemetery at McKees Rocks. Berger is said to have a wife and two children in Russia.

Mrs. White had been suffering from heart trouble for some time, and yesterday at noon complained of pains in the region of her heart. Her dead body was found on the kitchen floor by her husband when he returned from work last night.

The relief from intense heat will continue over today, according to the Washington weather man, who predicts showers, followed by fair and cool conditions today, and fair and warmer weather for tomorrow. The rainfall yesterday measured .43 of an inch. The humidity was 80 at 8 o'clock last night.

May Consolidate Postoffices.

Postoffice inspectors have recommended that the postoffices of Elliott and Mt. Oliver be consolidated with the Pittsburgh office, according to a dispatch to The Gazette from the capital. The report will be submitted to Fourth Assistant Postmaster General Bristow on his return to Washington. The supervising architect of the treasury has made a shift in the recently ordered changes of offices in the Federal building here. The postmaster's office will be moved to the second floor.

Entertainment for Orphans.

The work of building the seats and boxes in Recreation park, Allegheny, which are to be used for the United Labor carnival, commencing June 11, and continuing to June 25, is progressing rapidly. Manager Berger made a proposition to the committee of the United Labor league yesterday which was accepted. It was to provide free entertainment for the children in various orphanages in and about Pittsburgh during the carnival.

PAPAL NUNCIO ABSENT FROM LIST OF CALLERS

Does Not Head List of Visitors to the French Foreign Office.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]
PARIS, May 26.—The absence of Mgr. Lorenzelli, the papal nuncio, from the callers at the foreign office on this the regular diplomatic day, was construed by his colleagues as being further evidence of the interruption of diplomatic relations between the Holy See and France. As dean of the diplomatic corps, Mgr. Lorenzelli has invariably headed the visitors.

The foreign minister, Delcasse, informed the ambassadors that M. Nisard's recall from his post as ambassador to the vatican was absolute and unqualified. The minister gave evidence of interest to learn what relations the other governments sustained towards the vatican. Owing to the similarity of the institutions of France and the United States, he particularly inquired concerning the details whereby church and state were kept entirely separate in the United States.

The members of the diplomatic corps are satisfied that relations with the papal nuncio here will be suspended, not by giving him his passports, but by advising the nuncio that it is not considered necessary to carry on further relations with the Holy See while M. Nisard is absent from Rome.

According to reliable information, the vatican authorities have instructed Mgr. Lorenzelli to leave Paris if he is able to foresee, from the discussions in the chamber of deputies tomorrow, that it is the intention of the government to give him his passports.

CONVENTION ADJOURNS.

Committee Appointed and Delegates Selected by Episcopalians.

The second day's session of the annual convention of the Pittsburgh Episcopal diocese was held yesterday in Calvary church, with Rev. Dr. Courtenay Bishop Cortlandt Whitehead presided, and the report of the committee on canons was adopted and also the resolution favoring a court of appeals for clergymen charged with any breach of doctrine, discipline or worship. The report of the committee on constitution was fixed for the second Wednesday in May, 1905.

The election of the standing committee of the diocese resulted as follows: The Rev. Dr. R. J. Coster, the Rev. Amos Bannister, the Rev. Dr. L. McLure, the Rev. Dr. E. W. Ward, E. M. Ferguson, W. J. Patterson, H. W. Armstrong and George C. Burgwin.

Those successful for election as delegates to the general convention at Boston in October were the Rev. R. W. Grange, the Rev. Dr. L. McLure, the Rev. Dr. J. H. McIlvaine, the Rev. A. R. Taylor, Herbert Duffy, J. W. Brown, J. W. Reynolds and George C. Burgwin.

Robbed on Way to Funeral.

While on his way to attend the funeral of the late Father Zlin Komadline of the Servian Orthodox church at McKeesport yesterday, the Rev. A. Zerbacoz, pastor of the church at Charlerci, was robbed of $70 00.

SLIPPED ON BANANA PEEL

Distinguished Looking Gentleman Meets with an Accident Which Lands Him in Fortune's Lap.

MISHAP ENDS HAPPILY.

And Now the Lucky Man's Acquaintances Are Accusing Him of Having Planned the Whole Affair.

One of the big Pittsburgh department stores has lost a floor-walker. His fine, graceful, well set up figure, clad in faultlessly fitting garments will no longer be the object of approving glances from ladies on their shopping rounds. The erstwhile floor-walker now has a fine home in the most fashionable part of the East End, and rides in his own (or his wife's, which is the same thing) carriage.

The change in his fortunes all came about through the intervention of a banana peel, which was lying innocently enough on the sidewalk in Fifth avenue. The hero of this tale stepped on the aforesaid banana peel and in falling was thrown directly into the arms of a lady just behind him. The lady landed on the pavement and the gentleman was rather badly hurt. But disregarding his own sufferings and his ruined clothing he poured out humble apologies to the lady, and was deeply solicitous of her account. The lady, who is no longer young, was evidently impressed by the gentleman's manner and kindness of heart. She recognized him as the floor-walker in the store, and noting the torn condition of his apparel, she insisted on his going into the Pittsburgh Tailoring Co's. establishment at 227 Fifth avenue and ordering a new suit. She asked that the bill be sent to her, and was astonished to learn that a first-class suit made to order cost only $15 in Pittsburgh's leading tailoring establishment. Being a practical, thorough-going lady she went into the store and helped select the material for the suit. They spent half an hour together looking at the immense variety of domestic and imported fabrics, and in the end she ordered two suits for him instead of one.

Then the salesman, taking things for granted, referred to the gentleman as her husband. Mrs. Faro blushed and the lady looked thoughtful.

"Why not?" she finally murmured, looking straight at him. "I'm lonely and have more money than both of us will ever need."

Well you can guess the rest. The Pittsburgh Tailoring Co. received an order for the floor-walker's wedding suit on the spot.

Our store will be closed all day Monday (Decoration day).

R. M'CORMICK TO BE CHANCELLOR

Board of Trustees Chooses New Head for the Western University of Pennsylvania.

WAS PASTOR AND LAWYER

The Rev. Dr. Samuel Black McCormick, now of Cedar Rapids, Ia., will be the next chancellor of the Western University of Pennsylvania. He was selected by the board of trustees yesterday, and it is understood he will accept.

The chancellorship has been vacant for about two years, since the resignation of the former chancellor, the Rev. Dr. W. J. Holland, the director of the Carnegie museum. Dr. Holland had held both positions for some time, but at last gave up the chancellorship to devote his entire attention to the museum. In the meantime John A. Brashear has served as acting chancellor until a few months ago when, at his request, he was relieved of the duties, Dean Cuthbert taking them up.

Some time ago a committee was appointed to select a chancellor. The committee was not ready to report at the last meeting and was continued. The board of trustees met yesterday afternoon in the office of Mayor Liays. The committee reported that it had selected Dr. McCormick, and was of the opinion that he would accept the place, whereupon the

Rev. Dr. Samuel B. McCormick.

board approved of the committee's choice.

The trustees think that under Dr. McCormick the Western university will become one of the leading educational institutions in the country. In fact, in a recent letter to the committee Dr. McCormick uttered on that subject some ideas that make the board sanguine.

Dr. McCormick is well known in Pittsburgh, having studied and practiced law here previous to his ordination to the ministry, and afterward served as pastor of the Central Presbyterian church of Allegheny. He is now president of Coe college, Cedar Rapids, Ia. Dr. McCormick was born in Irwin in 1858, and was graduated at Washington and Jefferson college, taking the degree of B. A. in 1880. From the same institution he received the degree of M. A. in 1883 and of D. D. in 1887. After graduation he taught at Jefferson academy at Canonsburg in 1880-1881, and at Washington and Jefferson college during the school year of 1881-1882. While teaching he read law under his uncle, H. H. McCormick, then United States district attorney in this city. He was admitted to the Allegheny county bar in 1882, and practiced here a short time, leaving in 1883 for Denver, Col., where he continued the practice of law.

In 1887 Dr. McCormick decided to enter the ministry and began theological studies in the Western Theological seminary, Allegheny, graduating in 1890. He was licensed to preach by the Pittsburgh presbytery in 1889 and ordained by the Allegheny presbytery in 1890. He served as pastor of the Central Presbyterian church of Allegheny from 1890 to 1894, and of the First Presbyterian church of Omaha, Neb., from 1894 to 1897. He gave up the last charge to accept the presidency of Coe college. He was elected a director of the Western Theological seminary and a member of the Freedman's mission board in 1892. In 1894 he became a trustee of the Pennsylvania College for Women and of Bell college at Omaha. He is also president of the board of directors of the Omaha Theological seminary.

DR. WITHERSPOON IS ELECTED MODERATOR

The United Presbyterian Church Shows 1.7 Per Cent Membership Increase.

[By Associated Press to The Gazette.]

GREENVILLE, May 26.—Dr. J. W. Witherspoon of Allegheny presbytery was unanimously chosen moderator of the forty-sixth annual session of the General Assembly of the United Presbyterian church this morning. Dr. Witherspoon was presented with a gavel, the head of which was made from the mission house of Andrew Gordon, a pioneer missionary to India. The handle was made from a similar house in Egypt. The gavel was fashioned by Hindoo boys in mission schools.

The committee on narrative and state of religion reported the total membership as 128,145; new Sunday schools, 38; increase in Sunday school appropriations, $12,588; ministers' average salary, $1,119. The total amount contributed for all purposes by the denomination was $2,967,444, an increase of $100,000 over last year.

The committee reported a decline in the young people's society movement. Five new societies were organized, but the total membership decreased 900. Seventeen ministers died during the year.

The proceedings of the assembly closed this evening with addresses on "Men for the Ministry," by Dr. T. B. Turnbull of Philadelphia; Dr. W. E. Spalding of Oregon, and Dr. Joseph Kyle of Xenia, O.

An effort is being made to have a uniform metrical version of the psalms for all the psalm-singing religious bodies. The idea of union has a more important phase in the proposed merging of two denominations with the United Presbyterian—the Reformed Presbyterian, better known as the "Covenanters," and the Associate Reformed Presbyterian of the South. An effort is being made to raise $300,000 for missions.

The stated clerk's report showed an increase in membership of 1.7 per cent, with a decrease in some of the Mississippi valley states. The contributions make an average of $14 for every member in North America.

John H. Hykes, a representative of the American Bible society in the orient, told the delegates, in the course of an address today, that five of the Japanese naval officers in the recent Port Arthur engagements are elders of the Presbyterian church.

The largest synod in the United Presbyterian denomination is the Pittsburgh synod, which has eight presbyteries, 125 pastors, 180 congregations, 751 elders and 27,302 communicants. Its increase of profession was 1,858; by certificate, 1,471; decrease by death, 378; removals, 2,053; infant baptisms, 938; adult baptisms, 847. It contributed to foreign missions $64,119; home missions, $23,384; total contributions, $313,423. The average of $18.86 per member is exceeded by only one synod, California. The average salary of ministers is $1,281. There are 21,713 pupils in the Sabbath schools.

As an indication of Western Pennsylvania being the stronghold of the church, it may be noted that this does not include Allegheny presbytery, and that the First Synod of the West, including Allegheny and other Western Pennsylvania presbyteries, is the second largest synod in the United States, with more than 25,000 communicants. Pittsburgh, as the Rev. Dr. McCulloch of Monongahela presbytery puts it, is the "Jerusalem of the United Presbyterians."

GIANTS BATTLE OVER UNIONISM

Leaders of the Presbyterian Church at Buffalo in High Standard Debate.

DEFENDERS ARE IN THE LEAD

[Special Telegram to The Gazette.]

BUFFALO, N. Y., May 26.—It was a battle of intellectual giants when President Moffat of Washington and Jefferson college and President Patton of Princeton clashed swords today over the question of union with the Cumberland Presbyterian church.

While it is estimated tonight that the union movement will carry, there will be a very large minority vote against it. If it carries it will simply submit the plan of union to the presbyteries for their action.

President Patton made a powerful impression by his brilliant and scholarly speech, which commanded the admiration of the entire assembly, although many did not accept his argument. Dr. Patton argued on theological lines and held that the Cumberland Presbyterian confession of faith was Arminian, while the Presbyterian confession was as Calvanistic as ever and that it was impossible to unite Armenianism and Calvanism.

President Moffat made a characteristic, lucid, practical argument and received immense applause. He held that the church had so explained Calvinism as to remove objections and make it possible for union with the Cumberland Presbyterians. He held the "perseverence of the saints is the crowning doctrine of Calvinism" and that it was fully taught in the Cumberland confession of faith.

The debate kept up to an exceptionally high standard all day, free from personality and along the line of doctrinal and practical lines. Dr. Minton held he had a practical knowledge of Cumberland Presbyterianism as it is in Waynesburg, Pa., and vicinity and he felt compelled both from theoretical and practical knowledge to oppose union. Nearly all the prominent men of the assembly went into the conflict. Ex-Moderators Henry C. Minton, Robert F. Coyle, Francis L. Patton, Charles A. Dickey, President James D. Moffat, the Rev. J. Ross Stevenson, the Rev. Dr. John Fox, the Rev. Dr. George T. Dillard and one layman, the Hon. Robert E. Brown.

Dr. Coyle said: "When the Cumberland Presbyterian general assembly has declared for union on the basis of our standards, we have no right to question either their honesty or intelligence."

He brought out bursts of applause when he declared "Calvinism is not synonomous with Christianities, the Genevan is not the Galilean, the confession of faith is not the Bible, and the man at work on the prairies leading men to Christ is a better Calvinist than the cloistered student who shuts himself up in a cell with his book."

The report of the committee declares that as the basis of union each of the assemblies must express approval or disapproval to the following categorical question:

Do you approve of the reunion and union of the Presbyterian church in the United States of America and the Cumberland Presbyterian church, on the following basis: The union shall be effected on the doctrinal basis of the confession of faith of the Presbyterian church in the United States of America, as revised in 1903, and of its other doctrinal and ecclesiastical standards, and the Scriptures of the Old and New Testaments shall be acknowledged as the inspired Word of God, the only infallible rule of faith and practice?

The recommendations of the committee are: First, that such changes be made in the form of government of the Presbyterian church in the United States of America as will allow additional or separate presbyteries or synods to be organized in exceptional cases, wholly or in part within the territorial bounds of existing presbyteries or synods, respectively for a particular race or nationality, if desired by such race or nationality.

Second—That the foregoing basis of union and concurrent declarations shall be submitted to the general assembly and the entire plan of union shall be operative when the basis of union, the concurrent declarations and the first recommendation shall have been adopted in their entirety.

Third—That it is earnestly recommended to the congregations throughout both branches of the church that they observe Sabbath, September 18, 1904, as a day of prayer that He would grant to us all the spirit of counsel and might in the new relation now contemplated enable us to keep the unity of the spirit in the bond of peace.

John R. Davis and Elisha H. Perkins dissent from the report as a whole.

Stated Clerk Roberts read a telegram from the Cumberland body, now meeting in Dallas, Tex., announcing that they had adopted the plan of union with the general body by the constitutional two-thirds majority. The news was received with the greatest enthusiasm.

M. P. CONFERENCE MAKES CHANGES

New Members Placed on Baltimore Publishing Directory Despite Protests.

RECEPTION AT WHITE HOUSE

[By Associated Press to The Gazette.]

WASHINGTON, May 26.—The Methodist Protestant conference met President Roosevelt at the White House today between two sessions devoted to the publishing interests of the denomination. The result of the day's sessions was a reorganization of the book directory of the Baltimore book concern. The Rev. J. K. Mills was substituted for the Rev. J. G. Clark, and the Rev. C. V. Sinkinson and Representative W. C. Adamson of Georgia for the Rev. T. H. Lewis and the Rev. F. T. Little.

Dr. Lewis, in criticising the report, declared that for 27 years no changes had been made in this directory except by death and resignation; that no notice had been given of a change and no suggestion made of the desirability of a change in policy; that the action was taken in the dark and with a purpose only too plainly—here the gavel stopped Dr. Lewis and President Tagg declared, with emphasis, that such language could not be permitted.

Daniel Baker of Baltimore, a member of the old board, and recommended for elevation, announced that unless the old members of the board were re-elected he would resign immediately. Mr. Baker hinted at petty jealousy and intrigue, and again President Tagg interposed. T. A. Murray of Baltimore followed in the same line and also was called to order.

On behalf of the committee, the Rev. Dr. Strayer criticised the report of the directory. It contained no statement of disbursements, was not certified to by an auditing committee, contained no report of assets and income and was accompanied by no certificate to show that it had been examined by anyone. On this statement a demand was made that the report be read to the conference. At this point Representative Adamson proposed a recess that the members of the conference might visit the White House.

After the White House reception the conference sustained its committee on publishing interests by electing the proposed new members of the book directory and Daniel Baker and J. W. Herring, old members. Daniel Baker, according to his announcement at the morning session, immediately resigned. The conference accepted the resignation and referred the report back to the committee with instructions to fill the vacancy.

The Methodist Protestant conference tonight adopted a partial report of its committee providing a method of union of the Methodist Protestant church, the Congregationalists and the United Brethren. A joint commission is proposed whose conclusions, if agreed upon by the three denominations represented, contemplates the amalgamation of these three churches considerably earlier than in the plan originally proposed.

MANY CHANGES MADE.

Amalgamated Association Revises Foot Notes in Tin and Sheet Plate Scales.

The committee of the Amalgamated association appointed to arrange the tin and sheet plate scales has made its report. Some important changes are made in the foot-notes. A reduction of 10 per cent from the scales of 1903-4 was agreed to and the preamble is the same adopted when the reduction of 15 per cent went into effect recently. The eastern iron scale will not be given out. Heretofore the practice has been in eastern mills to pay the puddlers $1 per ton less than provided in the western scale.

In the sheet scale 10 heats are allowed instead of nine. A new clause stipulates that 15 per cent be added for roller and heater on pickle bar worked on sheet mills and 3 cents extra a head be paid to the pair heater above the scale of prices for pickle bar. A number of changes were made in the tin plate scale, but they are of little importance.

Reformed Presbyterian Synod.

SPARTA, ILLS., May 21.—(Special.)—Appointing committees and hearing reports occupied the time of the second day's proceedings of the Covenanter synod in session here. Dr. George of the Allegheny Reformed Presbyterian seminary declared that the recent evangelistic movement in Allegheny was a flat failure.

FRENZIED WOMEN ALMOST CRUSH MISS ROOSEVELT

Big Crowd of Curious Females at St. Louis Nearly Cut Her Off from Carriage.

[By Associated Press to The Gazette.]

ST. LOUIS, May 26.—A crowd of more than 5,000 persons, more than three-fourths of whom were women, jostled for a glimpse of Miss Alice Roosevelt, the daughter of the president, at Union station this afternoon when she arrived for a week's visit.

Four hundred women broke through the gates and crowded about Miss Roosevelt at the train steps, delaying her advance in spite of the protection furnished by two policemen, who led the party. Miss Irene Catlin, whose guest Miss Roosevelt is, and her brother, T. E. Catlin, had great difficulty in keeping near the party.

When the midway was passed Miss Roosevelt and her escorts broke into a rapid walk while the crowd followed with shouts of "Hurrah for Miss Roosevelt;" "There she is," until the carriage was reached at the entrance of the station. So great was the crush at the carriage that the president's daughter was almost forced against the wheels before she could enter. Only a few officers were on hand to control the throng.

Big Melodrama at Bijou.

"Queen of the White Slaves" will be the attraction at the Bijou next week. This offering, from all accounts, is the most pretentious melodramatic production ever attempted. The plot is based on an attempt of the highbinders to abduct a beautiful white girl and sell her to the Chinese mandarin. The plan is all but accomplished, when the girl is rescued by friends from a horrible fate, through the instrumentality of a brave detective, who himself well-nigh meets death by being marooned on a raft in mid-ocean.

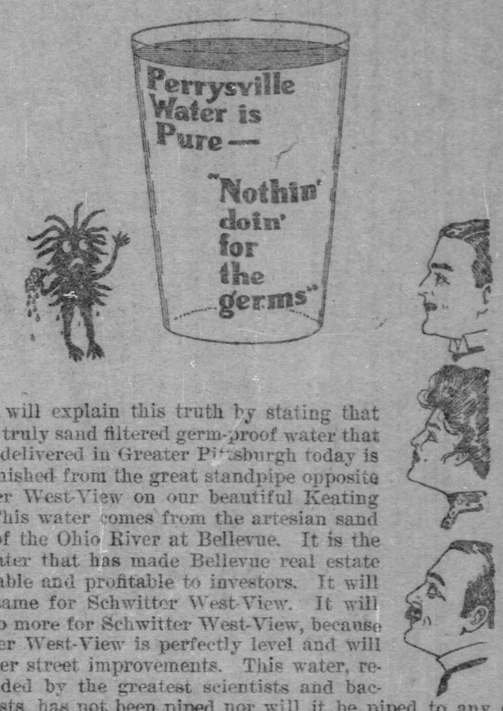
AN IMPORTANT TRUTH ABOUT

Schwitter West-View:



We will explain this truth by stating that the only truly sand filtered germ-proof water that is being delivered in Greater Pittsburgh today is that furnished from the great standpipe opposite Schwitter West-View on our beautiful Keating plan. This water comes from the artesian sand depths of the Ohio River at Bellevue. It is the same water that has made Bellevue real estate so desirable and profitable to investors. It will do the same for Schwitter West-View. It will really do more for Schwitter West-View, because Schwitter West-View is perfectly level and will have finer street improvements. This water, recommended by the greatest scientists and bacteriologists, has not been piped nor will it be piped to any except our own properties.

BRING $5, $10, $15 to $25 WITH YOU

when you come to see this remarkable real estate and you will be surprised at the opportunity you will be able to take advantage of. Ask to see the $150 lots on Woodland Avenue that we are making such a big hit with:

Take a West View, East St. and Madison Ave. car at the corner of Liberty Avenue and 7th Street. You will be surprised at the speed made by this great manifold-motor line when the cars reach the private right-of-ways.

Salesmen are on the property day and night. At night the electric lights make selecting lots an easy and pleasant diversion.

Operations Avoided

Hospitals in our great cities are sad places to visit.

Three-fourths of the patients lying on those snow-white beds are women and girls.

Why should this be the case? Because they have neglected themselves.

Every one of these patients in the hospital beds had plenty of warning in that bearing-down feeling, pain at the left or right of the womb, nervous exhaustion, pain in the small of the back. All of these things are indications of an unhealthy condition of the ovaries or womb.

What a terrifying thought! These poor souls are lying there on those hospital beds awaiting a fearful operation.

Do not drag along at home or in your place of employment until you are obliged to go to the hospital and submit to an examination and possible operation. Build up the female system, cure the derangements which have signified themselves by danger signals, and remember that **Lydia E. Pinkham's Vegetable Compound** has saved thousands of women from the hospital. Read the letters here published with the full consent of the writers, and see how they escaped the knife by a faithful reliance on Mrs. Pinkham's advice and the consistent treatment of

Lydia E. Pinkham's Vegetable Compound.

READ THE FOLLOWING LETTERS:

"I was taken sick very suddenly July 13th with severe cramps, or pains. I summoned a doctor and was in bed a week lying on my back all the time. The pains left me very sore. In a few weeks I was feeling better but was soon taken sick again with those pains and had another doctor. This one said I had neuralgia pains of the stomach and ovaries. He injected morphine and eased me again, but I remained sore and weak from the pains and continued to flow for one month and three days without stopping for one day.

"The doctors wanted to scrape the womb, saying the lining was inflamed. I had a pain at times in my right ovary and felt weak nearly all the time. Am only twenty years old, never was sick until this sickness in July. Menses never lasted more than four days and never an ache or a pain.

"I began the use of **Lydia E. Pinkham's Vegetable Compound** and soon was feeling better. I am now well and strong again. Your medicine has relieved me of the pain in my side and stopped my flowing which the doctors could not do.

"I feel very grateful to you and can recommend your medicine to all suffering women."—LUCILLE A. GAINES, 2348 Pine St., St. Louis, Mo.

"I suffered with female trouble for over eight years, had womb trouble and painful menstruation. Have been under the care of doctors who said I would have to submit to an operation before I could be cured. I suffered everything.

"One day I picked up a paper and noticed your advertisement and a testimonial from a friend I knew, stating your medicine had cured her so I thought I would try it. I told my husband I would give up all doctors and try your medicine. I began using your medicine just two months ago and cannot say enough on its praise. Menstruation comes freely now without pain.

"**Lydia E. Pinkham's Vegetable Compound** has brought health, joy and happiness to me. My advice to all suffering women is to try your Vegetable Compound."—MRS. FRED MCNAUGHTON, Box 401, Breckenridge, Minn.

EFFORT TO ESTABLISH ALIBI FOR PATTROVICK

Ferguson Murder Trial Will Probably Go to the Jury Today.

[Special Telegram to The Gazette.]

WASHINGTON, PA., May 26.—The end of the Ferguson murder trial, in which Milovar Pattrovick is the defendant, will probably be reached tomorrow night, when the attorneys will make their arguments to the jury. The feature of today's testimony was an attempt on the part of the defense to establish an alibi for Pattrovick.

Mario Milcovic, a Croatian of Steubenville, was the most important witness in the endeavor to prove that Pattrovick was not at West Middletown the day Ferguson was murdered. Milcovic swore that he boarded at the same house with Pattrovick. He said he slept with the prisoner at Steubenville on the night Ferguson was killed, and on the succeeding night. He said Pattrovick was not out of Steubenville during the week, as he was with him every day. Joseph Bridar of Steubenville and Vajo Ivosich, a saloon keeper of Jefferson, also testified to having seen Pattrovic the day of the murder at Steubenville.

Under severe cross-examination by Attorneys Marron and Underwood, Milcovic wandered from his original story and became mixed in dates and places. This alibi which it was attempted to prove for Pattrovick, was similar to the one put forward in the case of Kovovick, now under sentence of death.

MAHON IS NOMINATED FOR CONGRESS BY CONFEREES

Wins Choice of 17th District at Harrisburg Over Col. H. J. Culbertson.

[By Private Wire to The Gazette.]

HARRISBURG, May 26.—Congressman Thaddeus M. Mahon of Chambersburg was nominated over Col. Horace J. Culbertson of Lewistown for congress this afternoon by the Republican conferees of the Seventeenth district.

Mahon's nomination was made on the ninth ballot by a combination of Franklin, Fulton, Huntingdon, Union and Juniata counties, which cast a total of 22 votes for him to 12 for Culbertson, which were furnished by the conferees from Mifflin, Snyder and Perry counties.

Mahon has represented this district for the last 12 years and his nomination was conceded from the start. Culbertson made an active campaign and showed no signs of disappointment when he was defeated. On the first three ballots Franklin and Fulton counties voted for Mahon, Snyder and Mifflin for Culbertson, Huntingdon for Carl M. George of Huntingdon, Juniata for Wilberforce F. Schweyer of Mifflintown, Perry for James M. Barnett of New Bloomfield and Union for Dr. Thomas C. Thornton of Lewisburg.

On the fourth ballot Barnett withdrew and his conferees voted for Culbertson, who held them to the finish. Ex-Representative Perry M. Lytle of Huntingdon was chairman of the conference.

May Get Coke Ovens.

ROSCOE, PA., May 26.—(Special.)—The manner in which land in Elco is being optioned by real estate dealers has led to a rumor that the Jones & Laughlin company will locate coke ovens and blast furnaces at that place. One ground for the rumor is the fact of the injunction that prohibits the company from operating ovens in Pittsburgh. At the point where the options are being taken the Jones & Laughlin company has an entrance to one of its largest mines, the Vesta.

BERKELEY SPRINGS PURCHASED

Famous Resort of Colonial Notables Passes Into Baltimore Hands.

MARTINSBURG, W. VA., May 26.—(Special.)—It is announced that Charles Selden, Jr., of Baltimore, has bought the property of the Berkeley Springs hotel at Bath, Morgan county, adjoining the Berkeley springs, which have also been secured. A new hotel will be built. A trolley line will be constructed to Hancock on Monday with the Wabash, which will soon be completed at that point.

The springs are famous in history. They were the summer resort of George Washington, Lord Fairfax and many others of note.

TOOTH-PULLING RESULTS FATALLY FOR ESTELL

ROSCOE, PA., May 26.—(Special.)—John Estell, aged 20, of Elco, will probably lose his life through what seemed at first a trifle. After having a tooth pulled inflammation set in. A large lump gathered on the back of his neck and his nose became affected. He was taken to Pittsburgh to be operated on, but the surgeons informed him that the operation would prove fatal, and that it was only a question of a short time until the affection would end in death.

TRAIN WRECKERS STILL AT WORK IN MANOR

Fourth Attempt Is Made, Following the Tragedy of Tuesday Morning.

[Special Telegram to The Gazette.]

GREENSBURG, PA., May 26.—At the first session of Coroner Charles A. Wynn's investigation into the wrecking of a coal train on the Manor Valley branch of the Pennsylvania railroad Tuesday morning, in which Fireman Frederick C. Thomas of Smithfield was killed and Engineer Ross Shaw of Millwood was injured, M. H. Pool of Jeannette, night operator at M. F. tower, Manor, said that four attempts have been made to wreck trains at the blind switch within the same number of months. Last night, he stated, the fourth attempt was made by placing a heavy tie on the tracks a few yards from the switch.

All the members of the train crew testified that it was impossible for the train to run onto the siding without the switch being tampered with. It has been clearly established that the signal light was extinguished.

Upon the request of Assistant Road Foreman of Engines R. P. McClarren of Pittsburgh, the investigation has been postponed until May 31. McClarren said the detective force of the Pittsburgh division is following a clue which, he felt positive, would lead to arrests within the next few days.

GIRL HAS DISAPPEARED AS DID HER SISTER

Has Not Been Seen Since She Went Out to Pick Flowers.

[Special Telegram to The Gazette.]

YORK, PA., May 26.—Miss May St. Clair Wolf, a young woman of Lewisberry, this county, has been missing from the home of her foster parents, Mr. and Mrs. Abram Wolf, since last Monday, when she went to the Wall mountains, near the village, to pick wild flowers. The mountains have been explored by searching parties, search has been made in all the surrounding villages and also in this city, but the girl has not been found.

Twelve years ago Miss Wolf's sister disappeared from the same neighborhood in the same mysterious manner, and no trace of her was ever found.

BLUE LAWS IN CONNELLSVILLE.

Mrs. Brown Threatens to Enforce Them Against All Sunday Business.

CONNELLSVILLE, PA., May 26.—(Special.)—Mrs. George B. Brown, president of the W. C. T. U., who took an active part in suppressing Mrs. Soffel, is now engaged in working up sentiment for the closing of all drug stores, candy booths and ice cream parlors here. She declares that next Sunday she will compel all the constables in the borough to arrest offenders. All those threatened say they will resist the movement.

STATE AND NEIGHBORHOOD.

COLUMBUS, O.—Henry Gearhart, the guard who was shot at the penitentiary Wednesday by Frank Green, a convict, who afterward killed himself, died today from his injuries.

PUNXSUTAWNEY, PA.—While crossing a field near Adrien last night, John Melobik, a Pole, 16 years old, was struck by lightning. He is unconscious, and there is small hope of his recovery.

NEW CASTLE, PA.—Because of the intense heat, 16 of the 50 mills of the Shenango and Greer tin plants here closed Wednesday afternoon. Many men affected were unable to go to their homes after the mills closed.

NEW CASTLE, PA.—An exodus of Welsh families to their lands is starting from here because of recent wage reductions in the tin plate mills. The Welsh say the wages paid here are now equal to those of Wales.

ALLIANCE, PA.—The Penn Bridge Company of Pittsburgh was awarded the contract for building a viaduct 350 feet long over Pine hollow, connecting the Hazel terminals, at $150,000. The contract was awarded to Taylor Bros. of Sharon for the erection of the Monessen (Pa.) opera house at a cost of $35,000.

OHIO "MESSIAH" HAS LEFT CHICAGO

Beilhart Departs, Fearing Trouble Over Alleged Attempts to Recruit His Society.

HAS PECULIAR DOCTRINES

[Special Telegram to The Gazette.]

CHICAGO, May 26.—The "Spirit Fruit" society, with rooms at 81 Clark street, is the latest fanatic religious organization to come into publicity in Chicago. Agents of the Leiter building, where their headquarters are located, have given the society orders to get out of the structure.

Jacob H. Beilhart, who claims to be the "Messiah" leader of this faith, Beilhart is said to have left Chicago recently, after becoming frightened at the prospect of trouble. He has returned to his colony at Lisbon, O. The "Spirit Fruit" society, according to stories told by those who have attended its meetings, puts Dowieism in the shade. It teaches universal love, the abolition of conventionalities and common ownership.

Persons who have been investigating this society have started a crusade against it and threaten to get the police at work. Astonishing revelations are reported concerning the practices of the organization, and it is said that women members of it are at work proselyting among young girls in Chicago. One of the texts taught by the society, according to those investigators, is that persons joining it must be prepared to sacrifice everything—name and fortune—to the faith. And while the meetings are being held daily, women belonging to the society are proselyting among the young in their neighborhoods, bringing them into the meetings, and several times, during the height of "Jacob's" addresses, women, disgusted, have arisen, flushed with shame, and left the place never to return.

The discovery of this proselyting crusade, declared at the society's rooms to have been done without orders, if at all, has incited the authorities to action. Several young husbands, learning that their wives were attending the meetings, have vowed vengeance against "Jacob," and one woman has openly threatened that unless her husband remained away from the meetings she would kill Beilhart. Beilhart has been in Chicago since the first of the year. He came to teach his doctrine of universal love and to recruit for his village near Lisbon, O., where he owns a farm, and where he, with dozens of his converts, lives.

Reception to Gen. Young.

OIL CITY, PA., May 26.—(Special.)—Gen. S. M. B. Young of Pittsburgh was entertained by the citizens of Oil City today. Gen. Young, accompanied by Gen. Charles Miller, Gen. John A. Wilson of Franklin; Maj. D. C. Lynch of Phillips; Maj. D. C. Boggs of Washington and others, was met by Col. P. C. Boyle, Capt. Daniel Fisher and William Dwyer, representing Hays Post, G. A. R. The program included luncheon at the Venango club, a public reception and a trolley ride about the city.

Vicious Photographer Sentenced.

MASSILLON, O., May 26.—(Special.)—A fine of $300 and a 30-day workhouse sentence were today imposed on a man giving his name as John Henderson, who was caught photographing a party of little girls, from 5 to 10 years old, in a nude condition. The police hurried the fellow off to the jail before a mob could vent its wrath. He succeeded in throwing his plates in a pond, but they were fished out, developed and furnish conclusive evidence of his guilt. It will take Henderson three years to work out his fine.

ROTHROCK'S RESIGNATION IS FINALLY ACCEPTED

Old Forestry Commissioner Will Be Succeeded by His Deputy, Robert S. Conklin.

[By Private Wire to The Gazette.]

HARRISBURG, May 26.—Gov. Pennypacker today accepted the resignation of Dr. J. T. Rothrock of West Chester as state forestry commissioner, after having it under consideration since February 15, and appointed in his place Robert S. Conklin of Columbia, the present deputy commissioner. Conklin's place as deputy will be taken by Irwin C. Williams of Royersford, a clerk in the forestry department. All of these changes go into effect June 1.

Dr. Rothrock will not be entirely lost to the state services, for he has been appointed by the governor a member of the state forestry reserve commission in place of Secretary of Internal Affairs Isaac B. Brown, resigned.

Dr. Rothrock's reason for resigning is a breakdown in health. He resigned during the last session of the legislature, but the governor prevailed upon him to withdraw his resignation. He has been at the head of the forestry movement in this state since its inception and has served as forestry commissioner under the last four governors.

Mr. Conklin has been associated with the retiring commissioner the last eight years and is familiar with every detail of the department.

WEST PENN ALUMNI MEETS.

Annual Meeting of Graduates Draws Out 250 Doctors—New Officers Elected.

The Alumni association of the Western Pennsylvania Medical college held its eighteenth annual meeting yesterday morning and at night a smoker was given in the rathskaller of the German Beneficial building, Sixth avenue. The business meeting, which was held in the college amphitheater, was attended by 250 graduates, after which trolley and automobile rides were a feature.

The officers elected were: President, Dr. W. H. Kirk; vice president, Dr. George P. Rossman; secretary, Dr. Edward Stieren; associate secretary, Dr. T. Wray Grayson, and treasurer, Dr. Carl H. Ettaret. A committee was appointed to prepare resolutions on the death of Dr. John Milton Duff, who was a member of the college faculty. Seven deaths were recorded during the year, two of which occurred at Butler.

The organization now lacks 50 members of having an enrollment of 1,000. Yesterday 50 names were added.

CLASS CONFIRMED.

Coadjutor-Bishop Alexander Mackay-Smith Officiates at Ceremony.

Coadjutor-Bishop Alexander Mackay-Smith of the Protestant Episcopal church of Pennsylvania officiated last night at the confirmation exercises of a class of eight new members of Emmanuel church, Allegheny. Following this ceremony he preached a sermon to the congregation that was full of advice to the young members. He urged those present to cultivate the habit of praying. To the new members he pointed out the temptations that beset the path of striving Christians, and told of the rewards that would be given to those who lived pure lives.

Dr. Mackay-Smith visited Pittsburgh to attend the diocesan convention at which he made an address yesterday.

Agents Working a New Scheme.

Th police were notified yesterday by Dr. J. W. Criss of Washington avenue, Allentown, that two book agents are selling a history of the United States congress by representing to residents that they were designated by the congressmen of the district in which they reside as the proper persons to have the books.

FAITH SHOWN IN FUTURE OF CUBA

Investors Heavily Over-Subscribe Loan in New York and Foreign Cities.

THE ALLOTMENT IS DIVIDED

[By Private Wire to The Gazette.]

NEW YORK, May 26.—Investors in New York and Europe overwhelmed Cuba with an offer of $180,000,000 in gold today in response to the little republic's request of a loan for only $35,000,000. This is one of the most remarkable over-subscriptions for bonds known to Wall street. The subscription was formally open only five minutes, being closed immediately by Speyer & Co. It was held open for that short period only as a legal formality. The firm announced that owing to the huge oversubscription the list would be reached carefully for regulation lots and that small investors would be served first.

Germany was allotted $11,000,000 of the bonds, but that amount will not by any means satisfy the subscriptions in Berlin alone. London also over-subscribed heavily the small proportion offered there. Only $10,000,000 was offered in New York. The foreign price was 98. The American price was 97. The underwriters get the difference as they will not have to take up a single bond; they have a net profit of more than $2,500,000 merely for the influence of their name. The bonds sold on the curb today at 98½. In London they were 98⅝. The bonds are 5 per cent issues and are secured by the internal revenues. Before the issue was announced Cuba formally recognized the war bonds issued during the revolution. That issue immediately shot up from 20 to 136.

LONDON, May 26.—The small proportion of the Cuban loan of $35,000,000 available for British subscriptions was quickly over-subscribed. The lists closed at midday. A premium of 1¾ was quoted. It is estimated that the British share was oversubscribed five times.

FRANKFORT-ON-THE-MAIN, May 26.—Subscriptions were opened here today for $11,000,000 of the $35,000,000 5 per cent gold loan of the Republic of Cuba. The books were closed at 10 o'clock, because the loan was heavily over-subscribed. The subscription price was 98.

Contributed to Missions.

The Woman's Missionary society of the Allegheny classis of the Reformed church yesterday pledged $100 toward a silver jubilee fund for the mission schools of Japan. This was done at the first annual meeting of the Woman's Missionary society of the church, which was held in Grace Reformed church, Dithridge and Boquet streets. The election of officers for the coming year resulted as follows: President, Mrs. D. A. N. Harnest; recording secretary, Miss Charlotte Voight; corresponding secretary, Mrs. W. G. Grupen; treasurer, Mrs. A. K. Klein. The vice presidents are the presidents of the auxiliary societies.

Mrs. A. K. Klein and Mrs. A. Martz were elected delegates to the general synod, which meets here in September.

McKeesport Officials Touring.

An exodus of city officials and representatives took place yesterday from McKeesport. Chief of Police Louis E. Rotzsch, left with others for St. Louis, where he will be one of the local representatives in the big "skat" tournament. Chief Rotzsch is considered an expert at the game. President F. E. Sims of the board of health and Health Officer C. E. Waker left for Gettysburg to attend the annual meeting of the Associated health authorities. City Clerk James Brown, Jr., went to Philadelphia.

CHICAGO BOAT BREAKS THE EMBARGO ON GRAIN

She Is Now Threatened With Expulsion from Pilot's Association.

[By Associated Press to The Gazette.]

CHICAGO, May 26.—The first step toward breaking the embargo on grain here was taken today at South Chicago. The big propeller, Captain Thomas Wilson, loaded with grain, left the Calumet elevator and, amid the cheers of a thousand onlookers and the tooting of whistles, headed up the lake for Buffalo.

CLEVELAND, May 26.—Referring to the departure of the steamer Thomas Wilson from Chicago today, District Capt. Howell of the Masters and Pilots association admitted that her captain and mate are members of the latter organization. "They asked for permission to bring the Wilson down," said Howell, "but this was refused. It seems that they have violated their pledges, and as a result will be expelled from our association."

It was stated at the headquarters of the Lake Carriers association here that several additional vessels would clear from Lake Erie ports by tonight, with licensed captains and mates on board. It was also said that two, and possibly three, boats would get away from Chicago tonight.

BRIDEGROOM IS MISSING.

Allegheny Police Asked to Find Young Man Who Was Married Last Saturday.

The Allegheny police were asked yesterday to make an effort to find Charles Shaffer, aged 17 years, who was married last Saturday to Miss Belle Hullings of 609 Ridge avenue. The young couple eloped to Youngstown and on their return went to the home of the bride's mother.

On Monday night young Shaffer, who lived with his mother at 21 East Montgomery avenue, disappeared and since then nothing has been heard of him. At his former home the boy's family declare they know nothing about his whereabouts.

NEWINGHAM MADE PRESIDENT.

Office Men's Club Has New Executive Head—Woods Resigned.

At the monthly meeting of the Office Men's club, held last night at the club rooms, 416 Wood street, the resignation of President W. A. Woods, who is leaving the city, was presented and accepted, and Vice President W. L. Newingham of D. H. Myers & Co. was unanimously elected. A vice president will be elected later.

The meeting last night was devoted to the discussion of three business topics, presented by W. Yeaglin, William Wallace and C. S. Steele. After the business there was music. Eleven new members were added.

LEAGUE GAMES TODAY.

Cincinnati at Exposition Park.
Brooklyn at New York.
St. Louis at Chicago.
Boston at Philadelphia.

After winning six straight games and raising the hopes of the fans to the highest possible pitch, the Pirates fell by the wayside yesterday, and the jolt they received at the hands of the league leaders was a stunner to the 4,255 spectators who had turned out in the hopes of seeing Clarke's team get a step closer to the front. The windup was 9 to 1 in the visitors' favor.

The real cause of the downfall was the poor display of pitching on the part of Wyatt Lee, who had been selected for the opening contest under the delusion that his left-handed curves would be able to fool the Reds than a right-arm twister. For the first five innings Lee pushed the kind of ball that made a victory look like a setting, but in the sixth, when he lost his true track expression, he shot his bolt, and the manner in which his curves and shoots were pounded was heartbreaking, not only to himself and his fellow players, but to the army of faithful rooters present.

It was a case of hitting the ball, and, no matter how hard the pitcher tried, he could not keep the pesky Reds from connecting that ball all over the field. The players back of Lee strove manfully to stop the slaughter, but it was no use, and when the inning finally ended it was found that the visitors had piled up seven runs as a result of seven hits and one base on balls. The Japs' bombardment of Port Arthur was not a marker to the Reds' bombardment of Lee's curves. That one inning was enough to take all the life out of the game so far as local interest was concerned.

Manager Clarke called young Camnitz to the rescue in the seventh inning, but it was no use, although the young fellow pitched nice ball, as the harm had been done. There was no way of recovery because Jack Harper, who was serving the twists for the visitors, was doing the kind of work that made him a premium, to say nothing of runs. In the three innings that Camnitz was on the slab the visitors secured but two hits and one run. Their two hits and one run was made in the seventh before the young Pirate had had sufficient time to get swelled warrants in his system.

The Reds played great ball all the way, particularly little Huggins at second base, who seemed a whole team in himself, and was all over the infield. It was Bresnahan's sixth straight victory for the season, he having not yet suffered a defeat. The Reds played the kind of ball that has given them the lead in the pennant race, and if kept up will be sure to land the pennant in Cincinnati. Their only error was a fumble on the part of Kelley, which allowed Clarke to reach first in the fourth inning, and was really responsible for the Pirates' only tally.

The Reds' first run was scored by Seymour in the fourth inning, when he singled and got second on single by Corcoran and Woodruff. In the sixth was where the bombardment took place, and as a result of hits by Huggins, Donlin, Kelley, Dolan, Corcoran and Woodruff and a base on balls to Peitz seven runs were chalked up. Donlin's hit was against the score board and counted for three bases, and Kelley's hit was to left for two bases. Woodruff scored the only run off Camnitz in the seventh, when he doubled to right and scored on Peitz's single to middle.

Clarke scored the Pirates' only run in the fourth, when he reached first on Kelley's fumble, second on a single by Leach and scored on a single by Sebring. There were chances for runs in other innings, but the necessary hit to bring the runs home was missing. The score:

NOTES OF THE GAME.

The Pirates and Reds will be at it again today, and the pitchers will likely be Phillippe for the locals and Kellum, who has not lost a game this season for the Reds.

Clarke's catch of Kelley's liner in the fourth was really the sensational fielding feature of the game. The ball was close to the ground, and after catching it Clarke rolled over twice, but came up with the ball firmly in his grasp.

The Reds certainly have the find of the season in their little second baseman, Miller Huggins, who is a ball player, not only in the fielding line, but in batting as well. His presence has made a wonderful change in the Reds' infield. He made a couple of plays yesterday that were of the star order.

Kruger was sent in to bat for Camnitz in the ninth inning and Harper at once passed the little German to first on balls, then Beaumont and Clarke singled and it looked like another ninth inning rally, but the Reds cut short the hopes of the rooters by a fast double play in which Corcoran and Kelley figured.

There are two or three of the Cincinnati batters who are guilty of violating the rules every time they are at bat, as they step out of the batter's box in order to "see the pitcher's curve before it breaks. The principal offender is Seymour and the box occupants got onto it yesterday and yelled a warning to Umpire Zimmer.

The bombardment of Wyatt Lee in the sixth inning was something awful for the local fans as well as for the pitcher. Even in the face of the fierce batting the Pirates remained steady and worked hard to retire the side. During Lee's incumbency the Reds made 13 hits, scored eight runs and were given two bases on balls.

On the way over to the game yesterday a local sporting man offered to make a bet that Manager Kelley would be put out of the game before the contest was two innings old, but he could not find a taker. The sport would have lost his bet, as Kelley did not enter a protest, and he even went so far as to smooth matters over with Pitcher Harper, who was inclined to kick on Zimmer's decisions on strikes and balls in the third inning.

Is a "Jonah" Sure Enough.

After being postponed six different times on account of bad weather or unfit grounds the field day meet of the McKeesport, Braddock and Wilkinsburg High schools has been declared a "Jonah" and will probably not be held this year. Word was received in Pittsburgh yesterday that it was necessary to postpone the event again on account of wet grounds.

PHILADELPHIA, May 26.—Waddell was the bright particular star of today's game. He held Detroit down to four hits, struck out 12 men and shut out the visitors without a run. Carr, because he could not hit, retired, Wood going to first. Later Buelow's hand was injured by a foul tip and Wood went behind the bat, Stovall taking his place at first. Attendance 3,921. Score:

HANDICAP WON BY THE PICKET

Nearly 40,000 People Watched West's Champion Take Race in Last Few Strides.

IT WAS A FEARFUL PACE

[By Associated Press to The Gazette.]

NEW YORK, May 26.—Coming down along the rail in the last few strides of the run to the wire The Picket, the West's champion in the Brooklyn handicap, snatched victory away from the ever popular Irish Lad, the Brooklyn winner of last year and the Metropolitan winner of this year.

It was scarcely more than the nod of a head, but the hardy Westerner finished stronger than the purpose colt, whose terrific pace with Hermis up to the very home stretch would have tried to the utmost the stoutest of heart and the sturdiest of limb. Frantic cheers which had been ringing from the throats of nearly 40,000 onlookers died away when it was realized that Irish Lad had gone down to defeat.

Proper, the California candidate, came through at the end and beat out Hermis for third place. The time for the mile was 1:39 2-5, and for the mile and a quarter 2:06 3-5, one and one-fifth seconds slower than the race record made by Irish Lad last year. The handicap was worth $20,000, of which $2,500 went to the second horse and $1,500 to the third.

A great outpouring of turf devotees witnessed the eighteenth running of the classic event. Hours before the time set for the first race the turnstiles at the gateways began clicking and before 1 o'clock, grand stand, club house and the big field stand were well filled. Before half past 2, the hour for the first race, both tiers of the double decked grand stand were crowded to the limit, the lawn was black with people and they had begun to overflow into the field. The crowd was put in a good humor when the favorite won the first race.

At the time for the handicap, the fourth event on the program drew near. The name of Irish Lad from the stable of Herman B. Duryea, could be heard on all sides. He had grown into immense popularity after it had been definitely learned that there was little hope for McChesney, owing to the injury sustained by him in his work a few days ago. McChesney's owners frankly admitted that they had little hope of gaining any distinction in the race, but were determined to send him over the route as an evidence of good faith.

There were sixteen thoroughbreds entered, and four or five of these had recorded victories during the past two years in the principal classic events of the American turf. In addition to this, four of them—Irish Lad, Hermis, Hurstbourne and Africander had won races this season in commanding style. Reports of sensational time made by The Picket in his work-outs brought him many supporters, but the rank and file was loath to put full confidence in his ability under the conditions with which he was confronted.

Although the weather was ideal and the track swept by the cooling breeze from the Atlantic the betting ring was a sweltering mass of struggling humanity. No sooner had the odds been posted than there was a rush to back Irish Lad. Three and three and a half to one were the prevailing quotations for a time, but money poured steadily into the ring and when the bugle sounded calling the field to the post no better price than 11 to 5 could be had against the favorite. Hermis opened and closed at 4 to 1. The Picket was well played, but his price receded only two points. From tens he was backed to 8 to 1. Much of the speculation on the winner, however, was conducted through the winter books and large sums were won both here and in the west on his victory. Every horse in the race was played in a desultory manner but the bulk of the public wagers continued to pour in upon the favorite until the horses appeared in front of the grand stand on their way to the post. Summary:

The Brooklyn handicap of $20,000, for 3-year-olds and upwards, 1¼ miles—The Picket, 119, Helgesen, 8 to 1 and 3 to 1, won; Irish Lad, 125, Shaw, 11 to 5 and even, second; Proper, 110, Lyne, 31 to 1 and 10 to 1, third. Time, 2:06 3-5. Hermis, Eugenia Burch, Highball, City Bank, Runnels, Shorthose, Mizzen, Tobogran, Hurstbourne, Lord Badge, McChesney, Africander and Claude finished as named.

First race, handicap, about 6 furlongs—Reliable, 136, Fuller, 8 to 5 and 4 to 5, won; *James V., 100, Higgins, 30 to 1 and 10 to 1, second; Wotan, 106, Cannon, 20 to 1 and 8 to 1, third. Time, 1:09 4-5.

Second race, selling, 1 1-16 miles—Stuyve, 106, Hildebrand, 5 to 2 and even, won; Charles Elwood, 107, O'Neil, 5 to 2 and even, second; Sheriff Bell, 106, W. Hennessey, 2 to 1 and 4 to 5, third. Time, 1:46.

Third race, the Expectation stakes, 5 furlongs—Sons and Wine, 122, O'Neil, 9 to 10 and 1 to 3, won; Czarphine, 112, Lyne, 3 to 2 and 1 to 3, second; Veto, 115, Odom, 8 to 1 and 2 to 1, third. Time, 1:01.

Fifth race, selling, about 6 furlongs—Witchcraft, 96, Hildebrand, 2 to 1 and 4 to 5, won; Letola, 93, Travers, 4 to 1 and 8 to 5, second; Julia M, 96, J. Jones, 20 to 1 and 8 to 1, third. Time, 1:10 1-5.

Sixth race, 5 furlongs—Diamond, 112, Lyne, 8 to 5 and 3 to 5, won; Agile, 112, Helgerson, 8 to 1 and 3 to 1, second; Escutcheon, 112, Cochran, 5 to 2 and 4 to 5, third. Time, 1:01 3-5.

EDGEWORTH WILL PLAY.

Will Have a Team In the Golf Championship Events.

Contrary to a previous report the Edgeworth club will be represented this year as usual by a team in the Western Pennsylvania Golf association championship series and will play the first match this afternoon. It will meet the Allegheny Country club today on the home grounds, and tomorrow the Oakmont Country club.

Members' tournament play on the Edgeworth links promise to be even more important than heretofore and an unusual number of trophies will be offered this year. The present outlook is for a tournament every Saturday at least. On Decoration day there will be an 18-hole medal play handicap for a cup offered by R. D. Haworth. The club's new professional is James Tucker, brother of Willis Tucker of Ardsley-on-the-Hudson.

Champion Douglass Was Beaten.

GARDEN CITY, L. I., May 26.—The defeat of Findlay S. Douglas, twice winner of the Metropolitan golf championship, in the first round of match play in this year's championship tournament, at Garden City, by A. M. Robbins, 3 up and 2 to play, was the chief feature of the day's play and furnished food for gossip among the players and spectators during the afternoon. George T. Brokaw of Deal created the second surprise of the day when he established a new competitive record of 75 strokes.

ALLEGHENY COLLEGE IS DEFEATED BY BLUFFITES

Collins and Selkregg Pitch Good Ball and Each Gets Poor Support.

The Allegheny college team was beaten on the bluff yesterday by Pittsburgh college, 8 to 7. Collins pitched a good game for the Bluffites, but he received poor support at critical stages. Selkregg, for Allegheny, also twirled good ball, but he also was accorded wretched support. Shortstop Hellman made one throw that let in two runners. Allegheny was guilty of errors of omission, which lost the game. The feature was the hitting of Bob Russell, the Allegheny second baseman, who had three two-base hits. Russell played second on East Liberty academy and the Interscholastics last season. The score:

SOCIETY

THE anniversary luncheon and donation day reception at the Home for Aged Protestant Men and Women in Wilkinsburg was an interesting occasion yesterday. The house was filled with people, and many of them invaded the grounds, which yesterday appeared at their best. Luncheon was served from 12:30 o'clock until 2:30, and there was no large an attendance of the managers and friends of the institution that the dining room in the basement was packed, and the guests had to leave the room by the rear door and re-enter the house through the new chapel on the first floor. The chapel has been furnished during the past year, and yesterday several additional handsome donations were received for it, the home being remembered by scores of people who gave gifts of money and supplies. In the parlors the officers of the board of managers received, and there a fancy-work table and ice cream tables were arranged. The committees having charge of the affair yesterday included:

Tickets and general information—Miss Mary E. Davidson, Mrs. Alexander W. Rook and Mrs. Alexander King. Fancy tables—Mrs. D. C. Noble, Mrs. Daniel M. Clemson, Mrs. Nelson Read and Miss Mary McCoy. Ice cream tables—Miss Sallie Negley, Mrs. John McCreary, Mrs. Alice Negley, Mrs. Edward Negley, Mrs. Chalfant, Miss Anna Marker, Miss Rodgers and Miss Ella Smith. Dinner table No. 1—Mrs. Thomas Mellon, Mrs. George M. Shiltito, Mrs. Samuel McKee, Mrs. R. D. Fitch, Mrs. H. S. Baum, Miss Milly Baum, Miss Rebecca Baum. Table No. 2—Mrs. J. N. Pew, Mrs. G. M. Guffey, Miss Mary Guffey, Miss Jessie Brown, Miss Margaret McGowway, Miss Mary Kenney and Miss Charlotte Miller. Table No. 3—Mrs. Edwin H. Stowe, Mrs. J. W. Scott, Mrs. William Watts, Miss Brett, Mrs. Percy Van Dusen Stowe, Miss Shaw and Mrs. Robert Pitcairn. Table No. 4—Mrs. S. M. Ross, Mrs. George C. Wilson, Mrs. George W. Deane and Miss Wilson. Table No. 5—Mrs. George L. Peabody, Mrs. C. A. Meiklejohn, Mrs. Whitney Normecutt, Mrs. James J. Brainard, Mrs. Walter Mellor and Miss Belle Coleman. Table No. 6—Mrs. Agnes Graff Mrs. Lee Smith, Mrs. A. R. Beebe, Mrs. A. Wilson, Miss Laura Pratt, Mrs. Wotfa and Mrs. Henry Phipps. Table No. 7—Mrs. John Vandergrift, Mrs. C. Evans, Miss Mary Evans and Miss Mary Smith. Ushers—Mrs S Jarvis Adams, Mrs George K. Stevenson, Mrs. Norman Smith and Miss C. Arbuckle.

Dinner for Bridal Party.

The Pittsburgh Golf club was the scene of a handsomely appointed little dinner last evening given by Mr. and Mrs. Francis X. Barr of Washington avenue, Edgewood. The honors of the occasion were shared by Miss Elizabeth McCook and her fiance, W. Edgar Reed. Covers were laid for 18, the guests including Miss McCook and Mr. Reed, Mr. and Mrs. Willis F. McCook, Miss Katherine McCook, Miss Eleanor McCook, Mrs. Albert Schmid, Miss Henrietta Kerney Brennan, Miss Mildred Kelly, Miss Rachael McMasters Miller, Mr. and Mrs. Haines Allen Machesney, Howard Fisher, Maurice Dufresne, Houston Hill and Guy Carlton Reed.

An effective centerpiece of white sweet peas and ferns was placed on the one table at which the guests were seated. The covers were marked by dainty little water-color sketches of sweet peas, and at each was a tiny fancy basket of the same flowers.

Pupils Give Recital.

A musicale under the direction of Madame Lippa, head of the music department of Miss Stuart's school, Sewickley, was given at the school yesterday afternoon. The program was given in two parts, those taking part in the first being the Misses Nanette Platon, Mabel Brown, Constance Alden, Frances Whitney, Hazel Hinton and Margaret Nevin of the Sewickley school and the Misses Constance and Marjeline Barr and Elizabeth Totten of Miss Stuart's school in the East End. The second part was given by Miss Geraldine Damon, contralto of Christ Methodist Episcopal church, East End, and Miss Emma Paul, violinist, of Allegheny. After the program an informal reception was held. Mme. Lippa and the faculty of the school were assisted by the girls, who took part in the program.

Swartz-Speer.

A pretty church wedding last evening was that of Miss Mamie Dorothy Swartz of Mutsig and Robert R. Speer of Allegheny, which took place at 8 o'clock. The Rev. A. E. Viena, pastor of St. Peter's Lutheran church, officiated. Miss Minnie L. Swartz, a sister of the bride, was maid of honor and Edward A. Speer was the best man. Arthur J. Hart, Frank Hart and George Sturn served as ushers. The bride was gowned in white and carried white roses and lilies of the valley. The gowns of the attendant maids were white, with sashes of pink, while their bouquets were of pink roses tied with pink chiffon. After the ceremony a reception was held, followed by a wedding supper. Mr. and Mrs. Speer will be at home after June 5 in their new home in Wickiein avenue, Allegheny.

Piano and Song Recital.

A piano and song recital will be given this afternoon at 3 o'clock in the Twentieth Century clubhouse by the pupils of Miss Julia Eleanor Doran. The program will be presented by some of the youngest as well as by the advanced pupils. Those to take part include Miss Josephine O'Reilly, Miss Florence Kingslocher, Miss Elizabeth Patterson, Miss Virginia Arter, Miss Rose Thalheimer, Miss Anna Patterson, Miss Mary Robinson, Miss Amy Fink, Miss Mary Frye, Miss Gertrude Kingslocher, Miss Augusta Heinz, Miss Emma Bergdonner, Miss Gertrude Frank, Miss Gertrude Irwin, Miss Jeannette Herzog and Mrs. J. H. Blair, who will sing the Schubert Serenade. Miss Elizabeth Messimer playing the violin obligato.

Informal Debutante Tea.

Miss Alice Schmertz of Center avenue was hostess at a pleasant little 4 o'clock tea yesterday afternoon, at which the guest of honor was Miss Mollia Boorhem of New Brunswick, N. J. Those asked to meet the visitor were the debutantes of last winter, of which Miss Schmertz is one, and a few of the older girls. Miss Donohue is spending several weeks with Miss Schmertz.

Decorations Were Unique.

Kitchen utensils of all sorts and patterns formed the decorations at the entertainment which Mrs. E. Slack Davis of Margaretta street, East End, gave last evening for her sister, Miss Eva Goldsworthy Carter, whose marriage to Vernon Henry Woolrich will be solemnized June 1. The affair was a kitchen shower followed by a dance.

Wedding at Charleroi.

ROSCOE, PA., May 26.—(Special.)—Miss Annie, daughter of Mr. and Mrs. Samuel Ferguson, was married to John Edel of Charleroi this morning by Rev. A. M. Biggs of the Cumberland Presbyterian church. Mr. and Mrs. Edel will make a trip through the eastern states, and will live in Charleroi.

A Series of Luncheons.

Mrs. W. W. Ford of Baum street, who before her marriage was Miss Edith Coffin, is giving a series of luncheons. On Wednesday she entertained at luncheon Mrs. George Anderson, Mrs. Elben, Mrs. E. E. Sanderson, Mrs. Henry, Mrs. William Normecutt and her mother, Mrs. Coffin.

Wedded at Welty.

GREENSBURG, PA., May 25.—(Special.)—Miss Edna Stewart Fleisher, daughter of Mrs. E. W. Fleisher of Greensburg, and John A. Markle of Welty, were married at the home of the bride's mother yesterday by Rev. C. S. Longacre of Wilkinsburg. They will live at Welty.

Luncheon for Daughter-in-Law.

Mrs. Edwin H. Stowe of Maplehurst, Edgeworth, will give a luncheon of 20 covers at her home this afternoon in honor of her daughter-in-law, Mrs. Percy Van Dusen Stowe, a bride of a few weeks. This is one of a series being given by Mrs. Stowe.

Has a Texas Bride.

ST. LOUIS, May 26.—(Special.)—Charles M. Wilkinson of Pittsburg was married here today to Miss Prince A. Giffney of Houston, Tex.

Notes of Society.

Under the auspices of the Women's Missionary society of the Ninth United Presbyterian church, a strawberry festival and dipping social will be held this evening in the church, North and Grant avenues, Allegheny.

This evening Miss Helen M. Wickersham, assisted by her advanced pupils and Miss Lila Arthur, soprano; Adolph Rosen, violinist; Miss Olive Snaman, reader, and the Duquesne Mandolin and Guitar orchestra, will give a musical entertainment in Carnegie hall, Allegheny.

The members of the senior class of the Verona High school held their annual commencement exercises last evening in the school auditorium.

Mrs. Lockhart Entertains.

ROCHESTER, PA., May 26.—(Special.)—Mrs. Elizabeth Lockhart and her daughters, Mrs. Jean Lockhart Wilson and the Misses Lockhart, gave a luncheon at their home today to guests from the city and Beaver valley towns. This is the first of two entertainments planned by today's hostesses, another arranged for tomorrow being an afternoon affair to the same number of guests, at which Mrs. Roscoe Ryder of Cambridge Springs, formerly Miss Isabella Arrott of Glen Osborn, will be the honor guest.

For Mrs. King's Visitors.

Mrs. Alonzo Tripp and Mrs. Herbert L. Tripp of Blacksburg, S. C., who are visiting Mrs. William Darlington King of Craig street, were the guests for whom Mrs. J. L. Lowther of Rose avenue, Wilkinsburg, gave a prettily appointed luncheon yesterday. The guests also included Mrs. King, Mrs. H. A. Briney, Mrs. W. W. Blackburn, Mrs. Frank Wilcox, Mrs. W. D. Holliday, Miss Holliday and Mrs. Mandenhall. The centerpiece was of white roses and violets.

Euchre in the East End.

Nine tables were in use at the card party given yesterday afternoon by Mrs. John Kerfoot Eryden of Stanton avenue, East End. There was no special guest of honor. Four prizes were awarded for the game, which was six-hand euchre. The house was prettily decorated for the affair, white roses and daisies appearing in the different rooms, while on the porch, where four tables were placed, were palms and ferns.

Informal Debutante Tea.

Miss Alice Schmertz of Center avenue was hostess at a pleasant little 4 o'clock tea yesterday afternoon, at which the guest of honor was Miss Mollia Boorhem of New Brunswick, N. J. Those asked to meet the visitor were the debutantes of last winter, of which Miss Schmertz is one, and a few of the older girls. Miss Donohue is spending several weeks with Miss Schmertz.

Decorations Were Unique.

Kitchen utensils of all sorts and patterns formed the decorations at the entertainment which Mrs. E. Slack Davis of Margaretta street, East End, gave last evening for her sister, Miss Eva Goldsworthy Carter, whose marriage to Vernon Henry Woolrich will be solemnized June 1. The affair was a kitchen shower followed by a dance.

A Series of Luncheons.

Mrs. W. W. Ford of Baum street, who before her marriage was Miss Edith Coffin, is giving a series of luncheons. On Wednesday she entertained at luncheon Mrs. George Anderson, Mrs. Elben, Mrs. E. E. Sanderson, Mrs. Henry, Mrs. William Normecutt and her mother, Mrs. Coffin.

Wedded at Welty.

GREENSBURG, PA., May 25.—(Special.)—Miss Edna Stewart Fleisher, daughter of Mrs. E. W. Fleisher of Greensburg, and John A. Markle of Welty, were married at the home of the bride's mother yesterday by Rev. C. S. Longacre of Wilkinsburg. They will live at Welty.

Luncheon for Daughter-in-Law.

Mrs. Edwin H. Stowe of Maplehurst, Edgeworth, will give a luncheon of 20 covers at her home this afternoon in honor of her daughter-in-law, Mrs. Percy Van Dusen Stowe, a bride of a few weeks. This is one of a series being given by Mrs. Stowe.

Has a Texas Bride.

ST. LOUIS, May 26.—(Special.)—Charles M. Wilkinson of Pittsburg was married here today to Miss Prince A. Giffney of Houston, Tex.

Notes of Society.

Under the auspices of the Women's Missionary society of the Ninth United Presbyterian church, a strawberry festival and dipping social will be held this evening in the church, North and Grant avenues, Allegheny.

This evening Miss Helen M. Wickersham, assisted by her advanced pupils and Miss Lila Arthur, soprano; Adolph Rosen, violinist; Miss Olive Snaman, reader, and the Duquesne Mandolin and Guitar orchestra, will give a musical entertainment in Carnegie hall, Allegheny.

The members of the senior class of the Verona High school held their annual commencement exercises last evening in the school auditorium.

AMONG THE CLUBS

Recreation Ground Opens Monday.

The joint committee of womens clubs will formally open the South Side recreation ground in Carson street on Monday. The exercises will be from 2 o'clock until 4, and during the afternoon there will be a ball game, the first game of the season, which will be followed by games every week day until the grounds are closed. The Pittsburgh Daughters of the American Revolution will give a flag 12 by 16 feet, while prize flags will be presented by the Twentieth Century club to the bands of cadets showing the best form and discipline in drilling. Mrs. Gormley, recently president of the club, awarding the flags. Mrs. Samuel A. Ammon will also present to each company of cadets a flag to be its own property. A roof is now being erected to shade the grounds.

The new recreation ground in California and Marshall avenues, Allegheny, will be opened on the Fourth of July. Grading is necessary to place the greater portion of the playground in condition for use, but there is a section which can be used now for ball games. Work is also progressing upon the Bedford basin park.

At the meeting yesterday the chairman, Miss Beulah Kennard, asked that all further contributions to the Twentieth Century club be undesignated, that the money and supplies may be used where they are most needed. Until Allegheny councils appropriated money for the playgrounds in the North Side this year the work in Allegheny has been supported from the general treasury, aided by the individual donations of Allegheny people, which were destined for those playgrounds. The appropriation of $1,500 is large enough to cover the expense for the Allegheny playgrounds, and the request is made that further contributions be sent to the general treasury that they may be used where they are most needed.

The joint committee yesterday suggested that wells be sunk in the O'Hara, the Forbes and the Soho school grounds, by the city, which, it is understood, intends sinking wells in different parts of the city in the interest of better and more abundant water supply. The committee on teachers announced that all needed leave of absence be granted except in the sewing department, where more trained teachers can be utilized. Though continually refused in the past, an effort will be made again this summer to secure the Second ward school grounds for a summer playground. The treasurer, Mrs. Ammon, announced receiving $50 from the Parents' and Teachers' Co-Operative association of the Fifth ward, Allegheny; $10 from the Tourist club and $10 from the Summer Work club. A committee consisting of Mrs. John Cowley, chairman; Mrs. George Hubbard, Miss Sara Peet, Mrs. William McCartey and Mrs. J. H. Evans, was appointed to arrange for the outing of children from the summer playgrounds to the Fresh Air home in Glenfield, whose generous offer to take all who are ill or require a change of air being extended to the mothers of the children as well.

Exhibition and Commencement.

The entire Young Women's Christian association building in Fifth street was given up to exhibition purposes yesterday, the display consisting of the work of the classes in domestic art and science. In the assembly room was the exhibition of the classes in dressmaking and millinery, where finished gowns and hats were displayed. On the second floor in the rooms where the cooking classes held sway was shown some of the work of the members of the classes in domestic science, tempting cakes and pastry, together with various appetizing dishes, being seen. A pure food exhibit was also in progress, and on the floor above was shown the work of the laundry classes, and also examples of the work of beginners in sewing and other forms of needlework.

This evening the annual commencement exercises will be conducted in the Fourth Avenue Baptist church, Fourth avenue and Ross street. The address of the evening will be delivered by Edward Howard Griggs, the well-known lecturer, who will speak on "The Use of the Margin." The exhibition in the association building will continue today from 10 this morning until 6 this evening.

Euchre for Benefit of Baths.

A great deal of interest is being taken in the euchre which will be given for the benefit of the Soho public bath and wash house on Wednesday afternoon. The committee is undesignated, but the affair will be given in the Keystone bicycle clubhouse, 5732 Howe street, and the committee in charge of the entertainment consists of Mrs. Jesse H. Carey, Mrs. Alfred Mcmurray and Mrs. W. W. Kerr, who will be assisted by a number of prominent club women.

Consumers League Board Meeting.

The regular meeting of the executive board of the Western Pennsylvania branch of the Consumers' league will be held in the Twentieth Century clubhouse on Wednesday morning, June 1, at 10 o'clock. The report of the annual report will be submitted to this meeting by Mrs. Josiah Cohen, chairman of the committee appointed to prepare it.

Patronesses for Benefit.

The committee arranging for the performance of "A Midsummer Night's Dream" by the pupils of Miss Gleim's school and for the benefit of the Children's Aid society had a meeting yesterday. The play will be given on Friday afternoon, June 10, and the patronesses will include the members of the visiting committee of the hospital.

Ghosts, Goblins and Witches.

The Rev. E. L. Eaton, D. D., of Allegheny, will deliver his popular lecture, "Ghosts, Goblins and Witches," in the Herron Hill Methodist Episcopal church, Herron avenue and Anderson street, this evening.

Timely Troubles

The aches and pains of the back are timely troubles. You may think them bad enough, but neglect a bad back and the serious side of this timely warning is soon apparent.

Early warnings of kidney ills come through the back and are the kidneys' cry for help. You must relieve the congested kidney conditions or the impurities intended to be carried off circulate through the blood and dangerous diseases follow. Neglected kidneys cause urinary disorders, dropsy, rheumatism, diabetes, Bright's disease. Doan's Kidney Pills cure any of the many kidney disorders.

John B. Lovatt of 227 Arch street, Allegheny, of the firm mending Doan's Kidney Pills, as they have been most bene- North Diamond street, says: "I have no hesitation in recommending Doan's Kidney Pills, as they have been more beneficial to me. Nearly everyone knows what it is to be troubled with their kidneys, especially when doing work which requires any stooping and straining of the muscles of the back. I suffered with a dull, heavy pain in my loins for years and a distressing and annoying condition of the kidney secretions. Hearing about Doan's Kidney Pills being so highly recommended, I got a box at a drug store. The result of the use of several boxes has been that they banished the pains from my back and regulated the action of my kidneys."

Y.M.C.A. FORMED AT ATLANTIC CITY

Pittsburgh Men on Subscription Committee — Prospective Boom for Ocean City.

LOCAL PEOPLE AT THE SHORE

THE PITTSBURGH GAZETTE BUREAU.
Young's Ocean Pier.
ATLANTIC CITY, N. J., May 26.

Papers incorporating the new local Young Men's Christian association were filed today at the county seat. Identified with this organization are some of the most prominent men in the industrial and financial world of the country. It is the plan of the association to secure a home in this city that will cost not less than $100,000. The subscription committee is headed by John Wanamaker, Philadelphia, and includes James S. Stokes, New York; Hon. J. L. Converse, Philadelphia; Dr. Lucius C. Warner, New York; H. J. Heinz, Pittsburgh; Frederick White, Baltimore; C. K. Jennings, Pittsburgh, and C. T. Kilbourne, New York.

There will be a boom in Ocean City, the quiet resort across the inlet from the lower end of the island, this summer. Today Capt. John L. Young, the owner of the ocean pier in this city which bears his name, bought both of the piers in Ocean City and announced that he would extend one of them 600 feet further out to sea, and equip it with pound nets of the kind that has been potent in attracting the great crowds to the Atlantic City pier. The two resorts will be brought into closer touch with each other by the establishing of a line of steamers to run from the end of the pier here to the pier at Ocean City.

County Commissioner J. Carson Mercer and Mrs. Mercer spent the afternoon gathering shells on the beach below the city. They have engaged a suite of rooms at the Raleigh for two weeks.

Mrs. Joseph Melly is slated at the Dennis.

George E. Anhule and Mr. and Mrs. William Jamison were among the promenaders on the boardwalk today.

G. E. Gross is among the Pittsburgh guests stopping at the Royal Palace.

W. H. Bateman and F. Bateman are at the Muncaster.

Walter P. Maguire is at the Dennis for a brief stay.

Mrs. E. Porter is spending a few days at the San Jose.

C. F. Hallett is recuperating from a slight illness at the Hotel Berkley.

Mrs. A. Marwell is at the Traymore.

S. M. Lynch, P. Boyd and P. C. Peterson formed part of a fishing party today. They caught a few fish, not many.

Mrs. Joshua Kelling is at the Dennis for a brief visit.

Mr. and Mrs. Samuel Peltz and Thomas J. Kirkham of Pittsburgh were guests at a box party at the performance of the "Show Girl" on the ocean pier tonight.

Miss Grace T. Howlett of the East End is a guest at the Wiltshire hotel.

George M. Guthrie, who is staying at the Grand Atlantic, ventured into the surf today.

Mrs. Frank J. Hoopes is a guest at the Grand Atlantic.

G. G. O'Brien, accompanied by Mrs. O'Brien, arrived on this evening's train from New York. They are stopping at the St. Charles.

PLOT WAS FRUSTRATED.

Police Locate Money Cattle Dealer Had Lost—He is Accused.

ST. JOSEPH, MO., May 26.—Charles Bristow is under arrest here and the police have found the $11,000 of which his brother, Alonzo Bristow, claims to have been robbed in Chicago last week. A Bedford banker claims the money belongs to him.

Alonzo Bristow had shipped horses from Bedford and sold them in Chicago, and then claimed he was robbed. The police allege that instead of being robbed, Bristow turned the money over to Ray Richards of St. Joseph, who brought it here and gave it to his father. Charles Bristow came here to get the cash, but the elder Richards placed the money in the hands of a lawyer and Bristow was arrested.

THE MARVEL CITY—

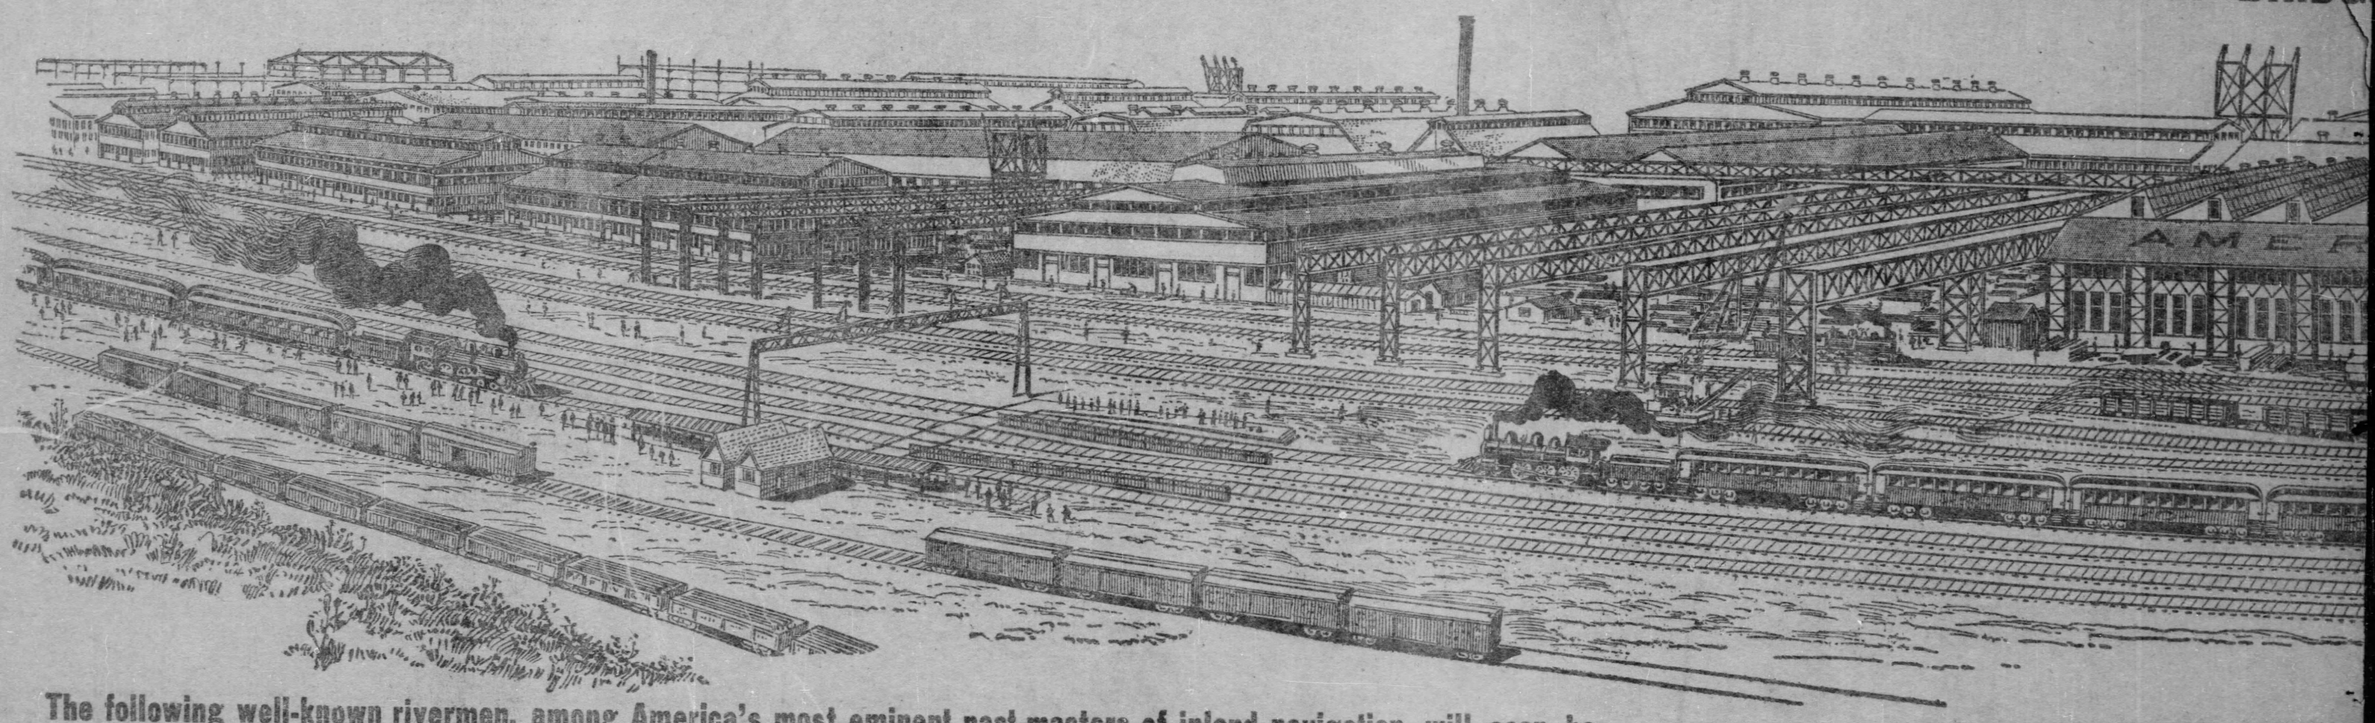
FIRST GRAND FREE EXCURSION TRAINS LEAVE PITTSBURGH UNION DEPOT

No matter if it rains pitchforks, there will be tremendous crowds and plenty of coaches and locomotives to carry everybody.

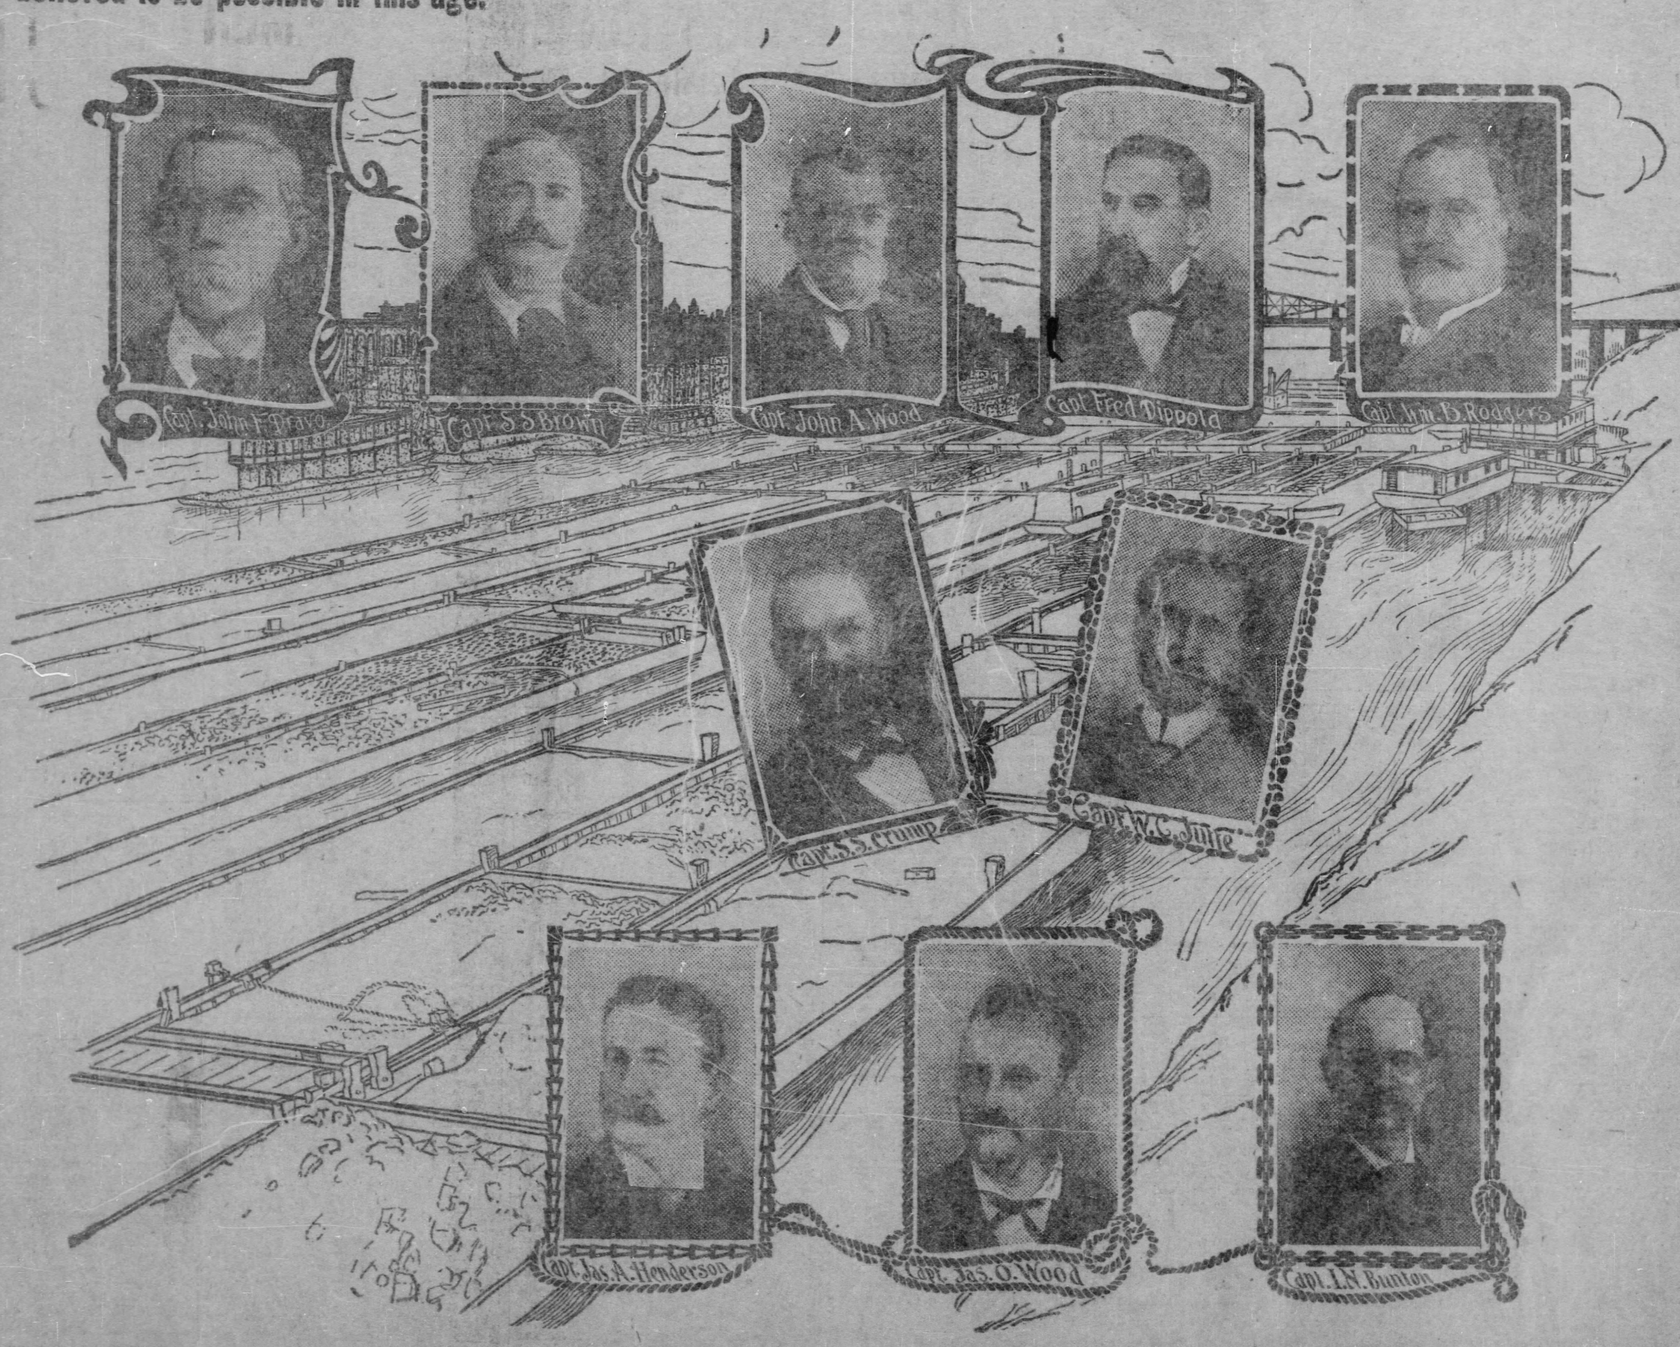
The increasing streams of people still pressing into our local offices for free excursion tickets, after we have sent out 15,000 by mail to persons living in Pittsburgh and Allegheny, to say nothing of the 70,000 we have mailed with illustrated booklets to people living 25 to 70 miles distance, proves beyond all question that the public knows what the Economy proposition is and have confidence that any money they may invest in it is safe and will grow regardless of business conditions.

Reports from Ohio indicate that the trains chartered to run from Youngstown, Wellsville and intermediate points will bring thousands. If the appeal for tickets does not abate it may be necessary to order two sections for that terminus. The train leaving New Castle will bring one thousand enthusiasts.

BELOW WE SHOW BOTH THE COMPLETED AND THE UNCOMPLETED BUILDINGS OF THE AMERICAN BRIDG



The following well-known rivermen, among America's most eminent past-masters of inland navigation, will soon be able to witness at Economy City the founding of a monster steel barge-building industry—magnitude and evolution not believed to be possible in this age.



EXCURSION TRAINS' TIME SCHEDULE

Special Excursion Trains to and from Economy, Saturday, May 28, 1904, will leave depots, Pennsylvania Lines, as follows on Central Standard Time, which is one hour slower than Pittsburgh time.

After 6:00 P. M. salesmen or investors may secure any immediate information they may desire by calling up MR. W. A. AVEY, GENERAL SALES MANAGER, 488 Ring 3, Sewickley, which is the Night Call on Bell 'Phone, at the office on the property.

WHAT THE SALE MEANS FOR YOU:

Be sure to bring your money with you or be prepared to give certified check for first payment. The building sites at this great sale will be sold at surprisingly small prices considering the quality of the property and what the increase in value is sure to be.

Therefore, in justice to your neighbor, we will not accept an uncertified check or a partial payment.

We will not permit a sale to be made before 9:00. The tricks which have been practiced at other sales will not be tolerated at this one.

You can judge of the money investors will make at this sale by what was made at Ambridge. Step over into Ambridge and interview the people who are building homes and stores there. You will hear some thrilling stories of what happened last Fall. Some of the people who are erecting buildings in Ambridge cleared enough on re-sales to pay for these buildings. Others made enough to go into business, and six purchasers from Ohio and Virginia townships so well that two of them who were comparatively poor are now among the staunchest citizens of the community.

We are citing but a few of the results of the Ambridge sale. If Ambridge property, this, what do you think Economy property will do? Ambridge is at the side of this great City. Economy is the great city itself and the very center of what will be the third largest population in Western Pennsylvania. The great stores, the great banks, the great public institutions will be located in this central section. It is where the prices will advance to the highest pitch.

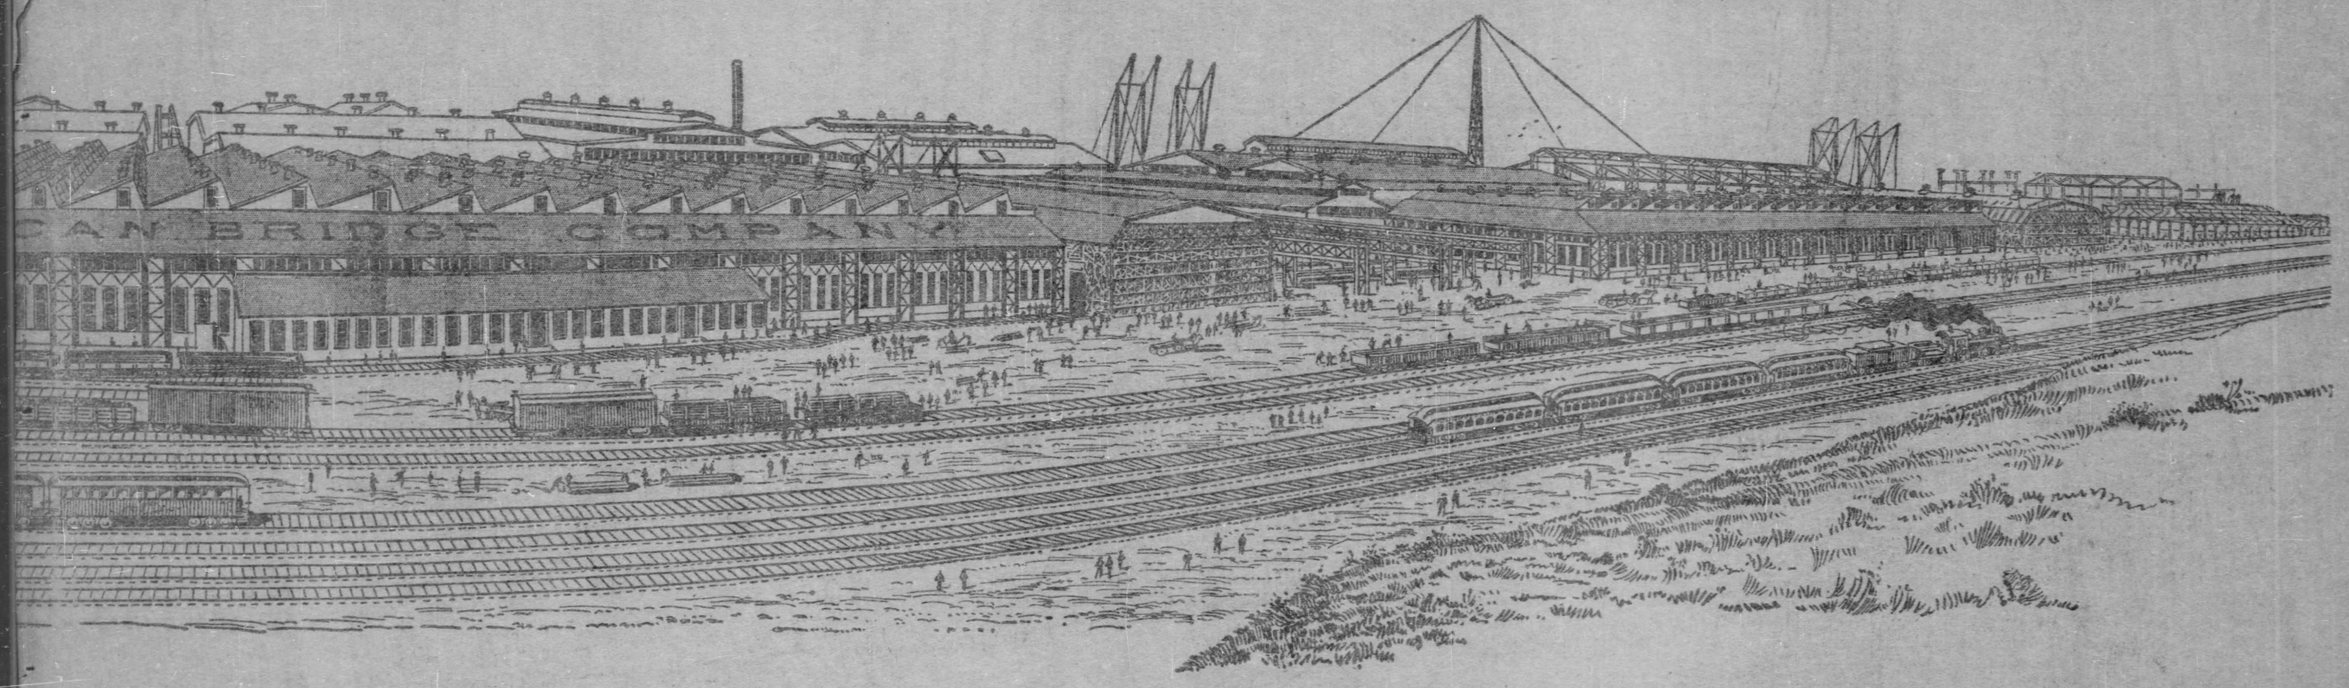
Splendid reports have also been received from towns of the Beaver Valley. Hundreds from that neck-'o-the-woods may not wait for the chartered trains. The hotel in the Old Village is being ed to for rooms and table accommodations, showing that many investors will arrive Friday night.

To all such we desire to say that no lots have been or will be sold in the Orchard Plan, the grand central section, where the new City is to be built, until 9 o'clock on the morning of the sale. yers afraid of being crowded out during Saturday's great rush are purchasing the unsold lots in the Old Village and French Point.

All the corner lots on Merchant Street will be put up at auction soon as sale opens.

None of the lots will be ticketed. New relay bulletin and calling-out system will be employed instead, to assure everybody a fair and equal opportunity.

ORKS AT ECONOMY AND AMBRIDGE, WHERE 8,000 AND LIKELY 10,000 WORKMEN WILL BE EMPLOYED.



Read What's Going to Make Economy City Great:

That part of Economy City's bridge plant which has been but recently finished and put into operation would be three miles long and an eighth of a mile wide had it been built in the old days equipped for equal capacity, and yet, when the additions contracted for will have been completed, it will parallel the river front for nearly a mile, and represent what in the old days would have required a continuous chain of buildings stretching along for five miles.

The bridge works in their partially finished condition are employing nearly 2,000 workmen, disbursing more than $100,000 every two weeks in wages, calling hundreds more workmen to employment each month as additional capacity of equipment is finished, and when all the buildings under construction or arranged for are up and in operation will have on its payrolls not less than 7,000 men and likely 8,000, which fact in itself would give a city of 40,000 to 50,000 population, and a wage-disbursement of nearly half a million dollars every two weeks.

There are more than 800 draughtsmen and clerks employed in the American Bridge Company's offices alone, who, with their families, would of themselves, to say nothing of the armies of mechanics employed in the works, make a population of 4,000 to 5,000. You can imagine what will be the magnitude of an industry which in its infancy will keep such a regiment of draughtsmen busy. We have said that this monster works, which contains single pieces of machinery that cost more than the entire buildings of very many large factories, will employ 7,000 to 8,000 workmen. An ultra-conservative censorship has been put on our writings, or we would say its number of workmen will be easily 15,000. That is what we think the gentlemen who are back of this giant enterprise believe, but will not give out, because they want to be on the safe side and surprise rather than disappoint the public.

With the 7,000 to 8,000 workmen that the American Bridge Works will be sure to have employed, the 500 to 800 that the Pittsburgh Steel Construction Company will have employed in its present building and the two other immense structures that it will soon have under construction, together with the 3,500 to 4,000 workmen that will find work in the great steel barge-building industry contemplated; in the immense boiler works that may be brought into existence to meet the increasing demands of the United States Steel Corporation, which has steam going out of more boilers than there are houses in Pittsburgh; and in the metal tie and metal telegraph pole industry that is more than probable, a population of 71,000 may be considered a careful forecast. 71,000 is a conservative estimate. An optimist would forecast 100,000 population in the next fifteen years, and challenge your judgment if you were to doubt the wisdom of this prediction.

Terms will be 10 per cent down and 3 per cent monthly for balance, with no taxes nor interest until delivery of deed. 15 per cent discount will be allowed when all cash is paid within thirty days, and 10 per cent discount when a third is paid in cash and a purchase-money mortgage given for balance.

$65,000 will be spent at once as an initial outlay on the water works system for pumping machinery, pipe lines and reservoir capacity, and $45,000 will be expended to start laying the extensive complete sanitary sewerage system that has been devised. Merchant street, the business thoroughfare, will be paved its entire length of almost a mile at a cost of $53,000. Illuminating and natural gas will be delivered to the homes and business houses.

ECONOMY CITY WILL BE A PLACE OF EDUCATION AND REFINEMENT.

FINE PUBLIC SCHOOLS AND CHURCHES ARE UNDER WAY.

NEW YORK STOCK MARKET WAS DULL AND LISTLESS

The Public Doing Nothing and Professional Traders Gradually Dropping Out—More Gold for Export, but Money Is Easy.

By JOHN C. BAGLIN, Financial Editor.

The New York stock market yesterday remained dull and listless. The sales for the day fell below 130,000 shares, and during the last three hours of the session the transactions fell below 50,000 shares. It is estimated that the purchases and sales for foreign account did not exceed 5,000 shares. The fluctuations were so narrow that professional traders could not scalp a profit, and they are gradually dropping out of the market. The stock exchange will be closed tomorrow until Tuesday morning, and the triple holiday may have something to do with further restricting purely speculative operations. The public was doing nothing.

The only active stock during the early part of the day was Amalgamated Copper, the buying of which was said to be good, and the price advanced to 51¼. All the gain was subsequently lost and the stock closed at the lowest. U. S. Steel stocks were firm and the preferred closed at about the top, although the extreme fluctuation was only ½ per cent. There was no news relating to the trade to stimulate either buying or selling. The plan for the reorganization of U. S. Realty & Construction was announced, and there was some manipulation of the stock at the opening; but the more the plan was studied the less it seemed to strengthen the position of the stock, and the latter declined to and closed at the lowest price of the day. It is proposed to give the holders of Realty preferred $50 5 per cent bond and 42 ½ per cent stock of the new company for each $100 of preferred stock, and to holders of the common 15½ per cent of new stock in exchange for 100 per cent of common stock. Should the new 6 per cent bonds sell on a parity with U. S. Steel sinking fund 5s and the new stock sell at 50 per cent of par, the equivalent for the present Realty preferred would be about 60, and the stock closed at 60¼. The only active industrial, and the only one which retained a large part of its gain was American Smelting common and preferred.

Fluctuations in the railroad list were extremely narrow, and after a slight rally at the opening the market became stagnant. In the afternoon prices sagged from very dullness, and the close was at or near the lowest, but net changes were insignificant. The weakest of the railroad list was St. Louis and Southwestern, which lost a point and closed at the low.

In contrast with the apathy of the public toward the regular stock market was the demand for the new bond issues. The books for subscriptions to the $25,000,000 Cuban loan were promptly opened and closed at 10 o'clock, the loan having been oversubscribed several times in both New York and London. The public is apparently more solicitous regarding principal than the yield on the investment, and for months that loan is absolutely safe there is a good demand.

Sterling exchange was higher and the National City bank engaged all the gold bars which the New York assay office will be able to furnish for export on Saturday. The amount is estimated at between $500,000 and $1,000,000. There is a probability that the export movement will continue next week. Call loan rates remained easy and unchanged at 1¼ to 1¼ per cent, the final loan being at the latter figure. It was reported that five months' bonds secured by stock exchange collateral were made as low as 3 per cent. The only feature of the weekly statements issued by foreign banks was the gain of $28,760,000 gold reported by the Bank of France. The loans of the latter remained about stationary. The minimum rate of discount of the Bank of England remained at 3 per cent, and the net change in the bank's reserve was insignificant.

Grain and cotton markets closed firmer, but the advance seemed to be based more upon speculative conditions than upon crop conditions, the latter being reported favorable. There was not much change in the railroad earnings coming to hand during the day. For the month of April Atchison reported an increase in gross of $130,000 and a decrease in net of $54,000. Louisville & Nashville reported a decrease in gross for the third week in May of $66,000. The annual report of the Pacific Mail was the best on record, showing an increase in surplus of $240,000, but it had absolutely no effect upon the stock nor upon Union-Southern Pacific, which would benefit by the increase. Reports regarding the freight handlers' strike in the east were less alarming, but were likewise without effect upon market values.

On the Pittsburgh stock exchange trading fell off to 1,150 shares and a small lot of scrip. Prices averaged lower, Fire Proofing preferred showing the largest loss. There was nothing doing in Electric and only 10 shares Crucible preferred changed hands.

NOTES AND COMMENT.

The largest dealings in any local stock yesterday amounted to 300 shares Consolidated Ice at 6¼, which represented a slight advance. Of the hundreds of millions represented by the various iron and steel stocks less than 50 shares changed hands. There was nothing doing in Westinghouse Electric, and only 25 shares Airbrake changed hands. Fire Proofing preferred was the weakest, declining a dollar to 27 on sales of only 120 shares. There were no sales of bonds, and the list of quotations was smaller than usual.

The department for pig iron warrants on the local exchange was also entirely neglected yesterday. The tendency of prices has been downward, but if there is a general shut-down of merchant furnaces, and if the expected strikes in the southern coal fields occurs, it is possible that there will be such a restriction of output of metal as to cause an advance in prices by the time options fall due.

Members of the Pittsburgh stock exchange voted unanimously to adjourn from this evening to Tuesday morning. The only important market that will be open on Saturday will be the Chicago board of trade.

The governors of the New York stock exchange suspended a member for a period of five years, the extreme penalty for a violation of commission rules. No "scab" business is tolerated in that union of working financiers.

The net earnings of Wheeling & Lake Erie for April were $82,022, a decrease of $4,019.

The annual report of Pacific Mail for the year ending April 30 shows gross earnings of $5,601,766, an increase of $774,260; net earnings, $801,719, an increase of $238,616.

The regular 1¾ per cent quarterly dividend of Railway Springs preferred is payable June 20 to stock of record June 9.

The regular 1½ per cent dividend on International Paper preferred is payable July 1 to stock of record June 15.

City Treasurer Crocker of Boston has issued a call for bids for reising $5,500,000 bonds, being the usual quota of bonds to cover the financial requirements for the year 1904. The issue is larger than usual this year by reason of the requirements of the Boston Transit commission for the building of the Washington street tunnel. Last year the city issued $3,940,000 bonds at an income basis of 3.498 per cent. The $5,750,000 2½ per cent bonds to be sold by Boston next week is the largest issue ever made by the city.

Some eastern banking interests are talking bullish on the ground that prices have remained for months at about this level, indicating that strong interests have been accumulating stocks. Traders as a rule continue bearish.

Yesterday's receipts of Japanese gold at San Francisco amounted to $800,000, making $2,500,000 for the week.

A local traffic man says that about the only commodity that has not yet been affected by business depression is lumber. The movement of the latter has been surprisingly well maintained, while coal, coke and steel tonnage has continued to fall off.

The fact has been very much commented on that Western Union has held strong, in spite of the talk about the heavy decrease in the company's earnings, which will result from its loss of the poolroom business. It is estimated that the poolrooms in New York city alone pay the Western Union $1,500,000 a year for the racing service. The earnings of the Western Union are also likely to show some decrease as a result of the dullness in the stock market. A large number of brokerage houses, which operate exclusive wires, declare that they intend to renew their leases when they expire on June 1. The Western Union draws a very large revenue from this service. The strength of Western Union in the face of these unfavorable developments is attributed to the fact that the stock is widely held by investors, who have been drawing regular dividends for such a long period of years that they are willing to suffer holding it and take the chances of the future. There have been no sales of the stock for two days.

That the apathy in the stock market is not for lack of resources is strikingly demonstrated by the free outflow of capital in response to the offer of Cuban bonds which were largely oversubscribed both in New York and in other markets where they were offered. The demand for the recent Russian and Japanese loan offerings as well as for New York city's $37,000,000 bond offering was proof in the same direction. The case in this market is notable. In view of New York's small disposition heretofore to embark in government securities. The only time heretofore when New York has shown any taste for foreign loans was on that time, three or four years ago, when the value of our export trade and of the balance of trade in our favor suddenly expanded to such unwieldly proportions as to offer embarrassment for foreign money market in meeting the sudden heavy demands upon them, with the Boer war and the cutting off of the Transvaal gold supply coming at the same time to aggravate the situation. The foreign government loans then taken here, however, found their way back to home markets in very short order. Now these participations are met by heavy gold exports and are coincident with other special demands upon the supply of foreign exchange.

Yesterday's statement of the Bank of France affords striking evidence of the growing accumulation of capital reserves. That bank's gold holdings have risen with this week's increase of $28,760,000 to $546,880,000, which is far beyond anything in the previous history of the bank. Besides the immediate flotation of the Russian loan it is evident that Paris with its enormous holdings of Russian securities, feels constrained to prepare for possible eventualities in the course of the war. This filling of French bank coffers to repletion continues without effect on the New York money market.

FEATURES OF THE DAY.

IN PITTSBURGH.

Bank exchanges were $6,320,333, a decrease of $1,966,000.

Business almost stagnant on the stock exchange and prices barely steady.

Pittsburgh Coal common sold at 15 and the preferred declined to 55.

Less than 50 shares of all the various steel issues changed hands.

Westinghouse Electric closed at 78½ bid, without sale all day.

Fire Proofing common rallied to 7⅝ and the preferred declined to 27.

IN WALL STREET.

Stock exchange sales foot up only 129,800 shares stock and $1,025,000 bonds.

Fluctuations were narrow, but prices closed near the lowest.

Amalgamated Copper rallied to 51¼, but reacted to 50½.

United States Steel preferred and Smelting among the firmest industrials.

Sterling advanced and $1,000,000 more gold taken for export.

Rates for call and time loans remained easy and unchanged.

NEWS FROM THE MINES.

At Cripple Creek the old Victor mine, that paid over a million in dividends, is steamed up again and D. H. Moffat intends to thoroughly exploit the various levels with a view of determining whether or not future operations will pay. On the Gold Knob extensive operations are being planned, and a level is now being extended to exploit virgin territory. This is the first work on the property since Moffat suspended operations three years ago.

The Cripple Creek and Colorado is on the shipping list, the result of work on the part of lessees. The cyanide mill on the Wild Horse will mean a further increase in the monthly output of the camp.

Stratton's Independence mine is outputting about 200 tons a day of ore which averages between $17 and $24. There has been no reduction in the working force, which still consists of about 400 men.

At the Portland a very heavy output continues. Between 330 and 400 tons daily is raised, and men are employed.

A. G. Hubbard of Redlands, Cal., confirms the report that he has sold the famous old Bonanza mines at Harqua Hala, Ariz. He has no direct information concerning the identity of the new owners, as the deal has been accomplished with an agent. The mine is equipped with a good 40-stamp mill and with a cyanide plant of 150 tons daily capacity. An abundance of water is now piped to the mines from Harrisburg, six miles distant. The mine has been worked to the depth of 500 feet.

The Bowerman Independent mine has passed from the control of A. E. Reynolds and associates to the J. C. Bowerman Mining, Milling and Developing Company. The Independent group and the Gold Belt group, the latter lying near the Raymond mine, are now owned by this company, and all operations will be conducted in the future under the supervision of J. C. Bowerman, the president of the new company.

The New Century Zinc and Lead Mining Company directors have declared the regular monthly dividend of 1 per cent, payable June 1.

The ore that the Gilmore & Hamilton company is taking from a vein upon one of its own properties cut by the tunnel at a point over two miles from the entrance and 1,800 feet below the surface, runs in car lots $150 a ton, while the last clean-up streak shows assay values of over $400 a ton, says the Idaho Springs Gazette. In the product from the tunnel, as from the district generally, the shipment of high grade ore has become of secondary importance, yet such returns as the above from ores mined at the great depths attained by the tunnels are noted with interest by mining men, little by little finally and unostentatiously the question of the continuity of high values in our ores.

The Metal Market.

NEW YORK, May 26.—Tin was somewhat irregular in London, but showed rather a better undertone on the whole and closed 2s 6d higher on futures at £123 15s, while spot was 1s 6d higher at £124 10s. Locally the market continued quiet, but offerings were smaller and the market a shade higher, closing at $27 65@28 00. Copper advanced 2s 9d to £56 11s 3d for spot in London and was 1s 3d higher at £56 11s 3d for futures. Locally copper remained quiet. Lake Superior is quoted at $13 00@13 12½; electrolytic at $12 75@13 00, and casting at $12 50@12 75. Lead declined 1s 3d to £11 12s 6d in London. Locally, the market was steady at $4 45@4 50. Spelter closed unchanged at £22 in the London market and at $5 00@5 10 in New York. Iron closed at 51s 9d in Glasgow and at 45s 6d in Middlesboro. Locally, iron was easier. Warrants are nominal at $0 75. No. 1 foundry northern is quoted at $14 75@15 25; No. 2 foundry northern at $14 25@14 75; No. 1 foundry and No. 1 foundry southern, soft, at $13 50@13 75.

ECONOMY HOTEL WILL COST $50,000

J. Willard Connell Will Buy Site at Auction and Build Fine Hostelry.

A BLOCK FOR FIFTH AVENUE

Plans have been prepared by Architect W. A. Thomas for a $50,000 hotel to be built by J. Willard Connell at Economy. The building, as designed, will be three stories high and 60x100 feet. It will have a pressed brick and granite front and be fireproof throughout. Tile baths, hard wood finish, elevators, a steam heating plant and gas and electric lights will make the hostelry first-class in every way. The interesting point in connection with the project is that the site is not yet purchased, although two different lots have been considered. One of these will probably be bought at the auction sale of corners on Merchant and Fifth avenue tomorrow morning. There are only eight corners in the Orchard allotment which is to be marketed, and with propitious weather the bidding promises to be spirited, as the profits realized by Ambridge lot buyers on their last year's purchases and the certainty of immense industries to provide a thrifty population for Economy make the business sites very desirable. Work on the hotel will be started early in June and will be completed by October 1.

Site for Business Block.

It develops that Morris Baer of Kaufmann Brothers was the buyer of the Frederick G. Stieren property at the northeast corner of Fifth avenue and Vine street, which was sold through the Arnheim Realty Company a few weeks ago for $57,500. The lot measures 30x90 feet, and is now improved with four brick buildings, two in front and two in the rear. The leases on these expire next April, when Mr. Baer proposes to build a four story business block to cover the entire lot. By the recent sale Mr. Stieren nets over $7,000, he having bought the property two years ago for $30,000.

Frances E. McGilick, the builder and contractor, has bought from the Guarantee Building and Loan association of Pennsylvania, 110x120 feet at the northeast corner of Hampton and Euclid streets, Nineteenth ward, for $19,-208. Two fine residences about half completed occupy the lot.

Frank C. Hodkinson has sold to Harry E. Shirk, 54x190 feet in the south side of Lincoln avenue, Twenty-first ward, for $16,000. The lot is improved with a three-story brick apartment house. Mr. Hodkinson got the property in a deal for the Herman building in Fourth avenue.

Will Be a Novelty.

Residents of the Beum Grove district are agitated not a little over the building which is being started at the northwest corner of Center avenue and Graham streets. The owner is George Hershey and the building, for which the foundations are being laid, will be a three-story brick designed in stores and flats. Mr. Hershey secured the site, 50x120 feet, for $250 a front foot, and is not limited by building restrictions as that the proposed building will come out to the sidewalk. The neighborhood is a high-class one for residence purposes, and hitherto the building sites have been guarded very carefully.

C. G. Pate disposed of his house at 6014 Walnut street between South Highland avenue and Emerson street, Twentieth ward, for $12,-000. The residence is a 12-room buff brick lately remodeled and set on a lot 50x100 feet. The buyer, whose name is withheld, bought for a home.

Mrs. Claudine V. Trees proves to have been the buyer of the Coulter Glenn residence on West Railroad street, Oakmont, the sale of which was noted in The Gazette yesterday. The property was sold through George Brothers for $14,000 and will be occupied by the purchaser as a home.

Weather Stimulates Building.

No better evidence that the good weather of the past few days is having a decidedly beneficial effect on building is to be found in the permits authorized. Yesterday buildings estimated to cost over $80,000 were authorized in the two cities, Pittsburgh's total being $78,-700. It is to be noted that practically all the operations authorized nowadays are small, most of them being residences and flats, but the increasing activity is stimulating trade in many lines and furnishing employment for the building crafts. Following were the permits issued yesterday:

Denny estate, eight brick dwellings, Webster and Townsend streets, Eighth ward, to cost $18,000; Samuel Kline, brick dwelling, Jackson and Farragut streets, Nineteenth ward, to cost $8,000; Pittsburgh Valve, Foundry and Construction Company, two pattern storehouses, Twenty-sixth and Allegheny Valley railroad, Twelfth ward, to cost $13,200; Katherine Anderson, brick dwelling, Herron avenue, Thirteenth ward, to cost $4,400; Frank Lorenzo, frame shelter house, Highland park, near zoo, to cost $5,000; J. A. Anderson, brick dwelling, Wandless street, Thirteenth ward, to cost $1,700, and Frank Haberstock, frame dwelling, Lang avenue, Twenty-first ward, to cost $1,450.

In Allegheny these projects were authorized: Two-story brick addition to the engine room for D. Lutz Brewing Company, Spring Garden avenue; frame addition to dwelling, 1448 East Ohio street, for T. L. Hanny, to cost $1,000; two-story brick addition to store, East Diamond street, for Mrs. Mary Patterson, to cost $5,000; three-story frame apartment dwelling at 4011 Duquesne avenue for R. S. Wright, to cost $7,500.

H. M. Berman, manager of the real estate department of the Merchants Savings and Trust company, bought a lot in Shore and flats, 50 feet by 90 in Fifth avenue, near Pride street, adjoining his two properties now of 40 feet. This gives Mr. Pearlstein a frontage now of 90 feet on Fifth avenue. The improvement is a three-story brick building with storeroom and dwelling. The price paid was $22,500.

It appears that the sale of the John A. Moore residence, Maple avenue, Edgewood, reported in last Sunday's issue, was for a smaller plot only 100x200 feet instead of 150x200 feet, balance of the plot, 200 feet front, will likely be taken by the same purchaser, an official of the Carnegie Steel Company.

Many Houses Change Owners.

Charged With Adulterating Milk.

Meat and Milk Inspector Adler entered suit yesterday against F. L. Seabright of Hueston station before Alderman Groetzinger, charging him with supplying local dealers with milk that contains formaldehyde. Inspector Adler intends to make this a test case, as there are a number of shippers supplying dealers with milk that contains preservaline. C. W. Maderer, 104 Bedford avenue, made a complaint about Seabright.

NEW WATERMELON CROP NOW ON THE MARKET

Produce Looks Better—Berries Are Slow—Hay and Oats Are Much Easier.

Produce trade showed some improvement yesterday. Cabbage, beans, peas, tomatoes and potatoes were in fair demand and all kinds of new stock seemed to be wanted more than earlier in the week. The same was true of fruit. A new crop of watermelons has arrived from Florida and although in limited supply are of extraordinary good quality for so early in the season. They are selling at 50c and 60c a melon. Reports from different sections of the south are favorable for a good crop of all kinds of melons and arrivals will be heavier here in a few days. North Carolina strawberries had the call yesterday and sold as high as $4.00 a crate. Only one car of the North Carolina stock arrived, however, yesterday. Maryland's were in good request and the Tennessee stock was in very limited supply, not a single car having arrived. The potato situation is still very firm; Bermudas are the cheapest now. They sold yesterday as low as $4 50. Apples are weaker and $3 00 is top for the best stock. One dealer reports heavy arrivals of new California cherries for tomorrow.

Demand for sugars keeps up and notwithstanding the advance yesterday local prices are low compared with the prices of refiners. Flour is slow at present and in some cases, according to reports, concessions are being made in order to close sales. Butter is not too firm at present. Trade is fair, but prices are low. Hot weather has affected the demand on eggs and the market is inactive compared with two weeks ago. Losses from candling are now said to be very heavy. Poultry business looked good yesterday and dealers reported favorably. The local hay market has undergone quite a change. Buyers are scarce and No. 1 timothy that was bringing about $18 00 one week ago is now doing little better than $16 50, though one sale was reported yesterday at $16 75. The market is generally regarded as sick. Reductions have been made in quotations for both No. 1 and No. 2 timothy; oats are quoted lower, also. No. 3 brought 45½c yesterday. No. 2 is going about 47c. Bran is firm at steady high, one split car of bran and middlings having been sold yesterday above $24 00. Rye is quiet and the market is weak.

Some Improvement Shown in the Lower Southwest

The lower southwest fields show some improvement in the average size of the wells that are now coming in and should show an increase in new production at the close of the month.

In the Littleton district, Wetzel county, W. Va., the Hope Natural Gas Company has drilled its test on the Enoch Anderson farm into the Gordon and has a show for a producer, good for 100 barrels a day or better. In the same district, the Philadelphia Company has drilled in its second test on the J. K. Anderson farm and has a show for a 5-barrel producer in the Gordon. This is about 2,000 feet south of the South Penn Oil Company's good producer on the E. Whitiatch farm, which is still holding up at better than 100 barrels a day and is more than two months old. On Camp run, the South Penn has drilled in its No. 4 on the S. H. Shriver farm and the well produced 22 barrels the first 24 hours. South of Mannington, Marion county, the same company has completed its No. 3 on the W. W. Perish farm and has a show for a light pumper in the Gordon. On the east side of the Folsom district, Harrison county, the South Penn has two good producers in the deep sand, on the Pritchard-Dye farm. At 40 feet in the sand No. 1 got the pay and produced 100 barrels the first 24 hours. In the same district the South Penn has drilled its test on the L. L. Stewart farm and has a show for a gas and has a duster. A little oil was encountered but not sufficient to make a paying producer. The same company has drilled its second test on the John Stout farm 60 feet into the strav and has dropped no oil. It is still drilling. The test on the D. S. Cunningham farm and the test on the L. D. Herbert farm have each been drilled 15 feet into the strav and have encountered a strong gas pressure. Both will be drilled deeper. On Indian Fork, Gilmer county, the South Penn has drilled its No. 3 on the W. P. Cole farm through the fifth sand and the hole has filled up 1,500 feet with fluid. It will be given a shot.

Down in Calhoun county, in the Yellow Creek development, the Townsell Oil Company has completed its No. 7 on the A. C. Fisher farm and has a good producer in the Berea grit, good for 100 barrels a day or better, and has not been shot. This test is southwest and in advance of developments. In the same district the South Penn's No. 3 on the Camden-Sommers farm and the Crystal Oil & Gas Company's No. 1 on the S. I. Sillman farm are producing 150 barrels each. In the shallow sand territory, Wood county, George Uhl & Co. have drilled their test on the D. Uhl farm into the Gordon and have a show for a duster. In the same district, M. L. Lockwood & Co. have drilled their No. 19 on the A. N. Pugh farm through the Big Injun and found no oil. The test is now drilling in the Berea grit. In the Pine Grove district, Wetzel county, the Hope Natural Gas Company has drilled its test on the J. B. Chamberlain farm into the Gordon and has a light gasser. In Calhoun county, the Carter Oil Company has drilled its No. 6 on the Rebecca Curry farm through the Berea grit and has a show for a 20-barrel pumper.

Northwest of Woodsfield, Monroe county, O., the Southern Oil Company ran the tools in its No. 3 on the Henry Dillon farm in producing 90 barrels a day and is the only well in the district that has a production of 50 or more barrels a day. The Ohio Fuel Supply Oil Company has drilled its No. 7 on the Ollie Hartshorn farm through the Big Lime and has a show for a 10-barrel pumper.

In the Wolf Creek district, Washington county, the Producers Producing Company has drilled its No. 4 on the J. B. Breckenridge farm through the sand and has a show for a 6 or 8-barrel pumper. In the Adams pool, Harrison county, the Clear Fork Oil Company has completed its test on the Samuel Adams farm and has a very light pumper. This location is 800 feet northeast of the test on the Davis Welch farm.

At Economy, P. M. Shannon has drilled in his No. 61 on the big Economy tract and has a show for a 20-barrel producer. The pay was tapped at 10 feet in the 100-foot sand as soon as the well began to show oil drilling was suspended to move back the boiler. It will be drilled deeper and may be improved. Near Greggs station, in Allegheny county, the Midland division of the South Penn has completed its No. 6 on the John McMurry farm and has a duster.

MANY ROADS SUFFERING FROM CONGESTION OF COAL

Should traffic on the great lakes open by June 1 it is estimated that the tonnage of the Pittsburgh Terminal Railroad and Coal Company for the fiscal year beginning with that month will reach 4,000,000 tons. Awaiting a settlement of the labor dispute between the vessel owners and masters and pilots, the Pittsburgh Terminal road now has loaded ready for shipment 3,000 cars of coal. As the yard capacity of the company is very limited, it is apparent that every sidetrack is being utilized for the storage of cars. Of the nine mines of the company, which have a daily capacity of 14,000 tons, all are being operated, but not to their full capacity.

The same condition applies to all of the Pittsburgh lines except, of course, the coal is help up in the yards between here and the lake ports. It is expected that when the lake season does open the railroads will be taxed to their uttermost to move the heavy tonnage.

Pennsy Men to Hold Runs.

With the present summer change of schedule, which will take effect on Sunday, the conductors, brakemen and baggagemasters of the Pennsylvania railroad, Pittsburgh division, will not have the opportunity of changing runs at every new schedule. This has been the custom on the Pittsburgh division for years. The men, of course, select their runs according to seniority. Hereafter the passenger men will hold their runs until assigned to another. New runs may only be secured by applying for a vacancy. When a vacancy occurs, the fact will be advertised and applications will be made for the run.

The next change of schedule is unimportant except for a number of local trains. The most significant addition is that of the interurban trains from the Pennsylvania to Ft. Wayne. There will be three trains a day each way.

Derry Y. M. C. A. Anniversary.

The twenty-fourth anniversary of the Pennsylvania railroad Y. M. C. A. at Derry, Pa., will be observed Sunday afternoon, June 5. The exercises will be held in the engine house at that place and will be attended by a number of prominent officials. Among those who are expected to deliver addresses are Robert Pitcairn, resident assistant to President Cassatt; W. W. Atterbury, general manager; S. C. Long, superintendent Pittsburgh division; Dr. H. J. Knox, Greensburg; John F. Moore, international railroad secretary, New York, and E. B. Buckalew, Harrisburg. An association meeting will be held in the evening, when addresses will be made by Secretary Moore and the Rev. M. H. Lechliter of Verona.

Schoyer Not Here to Deny.

The report that A. M. Schoyer, general superintendent of the Northwest system of the Pennsylvania lines west, is to take service with the Rock Island, has again cropped out. At the offices of this official it was said yesterday that he is now away from California and may be at his desk Monday. It has been some time since rumor has touched upon R. E. McCarty, superintendent of the Panhandle, but this time the report has him succeeding Mr. Schoyer.

C. & P. Adding Parlor Cars.

Increased traffic on the Cleveland trains of the Pennsylvania lines has compelled the passenger department to announce the addition of parlor cars to trains 216 and 219. Beginning Sunday, trains 216 and 219 on the Erie & Pittsburgh railroad will stop on flag at Swanville, Pa.

Railroad Notes.

The Railway club of Pittsburgh will hold a meeting tonight at the Hotel Henry.

C. A. Cellar, superintendent of telegraph of the lines west, has been called to his home in Frostburg, O., on account of the death of his father.

The Drygoods Market.

NEW YORK, May 26.—The demand throughout the entire drygoods market has been of a moderate character and little has been done in the way of future deliveries. Spot goods have shown a slight improvement owing to the warm weather, but outside of this and the interest taken in certain auction sales, little has transpired in the way of new developments.

DEATH MAKES FLURRY IN CHICAGO GRAIN MARKET

Traders in Suspense Regarding Supposed Open Trades of John W. Kauffman.

[By Associated Press to The Gazette.]

CHICAGO, May 26.—Nervous suspense characterized wheat trading today as a result of uncertainty concerning what might be done regarding supposed open trades of John W. Kauffman, suddenly deceased. In consequence business was restricted in volume and price changes were narrow, July wheat closing at a gain of ½c. Corn is also up ¼c. Oats show an advance of ⅝c and provisions 10@20c.

For a brief period at the start the wheat market exhibited a firm undertone, opening sales of July being up ⅛@⅜c, at 86⅛@86⅜c. The question of the amount of Kauffman's short interest in July wheat exercised at first considerable bullish influence, offsetting temporarily the increase of northwest receipts and continued favorable weather. As a result May was strong and for a time deferred prices reflected part of the strength. Steady cables also tended to support prices.

As the session advanced speculative trading was affected by signs of weakness in cash markets throughout the country. Primary receipts were much larger and a crop report issued at Cincinnati was quite bearish. Trading in general was rather light and during the latter part of the day prices fluctuated erratically within a narrow range. The market closed firm with July at 86¼c, after the price had touched 86½c. May ranged between 85⅛c and 97c, closing at 96⅛c. Clearances of wheat and flour were equal to 106,000 bushels. Primary receipts were 544,800 bushels, compared with 822,200 bushels a year ago. Minneapolis, Duluth and Chicago reported receipts of 182 cars, against 56 cars last week and 166 cars a year ago.

The unsettled weather and conflicting claims as to the probable movement in the near future made

CONFER BEFORE FIXING THE PRICE

Thomas So Admitted in Coal Inquiry of Interstate Commerce Commission.

WILL BE NO REDUCTION

THE PITTSBURGH GAZETTE BUREAU, Herald Building, Herald Square. NEW YORK, May 26.

E. B. Thomas, president of the Lehigh Valley Railroad and Coal Companies, was a witness today before the interstate commerce commission in its inquiry into the alleged coal combination in violation of the Sherman law. He was questioned by Lawyer Clarence J. Shearn. He replied to several questions which the supreme court had directed him to answer. He said that he fixes the price of coal of the Lehigh Valley Coal Company that is sold at tidewater. Mr. Thomas said that he conferred with President Baer of the Reading and other railroad officials before issuing the circular of prices to prevail beginning April 1, but denied that any agreement was made regarding prices. "I made no concealment of what I was going to do," he said, "nor did they conceal anything."

"Would you raise the Lehigh Valley's price if you thought you could get the increase?" he was asked.

"Yes, sir; I would."

"Do you think you could maintain an advance price if your competitors did not follow suit?"

"No, sir, I do not."

He said he believed in competition, but not "reckless" competition. In reply to questions by Commissioner Prouty, Mr. Thomas said it would be impossible arbitrarily to fix the price of coal.

"What determines the price, if the railroads do not fix it?" Commissioner Prouty asked.

"The willingness of the public to pay the price and the ability of the railroads to produce it at that price."

President Thomas said there could be no reduction from present prices because of "commercial conditions," and when Commissioner Prouty asked him to define these conditions, he said that interference of politicians caused the big strike; the arbitration commission imposed obligations upon the producing interests, the mines were growing deeper and more expensive to operate and maintain, and all grades of labor were at higher wages. These were but a few of the conditions.

To Commissioner Clements, Mr. Thomas said there had been no change by any railroad from the circular prices because the conditions of trade had not warranted it. He said that reduction in tidewater prices would mean a reduction in miners' wages, according to the terms of the decision of the arbitration commission.

George F. Lee, president and general manager of the George F. Lee Coal Company, of Wilkesbarre, an independent operating company which has a coal purchase contract with the Delaware, Lackawanna & Western, said an abrogation of the coal purchase contracts would ruin the independent operators because they would not be able to compete with the railroad coal prices. The miner would be unfavorably affected by reduction in wages along with the reduction in prices, as provided by the arbitration commission. This company had entered into the contract because it was thought the conditions of operation would be more advantageous, and that was found to be correct.

"Since the arbitration decision, the cost of producing coal had increased 17 per cent on a $5-sales basis," the witness declared.

To Commissioner Fifer Mr. Lee said if the coal purchase contracts were cancelled and if the operators could get cars and get them taken to market, the operators might compete with the railroads. He thought, however, that in such a contingency the operators would try to agree on prices and regulate competition. The laborer and small producer would suffer and the large operators "who could add on a little more stock," would survive.

ALEXANDER DODDS.

STATE BANK DEPOSITORS MAY FORM COAL COMPANY

Plans for the formation of a company to be incorporated under Pennsylvania laws to take over the coal lands of the defunct State bank, Lawrenceville, will be laid before a meeting of the depositors of the bank this evening at the Woolsair school, Fortieth street and Liberty avenue.

The bank had the deeds for about 1,800 acres of coal and it had options on about 2,400 acres more, all lying along the Wabash railroad in Washington county. For this some $80,000 had been paid and there are now some overdue payments, which the depositors will be shown how to meet.

Each depositor will be asked to permit the receiver of the bank, John E. Steel, to apply 25 per cent of their deposits to the purchase of the capital stock of the company, which is to be formed to take over the coal lands from the bank. The 25 per cent will then represent stock in that company, owned by the depositors.

It is claimed that in this way the troubles over the coal lands will be settled definitely and the urgent demands met. It will require some waiting, but the coal is admittedly very valuable and as soon as industrial matters brighten its sale will be possible or its mining profitable, it is claimed.

The situation in the work of clearing up the bank's accounts is up to the point now where the coal matter must be settled, it is said, and it will require some money to do this. No other plan has been suggested yet that is claimed to give the depositors so much security for their money as this one.

ROTHSCHILD WEEPS AFTER SIGNING AWAY FREEDOM

NEW YORK, May 26.—(Special.)—David Rothschild, the convicted wrecker of the Federal bank, sentenced to nine years in Sing Sing at hard labor, gave up all chance of freedom this morning when he signed at the district attorney's office a paper withdrawing all appeals. For the first time since his arrest he wept while being led back to his cell. The prisoner will remain in the Tombs for several days to straighten out his business affairs, and then be taken to Sing Sing.

WORLD'S DISPENSARY MEDICAL ASSOCIATION, Proprietors, Buffalo, N. Y.

THE REASON.—There is no medicine equal to Doctor Pierce's Golden Medical Discovery, for purifying the blood. It carries off the poisons which contaminate the life fluid. It increases the activity of the blood-making glands and gives the body an increased supply of pure, body-building blood. It builds up the body with sound, healthy flesh instead of flabby fat, promotes the appetite, feeds the nerves, and so gives to weak nervous people vitality and vigor.

"This is to certify that I have used Dr. Pierce's Golden Medical Discovery and think it's the grandest medicine in the world," writes Mrs. M. Young, of Weir, West Va. "I took down sick six months ago and called in our physician and he gave me medicine but I grew worse. He said I had dyspepsia in its worst form. I decided to try your medicine and began to improve. I used five bottles, two of the 'Golden Medical Discovery' and three of 'Favorite Prescription,' and now I am doing my own housework. A number of my lady friends also are using Dr. Pierce's medicine and they recommend it highly. May God bless and prosper you in your grand work."
